Our school closes on Tuesday. The scribes received on Easter Monday two beautiful post cards, one from Florida from Edward Wood, and the other from Mrs. Sue Fisher, of Iowa; she says she gets the Centre Democrat and always looks for the Plum Grove items, as they are from near her native home. Consider my hat off to you Sue and your husband.

On Easter Monday Mrs. Ellis Way called her flock of chickens together and presented the old man McCoskey a beautiful hen. He said he had a nest of his own; now Charley keep him posted on the price of eggs.

I dug a post hole fourteen inches in diameter, three feet deep in solid yellow clay. I set a post in the center of the hole which was seven inches in diameter and round. I broke in and packed stone at the bottom around the post to the height of eighteen inches and then I put in the clay I took out of the hole and packed a little, and it just filled the hole level with the ground. Will some one of the scribes explain what caused the loss of the bulk of ground as the clay I packed wasn't as compact as before I took it out of the hole. No fun, I expect a scientific answer; come on Domino.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and the tube restored to its normal condition, hearing will be destroyed forever; since cases of deafness are caused by Catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.

## HOW CHRONIC COUGHS

### Are Being Cured by Vinol.

Did you ever cough for a month? Then just think how distressing it must be to have a cough hang on for three months.

Mrs. Maria Primrose, of 87 Newell Street, Brooklyn, N. Y., says: "I had a very heavy cold which settled into a chronic cough, which kept me awake nights for fully three months, and felt tired all the time because my rest was broken so much. The effect of taking your cod liver and iron remedy, Vinol, is that my cough is gone. I can now get a good night's rest, and I feel much stronger in every way."

It is the combined action of the medicinal elements, cods' livers, aided by the blood-making and strength-creating properties of tonic iron which makes Vinol so efficient in curing chronic coughs, colds and bronchitis—at the same time building up the weakened, run-down system.

Try a bottle of Vinol, with the understanding that your money will be returned if it does not help you. C. M. Parrish, Bellefonte, Pa.

**Don't Look Old Before Your Time**  
WOMAN'S delicate system requires more than ordinary care and attention—more care and attention than it is given by the average woman.

Neglect it and ill soon creep in, and the look of old age, sometimes quickly, sometimes gradually follows.

That backache, so common among women, brings with it the sunken chest, the headache, tired muscles, crow's-feet, and soon the youthful body is no more youthful in appearance—and all because of lack of attention.

There is no reason why you should be so unfortunate, when you have at your disposal a remedy such as Dr. Pierce's Favorite Prescription—recommended for over 40 years as a remedy for ailments peculiar to women. We have thousands upon thousands of testimonials on file—the accumulation of 40 years—testifying to its effectiveness. Neither narcotics nor alcohol are to be found in this famous prescription. Regulates irregularities. Corrects displacements. Overcomes painful periods. Tones up nerves. Brings about perfect health. Sold by dealers in medicines, in liquid or tablet form.

Dr. Pierce's Medical Adviser, newly revised up-to-date edition, answers hosts of delicate questions about which every woman, single or married ought to know.
