EDITORIAL.

Taft's 1500 late appointments are still hanging fire in the U. S. Senate.

Fellows looking for 4th class post-office berths find a pretty chilly atmosphere.

The Phillipsburg postoffice is being filled by Mr. Gowland, and thus far congressman has not ventured to suggest a successor.

The Bill Flinn crowd at Harrisburg are howling mad because the Democrats would not pull their chestnuts out of the fire, by voting for Boyd for Speaker.

Too bad that there will be no inaugural ball. Woodrow does not want it and that is the reason that there will be no dancing. After inauguration he will have the politicians dancing all kinds of jig.

It is a caution how much advice Woodrow Wilson is getting these days from the other side. Naturally nothing suits them. They even kick because they can not dance at his inauguration.

The Flinn crowd made a poor, miserable showing when they tried to elect Boyd over Garvin for chief clerk. It now keeps us guessing as to whether Flinn or Penrose is the big boss. Penrose won in the last skirmish.

The appeal for improved agricultural courses and equipment at State College, comes from all parts of the state. After the legislative rosters from Philadelphia and Pittsburg have their allowance State College will get the leavings.

It is reported that the anti-saloon people will be in considerable strength in the present legislature and that the temperance people will force the consideration of a number of important bills. It will be interesting to note where Centre county will be in such a fight.

After making a good start in organizing the Penna Legislature by changing the rules the confidence of the public was shocked when the same legislature chose Garvin, the political crook, for speaker. It was a decided shock—Gramly voted for Garvin. Let him explain to our people.

Gov. Woodrow Wilson has started his crusade in New Jersey to clean up the rotten corporation laws enacted for the convenience and connivance of the crooked New York financiers. New laws are demanded and likely will be enacted, principal among them is that "guilt is personal" and violators are liable to imprisonment. That sounds good.

PLEADS TO ROOSEVELT SUIT.

Editor Asserts Alleged Libelous Statements Are True.

George A. Newitt, of Ishpeming, Mich., on Saturday filed in the Circuit Court there a plea of justification in the civil suit brought against him by Theodore Roosevelt for damages of \$10,000. He asserts that the alleged libelous statements complained of are true, and adds that the publication was privileged because Colonel Roosevelt was running for office at the time.

This puts another phase on this action. For a long time stories have been current that ex-president Roosevelt was given to dissipation and at times was hardly responsible for his intemperate action. In this instance the editor declares he will defend the declaration in court. If Col. Roosevelt is given to excessive drinking, the public has a right to know something of it. When he poses as a public oracle or common advisor, the public certainly are entitled to know all about the man who presumes so much.

Revenue From Luxuries. "We want to get a large amount of revenue on luxuries, so that we can put a less tax on the necessities of life."

This is to be the basis of the tariff revision in the Sixty-third Congress, according to Chairman Underwood of the Democratic Ways and Means Committee. The above expression is Mr. Underwood's. He made it directly to one of the big silk manufacturers who was testifying before his committee.

The very air in the corridors outside of the committee room seems to breathe a feeling that the Democratic leaders intend to see to it that the promises made to the people before election are to be religiously carried out after election.

Blame it on Woodrow. At the bimonthly wage conference between representatives of the Amalgamated Association of Iron, Steel and Tin Workers and the Republic Iron and Steel Company, held at Youngstown, Ohio, January 10th, the rate for puddling for January and February was advanced from \$6.15 to \$6.45 on a \$1.40 card rate. This is the highest wages paid puddlers for five years. Fifteen thousand mill workers are affected by the increase.

REGULATE LIQUOR TRAFFIC.

Two Measures to Put Curb on Clubs and Wholesalers.

Two bills to further regulate the liquor traffic, made their appearance in the Legislature Tuesday. Both measures were prepared by the anti-saloon league. In the Senate J. Crater Judson, of Washington, presented a measure providing sweeping regulations for the operation of clubs, while in the House, Representative W. W. Ulerich, of Westmoreland, introduced a bill prescribing strict regulations for the conduct of wholesale liquor dealers.

The Judson bill covers the recommendations contained in the message of Governor Tener and if passed would place clubs and societies organized under the same rigorous rules as licensed hotels. Conditions appear favorable for passage of the bill. Licensed dealers would like to have it as the clubs are heavy competitors and it is said the police officials of several cities favor it.

Political clubs, organized merely for the purpose of dispensing liquors on Sundays, will be wiped out by the law. Only the Simon pure social clubs will survive under its provisions.

The bill provides that all clubs and social organizations, where liquor is dispensed, shall obtain a license from the court as hotels are required to do. The club is required to name an agent and its application who is of good moral character and temperate habits, who is to have charge of the club. The license is to be granted to the agent. The agent is held responsible for the conduct of the club and is subject to prosecution for violations of the liquor laws as licensed hotel keepers are under the present law. If the agent dies or resigns, the license must be transferred as under existing laws.

Details Are Demanded.

In the application the club must name the place of the building in which the license is desired, with the date of the organization and the name and address of all members. How the club is maintained financially must be set forth, with a statement whether or not the property is leased and whether or not the lessor consents to the use of his property for liquor purposes.

Three of the leading officers of each club must sign the application, and at least one-half of the members of the club officers, by affidavit, must verify the signatures of the members. The application is subject to remonstrance, the same as other liquor license applications, and the court is authorized to hear witnesses. If the club is considered a menace to good order and if the persons named in the application are not deemed fit to conduct a club, or the members are not reputable citizens, all of full age and of temperate habits, the license of liquor, the court can refuse the license.

Selling of liquor is restricted solely to members of the club and the organization is prohibited from dispensing liquor on any day and the liquor sold must be consumed on the premises.

The penalty for violation of the act is a fine of not less than \$500 nor more than \$5,000 in addition to imprisonment of not less than three months, nor more than three years.

The Ulerich act aims to prevent brewers, distillers and other wholesale liquor dealers from selling liquor at any place other than their licensed place of business. They are prohibited from soliciting orders or peddling. Violators of the act are to have their licenses revoked.

ARCHBALD UPHELD.

The Two Pennsylvania Senators Are in Disfavor.

There were only five members of the United States senate who voted against the conviction of Judge Archibald on the first and decisive article of impeachment, and two of these members were George T. Oliver and Boies Penrose, of Pennsylvania.

In so voting they took issue with not only almost all of their fellow senators, but included in them, with almost all their colleagues of their own party, whether radical or conservative. At the same time they took issue with an overwhelming majority of the people of their own state, and the conviction of Archibald, in the light of the evidence, to even the humblest layman who has read it, that Judge Archibald's conduct on the bench had been improper or illicit, and that the revelation of it had destroyed his confidence in his fitness to be a judge.

It is true that Senators Penrose and Oliver had recommended Judge Archibald to President Taft as a Pennsylvania jurist worthy of appointment, two years ago, to the court of appeals, and that they might, therefore, be naturally unwilling to declare in effect that they were mistaken in their judgment at that time. But all the acts of impropriety or seeming corruption on which he was convicted were committed since that time, or as a judge of the court of commerce, and it would have been not at all inconsistent with their previous recommendation if they had voted for Archibald's conviction on the evidence of those subsequent acts. That they did not really think that the acts were improper, or so improper as to deserve punishment, or that at any rate these two senators are not hypercritical in their judgments.

In either event they have misrepresented the moral opinion of their state, as well as exhibited an entire disregard of the evidence which was laid before them in the course of the trial. The governor of Pennsylvania is known to hold the opinion that Senator Penrose has come to be singularly slow in understanding what is going on in the public mind. But in the Archibald vote the governor's friend, Oliver, denotes the same kind of obtuseness; and on the part of both senators it is obvious that an exhibition of the sort of incapacity which has disgusted the majority of even the regular Republicans in Pennsylvania or all of them that want a party leadership which is founded on ill-considered and ill-concealed public opinion.—Philadelphia Bulletin.

TO KEEP UP FIGHT.

William Wilhelm, president of the organization formed by the Pennsylvania electoral college to keep up the progressive fight in Pennsylvania, has announced the appointment of the following committee to take charge of the work: Dr. William H. Zeigler, Philadelphia; Labazure G. McLane, Linesville; James H. Duff, Carnegie; Richard W. A. Jameson, Lock Haven, and Goodie H. Thomas, York. He has assigned to Messrs. Duff and McLane the work of drafting rules and laws and to Messrs. Zeigler, Jameson and Thomas the duty of arranging for holding a banquet of statewide scope, with power to determine the date, each member may invite to take part. It is expected to have Colonel Roosevelt and Governor Johnson present.

WASHINGTON PARTY MEETS DEFEAT.

UNABLE TO HOLD FOLLOWING IN LEGISLATURE.

PENROSE WINS CHIEF CLERK.

Centre County's Member Now Lined Up With the Machine—Supports a Bad Man—Likely to Be a "Trimmer" Henceforth.

One of the principal events at the opening session of the legislature this week was the election of a chief and a resident clerk. Heretofore the bosses had a peculiarly clever man fill this office who could pad the roll call and declare almost any measure carried by deliberate fraud in his count.

The Washington Party named Boyd, while the Democratic named State Secretary James I. Blakeslee. The Penrose gang made a desperate stand for Garvin, because they needed a crooked clerk. On the third ballot Garvin was elected the vote standing, Garvin 106, Boyd 45 and Blakeslee 54. Garvin's election was accomplished by the Progressive or Roosevelt members flinching, instead of standing for a clean clerk they went for the crooked clerk.

Centre county's representative is recorded as voting for Garvin. At the opening last week Mr. Gramly made a good start by voting for Alter the Progressive Republican for Speaker; this week he got under Penrose's wing. It will be interesting to note where he will be next. We predict from this that the "Member from Centre" henceforth will become a professional "trimmer," standing on all sides, and definitely for nothing. Mark this prediction.

In speaking of Garvin for reading clerk, the Harrisburg Patriot fittingly says: "People Betrayed at the Outset." "The candidacy of Thomas H. Garvin for Chief Clerk of the House of Representatives was an insult to the intelligence and honesty of every decent member of the Legislature. It was an evidence that he and those who supported his aspirations to that place had no faith in or respect for the claims made in the present Legislature that it is to be the most honest and purpose than the other Legislatures which disgraced the State at every biennial session for many years past and made the name of Pennsylvania a scorn and a hissing to the people of the United States."

"Every decent man in the Legislature, no matter to what party he belongs, owed it to himself and to his constituents to vote against Garvin, a man who was kept in place for many years on account of his willfulness and ability to falsify the roll call so that the will of the boss should be carried out in the passage or the defeat of measures without regard to the number of votes cast for or against them.

"He was elected last night, not because of any personal regard for him but because the men who propose to use the Legislature as a part of a corrupt political machine, want him to do during this session the same thing that he did in the last session. No other act that the Legislature could have performed so early in the session, would have so disgraced it as the election of Garvin. Every decent man in the State should feel ashamed that he has been elected. A credit mark should be given to every man who voted against him to the end."

Those Democrats in Centre county who openly helped to elect Mr. Gramly last fall to gratify personal, petty spite, now are entitled to their full share in the election of Garvin, as Mr. Gramly was a party to this disgraceful work.

350th Anniversary Services.

Last Sunday morning anniversary services were held in St. John's Reformed church commemorative of the adoption of the Heidelberg Catechism as the Confession of Faith of the Reformed church of the Palatinate, Germany.

An interesting Historical Jubilee service was given by the congregation and Sunday school at the 11 o'clock morning service. At the same service Elders C. T. Gerberich, A. Lukenbach and Charles Wetzel, together with Deacons Harry Keller, C. Y. Wagner, Clayton Royer and J. Henry Wetzel were ordained and installed in their respective offices. Next Sunday morning, at 11 o'clock, the pastor Rev. Dr. A. M. Schmidt, expects to deliver an historical address on the Reformation, Zwingle and the Catechism. At the annual congregational meeting held January 15th, the treasurers reports showed the receipts for the year, from all sources, to be \$3,447.34; with all bills paid except a balance due on the new roof recently placed on the church.

MARRIAGES.

Hendricks—Wagner. Harold Hendricks and Miss Mary Ellen Wagner, of Blanchard, were quietly united in holy matrimony last Wednesday at the parsonage of the Baptist church in Milesburg, by Rev. S. S. Clark. Congratulations are now in order.

Achenbach—Draucker. Miss Lola Ethel Draucker, daughter of Mr. and Mrs. E. H. Draucker, and E. Earl Achenbach, son of Mr. and Mrs. B. C. Achenbach, both of Lock Haven, were principals in a quiet wedding at the rectory of St. Paul's Episcopal church in Lock Haven on Monday. Mr. and Mrs. Achenbach left after the wedding for Philadelphia their future home. They will be at home after February 15, at 3525 Walnut street. The Achenbach family were residents of Bellefonte some years ago.

St. Charles Hotel Sold.

The Williamsport Sun of last Friday says: "The St. Charles hotel, for the past four years under the management of Cornelius M. Garman, formerly of Bellefonte, was sold this morning, through the agency of J. C. Newcomer, to D. E. Deffenbacher, of Danville, a former proprietor of the Danville. The consideration is said to have been about \$25,000. Mr. Deffenbacher will expend several thousand dollars in improvements."

Mr. Garman's hotel was near the Market Street station in Williamsport, where it enjoyed a good trade. The former proprietor, C. M. Garman, is a son of the late Daniel Garman and is a native of Bellefonte. Owing to an enlargement at the side of his neck he found it necessary to undergo treatment in a New York hospital, which is likely to end in a serious operation. Having an opportunity to dispose of his property at a good price he concluded to retire from the hotel business until he regains his health, and with his family will move to New York.

Temperance Meeting at Altoona. The Pennsylvania State Sabbath School Association has announced five missionary temperance institutes to be held in different cities next week. The meeting at Altoona on Wednesday, Jan. 29th, will be of most interest to Centre county people, as it will be the nearest point to attend. The speakers will be as follows: Mrs. M. J. Baldwin, Philadelphia, Elementary Grade and Missionary superintendent, Pennsylvania State Sabbath School Association; Mr. E. G. Hill, Pittsburgh, Chairman Temperance committee, Pennsylvania State Sabbath School Association; Mr. W. A. Brown, Chicago, Ill., Missionary superintendent, International Sunday School Association; all Sunday School workers are invited to attend these meetings which will be held morning, afternoon and evening, in the 2nd Presbyterian church, 8th Avenue.

Accuse Fireman of Arson.

A sensation was created at Ashland, Pa., when Chief Burgess Campbell arrested Harry Swartz, charged with being implicated in recent fires of incendiary origin. Witnesses swore that Swartz was one of the earliest arrivals at fires after the alarms were given. Swartz was a member of the Ashland Hose company, and he denied the charge of arson, but Justice Barron held him.

May Marry When Out of Debt.

"When a man marries his troubles begin," isn't exactly true in South River, N. J. There a man's troubles begin immediately preceding the tying of the nuptial knot, for Mayor Joseph Mark has handed down a ruling that he will marry no more couples unless the groom can start free from debt.

NEW BOARD OF HEALTH.

Council Effects Reorganization of that Body on Monday Evening.

On behalf of the Board of Health of Bellefonte H. C. Quigley, Esq., addressed the members of council at their regular semi-monthly meeting on Monday night, and urged that a new Board be elected at once appointed. This action was taken in view of the fact that the old Board had tendered their resignation with the idea of having council reorganize it. There are never vacancies on the Board, one due to the death of the late S. H. Williams, and another by the expiration of Dr. Locke's term. Mr. Quigley also stated that new rules and regulations governing the health of communities, were left in Bellefonte by Dr. Hunt during his recent visit here, which should be suggested be adopted wholly or in part, as an ordinance. The new Board would also require an appropriation to meet expenses during the current year. On motion of Dr. Brockerhoff the resignation of the old board was accepted, and President Keller named the following, subject to the approval of council, as a new organization to serve during the terms indicated: C. Y. Wagner, 1 year; John Neill, proprietor of the Bellefonte Laundry, was present to ask that a crossing be laid at his place of business on Water street. On motion street committee was directed to build same.

P. H. Cherly laid the proposition before council of having the borough furnish work for a team of horses which the Undine Fire Company proposes purchasing for hauling their fire apparatus. The speaker stated that it was a hard matter to secure horses for the engine to use, and those that could be secured were stable at such a distance from the fire house that a serious delay resulted. The company propose to keep their own team in a stable close by the engine house, so that their services can be secured in the shortest possible time. All they asked of the borough was that all available work on the streets be given them in order to meet the expense of keeping the team. Council readily agreed to the proposition. Application for re-appointment to the various borough offices were read and the appointments made without a dissenting vote. They were as follows: W. A. Iseler for water meter collector; Harry Dukeman for chief of police; William Besser for police officer, and J. H. Wetzel for borough engineer. All to serve at the same salaries as past terms.

Following the discussion of a vacancy in council by reason of Oscar Berger's removal from Bellefonte, a motion was made declaring an appointment in order, and President Keller named James Selbert of the South ward, to serve out the unexpired term of Mr. Yeager.

Mr. Brockerhoff stated that several members of the Ladies Civic Club had spoken to him in regard to having the refuse cans on the streets emptied more frequently, which should be done by the men who clean the streets.

Mr. Cherry of the Sanitary Commission spoke in a colloquial manner made to the existence of a loud-smelling cabbage patch on north Thomas street.

The proposition of Oscar Miles to purchase a portion of the Green mill property in Milesburg for laying out building lots was submitted and referred to special committee for investigation and report. The land that Mr. Miles wishes to possess lies on the borough side of the race, and the committee was instructed to ascertain whether such a proceeding would interfere with the water power. After the reading of bills council adjourned on motion.
