and Know What Satisfaction Means

Know what it means to go into a room full of well-dressed women and have them all envy your suit—have them ask you "who is your tailor"—know that feeling of satisfaction that any well-dressed woman has when she knows that her garment is correct. You can do this and do it without the expenditure of a large amount of money for *Printzess* garments really confer "Distinction in Dress" on the wearer.

We have had expressed to us for this day only quite a number of new sample garments to be shown in connection with our own immense stock.

See them and know what we mean when we say "Correct Dress."
