

Correspondents' Department

Continued.

To Our Correspondents.

The Presidential campaign now is over and the average reader is tired of political discussions. For the past year that has been the all-absorbing topic, and we naturally relish a change of program.

Owing to limited amount of space, of late and during the campaign, we have not kept the correspondence department of the Centre Democrat as well filled as is customary. At this time we make a special appeal to all our correspondents over Centre county, to try and supply us regularly each week with an interesting letter giving the important happenings of the community. In this way your friends in all parts of the country, and in distant states, keep in touch with the folks at home. Every community should be represented in the columns of the paper, and we will cheerfully print the news if you will simply send it to us. If you should happen to be in need of supplies for this purpose do not hesitate to inform us of your needs.

If there is anything that will interfere with you supplying the news in this manner, would you kindly try and interest some one in the community to do this for you people.

To those of our correspondents who have so regularly served us we wish to express our appreciation, and would urge others to do likewise, for their efforts are highly appreciated by the many thousand readers of the paper.

ZION.

If Monday morning was a forecast of winter, then it is near at hand. The ground is frozen solid, but the sun came out and by noon it had all passed away.

Much corn remains yet in shock, but everybody is getting a hustle on.

Rev. Alkens, of Selingsgrove, will fill the pulpit in the Lutheran church here on next Sunday afternoon, at which time the holy communion will be celebrated.

Samuel Homan, an aged citizen of near this place, while attending services on Sunday afternoon, had a stroke and fell to the floor. He was assisted to a chair and remained in church during the services. After the services he was taken to his place of residence by Harry Rokey in a carriage. At this writing his condition is not encouraging.

Roy Garbrick's infant daughter has been very sick for some time. Lavina Shaffer is not improving any. Dr. Fisher and mother Lesh are not convalescing.

We leave the balance of the paper for election returns.

MOSHANNON.

The boys carried out some great capers on Halloween.

The penitentiary teams are doing quite a bit of hauling through our town, bringing lumber across the mountain. Ed Mullinger shot a pheasant with a revolver last Saturday. Some one caught a rabbit alive at White Rock on Monday, and when work stopped, while they repaired an engine, they left Mr. Bunny loose, and the men exercised themselves chasing him. When they caught him they put him in a box and kept him for a future chase.

PORT MATILDA.

Hurrah! winter has come at last, and the boys and girls have made it welcome thinking they will soon get a sled ride. We can say that our boys did behave fine on Halloween evening—something unusual. Boys, try it again!

The Baptist people of this place are holding a chicken and waffle supper in Reese's hall on Saturday evening, Nov. 9th. I everybody is invited to come and get a good, square supper. There will be ice cream and cake for sale.

AN ENORMOUS ORCHARD.

Near Loganton Has a Large Crop This Year.

It is certainly worth while to any lover of nature and admirer of beautiful scenery to make a visit to the new Florida fruit farm now owned and managed by Harry Hockman. This farm is situated 14 miles from Lock Haven. It is 1,800 feet above Lock Haven and 200 feet above Loganton. At this altitude is located the largest apple orchard in the state. In fact few people of Clinton county seem to know anything about this fruit farm. The farm comprises 215 acres, of which 190 acres are cleared, of which 90 acres comprises the orchard.

This year as everyone knows the apple crop is very poor, yet on this farm there are 4,000 bushels of fine apples and this is not more than half the usual crop. On account of the altitude the apples are more highly colored. These apples consist of most all varieties including Northern Spies, Baldwins, Ladies Blush, Smoke House, Seek-No-Further, Pippins, Rambos, etc.

When we entered the orchard the first thing that attracted our attention was 40 barrels of cider that was being converted into vinegar.

On last Saturday Mr. Hockman sold 400 bushels of apples to a Philadelphia commission merchant. Besides this enormous orchard Mr. Hockman has seven acres in potatoes from which he has received a most bountiful crop. Seventeen acres were planted in corn and 20 acres in rye.

Another means of wealth on this farm are the numerous sugar maple trees from which they expect to manufacture maple syrup and maple sugar when the "sap" flows in the spring.

Mr. Hockman and wife planned and have erected a cosy and comfortable bungalow which is situated right at the entrance of this immense orchard. As we stood and gazed at the piles upon piles of rosy-cheeked apples we could not help but wonder what the sight must be when all these beautiful trees are in full blossom in May.

Barn Burned at Hannah.

Monday morning D. O. Downing, of Hannah, was in town and reported the complete destruction of his barn known as No. 2, on the farm tenanted by Robert Reese. The conflagration took place on Saturday evening near 7 o'clock, and is supposed to have started on the barn floor, and was first seen by the farmer. They succeeded in getting all the live stock out, as well as nearly all the implements. About 20 tons of hay and some other feed and harness were destroyed. The building and contents were insured with Rankin, and Tuten's, agencies here in Bellefonte, each carrying \$500. The loss will be about \$1500. The origin of the fire is unknown, and as no one had been in the barn late that evening, it is surmised that it was the work of an incendiary. Some think that chicken thieves might have been in the barn on the floor when the fire started, as the chickens roosted there at night.

Fye—Holt.

Edward C. Fye and Miss Lulu Holt, both of Moshannon, were joined in the bonds of wedlock, on Sunday, October 27th, by Justice of the Peace T. D. Weaver, at the residence of the bride's parents, Mr. and Mrs. Wm. Holt. The groom is a son of H. H. Fye, who resides in the vicinity of Germania. The bride and groom are both popular young people of the social circles of the community, and have the best wishes of their numerous friends for a happy wedded life.—Times.

Your Lungs and Throat.

The preparation mentioned by the Rev. Chas. Sager has been for over sixty years of inestimable worth to sufferers from consumption, asthma, bronchitis, catarrh, grippe, coughs, colds and all lung and throat diseases, and is a household remedy in many, many homes to which it has brought health and happiness.

Ms. C. A. ABBOTT, August 23, 1905, 60 Ann St., New York City.

Dear Sir: I have known for over 40 years of the effects of Wilson's Remedy (Wilson's Preparation of Hypophosphites and Biotin) in cases of pulmonary troubles. At this point I will say to you what you have not before known of; that 4 years since, while I was a resident of N. Y. City, I was severely ill with lung trouble. Physicians said I was a consumptive and my family physician said that he thought I could not recover. My attention was directed to the Wilson Remedy, which I used with splendid effect. I have been on my feet and at work ever since my cure. Yours truly,

REV. CHAS. SAGER, Pastor M. E. Church, Hunter, (Greene Co.), N. Y.

The above letter shows what a great boon the Wilson Remedy was to Mr. Sager, but it is but one of thousands received testifying to the curative powers of this wonderful remedy.

Write at once to Mr. Abbott at the above address and he will furnish you convincing proof of the great worth to humanity of this preparation.

Has 6 Babies in 13 Months. Six children in a little more than thirteen months is the remarkable record of Mrs. Stephen Nageotte, of Frenchtown, Crawford county. She has borne fifteen children in twelve years and thirteen of them are living. On Sept. 10, 1911, she gave birth to triplets, two girls and a boy, and on Wednesday three sturdy boys arrived, just thirteen months and twenty days after the other trio. The mother, an American, was the belle of an old French settlement before her marriage to Nageotte, himself a French descendant.

Diphtheria at Lewistown. Miss Jane Cross, the music teacher of the 1,500 children in the public schools at Lewistown, was stricken with diphtheria last week. In order to cope with a threatened epidemic of the disease the board of health ordered all schools, places of public amusements, churches and Sunday schools closed. All entertainments and gatherings have been postponed.

There was one death Friday from the disease making a total of three during the past week. More than a score of houses are under quarantine.

The average girl of 18 seems to think that she has a terrible time to keep all the young men from falling in love with her.
