JULIAN.
Miss Nannie Davis, of Altoona, is spending a few days with her grandmother—Mrs. I. F. Davis.

Jerome Boyer, of Altoona, spent Sunday with his brother and sister at this place. We are pleased to see Mr. Boyer looking so well.

While Mr. M. C. Murphy and wife were returning from church on Friday night their horse took fright and ran away, throwing them both to the ground. Mr. Murphy had two ribs broken and other bruises while his wife was badly cut and her shoulder out of place. They were immediately picked up and removed to the home of E. E. Beals. Dr. Irvin was at once sent for and dressed their wounds. They will both be laid up for some weeks to come.

Miss Minnie Gill, who has been in the Bellefonte hospital for some time, suffering with typhoid fever, has returned home.

A Baltimore police court judge has arranged mirrors around his court room so that drunks will have to see themselves as others see them. Think that would work pretty well in this town. May be there would not be so much bad whiskey drunk.

There will be preaching in the U. B. church next Sunday evening at 7:30 p. m. by the pastor, Rev. Johnston. All are welcome.

Generally the ministers and a few church people get together to remedy existing evils, but down at Newark, N. J., 2,500 citizens have pledged themselves to free that city of vice. They have gone at it in a business-like manner. They have employed lawyers, detectives and ministers of all kinds. They propose to supply evidence for the Grand Jury and the courts and let the law do the rest. They are not afraid of making some one cross or getting some one down on them. They have already succeeded in securing several indictments which has resulted in driving many vicious people out of the city. They are pulling together and that is what the people in every other city and small town must do if they would establish respect for law and higher standards of morals.

Mr. I. F. Davis has returned to the soldiers' home in Erie, Pa., where he expects to spend the winter.

We were very sorry to note in the last issue of this paper that our regular correspondent, Mr. Vincent Harrison, on account of poor health had to lay up the pen and pencil for the winter. Doctors Use This for Eczema
Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema, and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.
In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a \$1 bottle on our guarantee that it will cost you nothing unless you find that it does the work.

Life Stories You See
every day and everywhere should teach a lesson to those who are wise enough to profit by the experience of others. Two men start life on the same footing. One climbed high on the ladder of success by thrift and economy—the other stayed at the foot of the ladder by shiftlessness. One spent as he went along—the other put his money in good savings bank like this institution. Which route will you choose?

SALT RHEUM ON ARMS TERRIBLE ITCHING
Rough and Sore, Inflamed, Intolerable Burning, Pain and Loss of Sleep, Entirely Cured by Cuticura Soap and Ointment.
R. F. D. No. 30, Dawson, Pa.—"Sometime ago my arms became rough and sore. My arms were inflamed, being very red from rubbing them to allay the terrible itching. What little skin remained had a dead white appearance. I kept them wrapped in linen bandages as I could endure no clothing to touch them. Nothing seemed to relieve the intolerable burning. I tried several remedies without success. After suffering much pain and loss of sleep for seven months I sent for the advertised sample of Cuticura Soap and Ointment which afforded me such relief that I purchased three cakes of Cuticura Soap and a box of Cuticura Ointment. Before they were used the disease had disappeared and has never reappeared. I was entirely cured by Cuticura Soap and Ointment. My complexion has been improved by Cuticura Soap and I find that it prevents all winter chapping." (Signed) Miss Fay Martin, Mar. 8, 1912.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When the tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever. No case out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
