Perfect Health \$1.00

Physicians agree that an improper-purified blood supply has everything to do with the general health of the individual. Unless you breathe properly sufficient air is not taken into the lungs to revitalize your blo and consequently it is an impossibility for the blood to repair the bodily waste in a proper manner. The Rexall Shoulder Brace compels

proper breathing in that it necessitates the wearer assuming a correct position, thus assuring a sufficient juantity of air being taken into the lungs to give new life to the blood. This brace is light, cool, comfortable -doesn't interfere with the circulation, and the wearer is unconscious of its presence except as an incorrect attitude is assumed. Bearing the highest endorsement of

medical authorities, we can unhesi-tatingly recommend this brace to those who need such an appliance with every assurance that it will do all that is claimed for it.

The Rexall Shoulder Brace. Price \$1.00. Can be obtained only at our store—The Rexall Store.
