The annual banquet of the I. O. O. F. was held on Saturday night in the hall. Every body was made welcome. Only some people were disappointed that they could not have a free pitch-in without paying.

When liquor is in, wit is out (Shakespeare), was demonstrated last week by some of our people. How like beasts we get, eating and drinking and forgetting the weightier matters of life.

C. C. Bierly built an addition to his carpenter shop in west Rebersburg.

John Bright, one of our hustling and energetic carpenters, is weather boarding his house, which makes quite an improvement to his home.

Butchering is over and about everybody's larder filled for the winter.

Christmas will be past before you hear from the Rebersburg scribe again. We wish everybody high and low, rich or poor, a merry Christmas and a happy new year.

Scribes, like other human beings, make many, many mistakes, but we assure our readers that the errors are of the head and not of the heart. So let us bury all the ill feelings of the past year and turn over a new leaf. We wish everybody 365 days of happiness, health and prosperity in the year 1913.

Drifts Off A Terror.

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt. "and for coughs, colds and croup we have never found its equal." Guaranteed for all bronchial affections. Price 50 cts. and \$1.00. Trial bottle free at C. M. Parrish, Ph., G. Bellefonte, Pa.—Adv.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hays' Catarrh Cure. Send for circular, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 7c.

BENORE.

The Bellefonte Furnace Co. pumps the drinking water tank full of water once a week; then they allow the people to draw water for drinking and cooking only, three times a day, fifteen minutes each time, morning, noon and evening. You ought to see the people around the two hydrants at these three times; they get into politics and blame it all on the election of Wilson.

Foils A Foul Plot.

When a shameful plot exists between liver and bowels to cause distress by refusing to act, take Dr. King's New Life Pills, and end such abuse of your system. They gently compel right action of stomach, liver and bowels, and restore your health and all good feelings. 25c. at C. M. Parrish, Ph., G. Bellefonte, Pa.—Adv. Dec.

GROWING BOYS AND GIRLS are under double strain—strength to live and learn and strength to grow—they must have nourishment—not overloaded stomachs, but concentrated nutrient to aid nature during the growing period.

The wonderful record of **Scott's Emulsion** as a body-builder has been proved for three generations. It strengthens the bones, muscles and sinews; *builds the body, creates energy and vigor*; prevents and relieves colds and fortifies the lungs. Hello, upper Ten! Have you lost all your friends and neighbors that you can find no items anymore? We suppose if Christ and two thousand of his people would come down from Heaven and build a church here on earth there would be two or three say it is our church. Wouldn't it be more proper to say a church for God's people to worship in?

Mrs. Laura Confer, of this place, went to Clearfield to spend a week among her friends.

Our huckster, Geo. M. Walker, bought a pair of fine turkey hens, but one proved out to be a gobbler instead of a hen. Now, George, make sure the next time.

There will be a new telephone line come from the scrub broom factory to Walker's corner. It is to go straight way across the creek so that there will be no suckers hanging on the line when talking business.

It acts directly on the organs affected and is at the same time a general restorative tonic for the whole system. It cures female complaint right in the privacy of home. It makes unnecessary the disagreeable questioning, examinations and local treatment so universally insisted upon by doctors, and so abhorrent to every modest woman.

We shall not particularize here as to the symptoms of those peculiar affections incident to women, but those wanting full information as to their symptoms and means of positive cure are referred to the People's Common Sense Medical Adviser—1008 pages, newly revised and up-to-date Edition, sent free on receipt of 21 one-cent stamps to cover cost of mailing only; or, in cloth binding for 31 stamps.

Life Stories You See

every day and everywhere should teach a lesson to those who are wise enough to profit by the experience of others. Two men start life on the same footing. One climbed high on the ladder of success by thrift and economy—the other stayed at the foot of the ladder by shiftlessness. One spent as he went along—the other put his money in good savings bank like this institution. Which route will you choose?
