HISTORICAL SKETCH.

(Continued from last week.)

Schools—Milesburg's first school house was a framed structure, and stood close to the old burying ground. In fact, partly in it. The first teacher in that school, as far as present human recollection goes, were: Patrick Kenney and Isaac Buffington, (father to Isaac Buffington, now residing in Milesburg; among their immediate successors were Mr. Hurd, Mrs. Dimpsey, Abigail Miles, Mrs. McKean, Mr. Wetzler, and C. G. Ryan.

In 1825 a stone house replaced the old temple of learning upon a site near by the first election for school directors after the incorporation of the borough occurred March 17, 1843, when Edward McGary was chosen for three years, Zachariah Miles for two years, and Chas. T. Hoover for one year. Oct. 20, 1843, John Weaver was engaged to teach school No. 1, at twenty-five dollars a month, and Caleb Green school No. 2, at eighteen per month.

School No. 3 was established in November, 1844, and Miss Blakely engaged to teach it; average attendance fifty-six. The subject of building a new school house was agitated April 1854, and not until 1859, were J. F. Weaver's plans adopted. There was a further delay until July, 1860, when a contract was made with A. C. Iddings to erect a two-story brick structure 50x60, at \$2,500; the present house was the result. The departments are high school, grammar and primary, taught respectively by A. M. Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Also cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Dr. Hays' Catarrh Cure. Send for circular, free. F. J. CHENEY & CO., Toledo, O. RASH ON BABY'S FACE AND HANDS

Ugly, Watery and Scabby Sores. Itched Very Much. Pimples Grew Larger. Cuticura Remedies Cured. Eczema Never Returned.

Main St., Stewartstown, Pa.—"My son was but a few days old when he had a rash on him. It disappeared only to come back worse than before. It was on his face and hands and came in very ugly watery and scabby sores. When the sores appeared the eruption was first watery then a little mat-tery until scales formed. When it itched very much and he scratched it then there would be more sores and just then there were wee pimples which grew larger. It caused much suffering and loss of sleep.

"We tried an ointment which did not help and different things that were recommended to us; but nothing helped. He had eczema about nine months before we used Cuticura Soap and Ointment. I would lather his face and arms well with Cuticura Soap and when they got dry used the Cuticura Ointment and they seemed to ease him so that he would not scratch for some time. When I used a cake of Cuticura Soap and box of Cuticura Ointment, he was cured and the eczema has never returned." (Signed) Mrs. T. L. Redding, Apr. 8, 1912.

Not only are Cuticura Soap and Ointment most valuable in the treatment of eczemas and other distressing eruptions of skin and scalp, but no other emollient does so much for pimples, blackheads, red, rough and oily skins, itching, scaly scalps, dry, thin, and falling hair, chapped hands and shapeless nails, nor do it so economically. Sold throughout the world. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T., Boston."

*Tender-faced men should use Cuticura Soap Shaving Stick, 25c. Sample free.

BRONCHITIS SUFFERER

Takes Druggist's Advice With Splendid Result.

If anyone should know the worth of a medicine, it is the retail druggist who sells it over his counter every day in the week, and is in a position to know what remedy gives the best satisfaction.

Mrs. Frank H. Uline, of West Sand Lake, N. Y., says: "For a number of years I was a great sufferer from bronchitis. Last July I had an attack which was more severe than any, and my friends thought I could not recover from it. Then I was advised by my druggist to try Vinol, which I did, with wonderful results. My cough has left me; I have gained in weight and appetite, and I am as strong as ever I was. I advise all who have bronchitis, chronic coughs, or who are run down to try Vinol."

It is the combined action of the medicinal curative elements of the cod's liver, without the greasy oil, aided by the blood-making and strength-creating properties of tonic iron that makes Vinol so efficient.

Remember, we guarantee Vinol to do just what we say—we pay back your money if it does not.

"I am an old man—and many of my troubles never happened."—ELBERT HUBBARD

THE white hair and wrinkled faces of our busy men and women tell of doubt, fear and anxiety—more than disease or age. Worry plays havoc with the nervous system—so that digestion is ruined and sleep banished. What oil is to the friction of the delicate parts of an engine—

DR. PIERCE'S Golden Medical Discovery

is to the delicate organs of the body. It's a tonic and body builder—because it stimulates the liver to vigorous activity, assists the stomach to assimilate food—thus enriching the blood, and the nerves and heart in turn are fed on pure rich blood. Neuralgia "is the cry of starved nerves for food." For forty years "Golden Medical Discovery" in liquid form has given great satisfaction as a tonic and blood maker.

Now it can be obtained in tablet form—from dealers in medicine or send 50 one-cent stamps for trial box. Write R. V. Pierce, Buffalo.

DR. PIERCE'S PLEASANT PELLETS Relieve constipation, regulate the liver and bowels. Easy to take as candy.
