FRAIL, SICKLY CHILD

Restored to Health by Vinol—Letter to Mothers.

Anxious mothers often wonder why their children are so pale, thin and nervous, and have so little appetite. For the benefit of such mothers in this vicinity we publish the following letter.

J. Edmund Miller, New Haven, Conn., says: "My little daughter, ever since her birth, had been frail and sickly, and was a constant source of worry. Several months ago we commenced to give her Vinol. I immediately noted an improvement in her health and appearance. I gave her three bottles of Vinol, and from the good it has done her I can truly say it will do all you claim."

This child's recovery was due to the combined action of the medicinal elements extracted from cods' livers, combined with the blood-making and strength-creating properties of tonic iron, which are contained in Vinol.

Vinol will build up and strengthen delicate children, old people and the weak, run-down and debilitated. We return the money in every case where it fails.

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; since cases of deafness are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface. We will give One Hundred Dollars for any case of Deafness caused by Catarrh that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

SEVERE BURNING AND ITCHING

Pimples on Back of Shoulders. Very Red, Formed Scab, Scratched Constantly. Could Not Sleep Nights. Used Cuticura Soap and Ointment and Was Cured.

6110 Market St., Philadelphia, Pa.—"About two years ago I began to notice small pimples on the back of my shoulders. The pimples looked very red and at times they would ooze a watery fluid and then formed a scab which I would tear down by scratching constantly. It looked like an open sore all over my back. Within a few months it reached to such a degree that I would not be able to do anything without interrupting myself to scratch my back. It used to itch awfully. My clothing certainly irritated the trouble especially when the sores were just torn by scratching the scabs off. Finally I got so badly affected that I could not sleep nights on account of the severe burning and itching I had to endure.

"I spent a considerable amount of money for medicine and all was wasted. I sent for a sample of Cuticura Soap and Ointment and obtained relief from a few applications only. Then I bought a cake of Cuticura Soap and box of Cuticura Ointment and used them according to directions for six weeks and was completely cured. There is no trace of pimples on my back." (Signed) Aaron Roehlis, Apr. 8, 1912.

A Human Match Factory

The body contains phosphorus sufficient to make 483,000 matches. Phosphorus is one of fourteen elements composing the body—divided among bones, flesh, nervous system and other organs. The perfect health of body requires a perfect balance of the elements. These elements come from the food we eat—the stomach extracts and distributes them.

But if stomach is deranged—the balance of health is destroyed and the blood does not carry the proper elements to the different organs, and there is blood trouble—nerve trouble—heart trouble. Pain is the hungry cry of starved organs. Put the liver, stomach and organs of digestion and nutrition into a condition of health. That is just what is done by
