EDITORIAL.

President Wilson was up in New Jersey last week with a 'big stick' about the notorious Democratic machine that has proven an enemy of good government.

With remarkable harmony the Democrats in congress are pushing the new Underwood tariff bill through that body. They are standing together, and the opposition has thus far been unable to make any changes in the bill.

FALLING IN LINE.

All persons who believe that the bipartisan machine in Pennsylvania is a detriment to the best interests of the state, have occasion to rejoice over some recent events.

These same people were only too anxious to have seen another than Woodrow Wilson nominated at Baltimore; and when the tide became too strong they meekly fell in line to save their faces.

Guffey-Penrose machine is passing away in this state. The Progressive republicans are standing firm for a new deal; and the Re-Organization Democrats, who now are the real Democracy of Pennsylvania as they were so chosen by the large majority at their state convention, have about eliminated the feeble opposition of the Hall-Guffey crowd.

PALMER FOR GOVERNOR.

The following appeared in the Philadelphia Ledger on Monday: Representative A. Mitchell Palmer may be a candidate for the Democratic nomination for Governor of Pennsylvania.

For some time the papers have mentioned W. H. Berry as a possible candidate for governor. As yet quite likely to be the next Collector of the Port at Philadelphia with an \$8,000 salary, he has recently announced that he would not be a candidate.

PERFECT HEALTH \$1.00

Physicians agree that an improperly purified blood supply has everything to do with the general health of the individual. Unless you breathe properly sufficient air is not taken into the lungs to revitalize your blood and consequently it is an impossibility for the blood to repair the bodily waste in a proper manner.

The Rexall Shoulder Brace compels proper breathing in that it necessitates the wearer assuming a correct position, thus assuring a sufficient quantity of air being taken into the lungs to give new life to the blood.

The Rexall Shoulder Brace. Price \$1.00. Can be obtained only at our store.—The Rexall Store.
