PLUM GROVE.

Edward Wood, of Jacksonville, Florida, arrived at Plum Grove on April 28, reports that along the road on his journey the crops look promising except the flooded district which look very discouraging. He is well pleased with old Pennsylvania. He was raised on a farm in Kentucky, learned the carpenter trade, went South 54 years ago to work at his trade in Jacksonville, Florida. As soon as he gets settled down he intends to follow his trade.

Ell Sere, of Wingate, is in the lead. He planted corn on the first day of May.

Chester Summers caught a sucker last week in Bald Eagle Creek that weighed two pounds and a quarter. Cyrus Sere, after paying a visit to friends and relatives at Wingate, returned on last Wednesday to Leechburg, Armstrong county, where he has employment in a steel plate mill.

Last week one day Corry Etright caught 38 suckers. James Oswalt caught one fourteen inches long. Reuben Iddings left on Friday for Altoona to visit friends and relatives and to take in the Barum and Bailey show before he returns home.

A grand surprise was sprung on last Saturday on the venerable W. McCloskey at the home of his daughter, Mrs. P. B. Iddings, of Plum Grove. All the credit is to be given to his two daughters, Mrs. Wood and Mrs. Iddings, in the getting up and the way they conducted it, which ended in a grand success. While the old man was laying his plans to dodge them on the 5th of May, they caught him on the 3rd and called his attention to the family records, that on May the 5th, he would be seventy-four. The friends and neighbors met together at P. B. Iddings with baskets filled with cakes and pies, roast beef and ham, and set up a meal that would be appreciated by a king. Everyone that ever partook of a meal, where Helen Davison had a hand in the getting up, can have some idea, as she is counting on Plum Grove's best cooks. After dinner was ready all present seated themselves around the room in a circle to await the coming of the Mr. McCloskey. By previous arrangement he was decoyed by his better half, who asked him to go with her to the neighbors to procure some flower slips. The old gentleman has been suffering with a sore hand and had Doctor Irvin, of Unionville to examine it on Tuesday and he said he would lance it on Friday or Saturday, so Mr. McCloskey was called up by Doctor Irvin to meet Doctor Irvin at P. B. Iddings at once. He made haste and on entering the room he found a crowd waiting to pull his ears. The old gentleman acknowledged that he was sold. After shaking hands and wishing him many more years of happiness, all set up to the table and partook of a hearty meal. After dinner he was taken into the parlor where he received many presents which were very much appreciated. The afternoon was spent in singing of hymns with Miss Dora Sere presiding at the organ. Those from a distance who were present were Miss Mable Etright and Miss Dora Sere, of Wingate.

Next Sunday, May the 11th, at 2 o'clock the citizens of Union township will meet at the Plum Grove school house to organize a Sunday school. Let us have a good turnout. Come one, come all.

Buyer Alexander and wife, Jos. Alexander and best girl, from this place, took in the moving picture show at the Lyric last Thursday night. Report the show fine.

HUBLERSBURG.

"Oh, the merry May has pleasant hours. And dreamily they glide, As if they floated like the leaves Upon a silver tide. HE HAD UNRULY HAIR.

Couldn't do a thing with it. Stood in every direction at once, then in no direction. This was before he used Hall's Hair Renewer. Now his hair looks well-kept, stays in place. The scalp is clean and healthy. Hair is growing faster. No dandruff. No falling hair. Not the slightest danger of coloring the hair.

GLADIATORS FALL OUT.

Williamsport had a wrestling match one night last week that came within an ace of ending in a free-for-all. The principals in the affair are well known to Bellefonte sports, as both Kaiser and Gilbert have demonstrated their athletic skill before audiences in this place.

At the conclusion of the Williamsport match which Kaiser won, although he did not get an actual fall out of his adversary, the Milton man in a speech told the crowd that a "certain prize fighter" had insulted him behind the wings, and that while he was no prize fighter he had \$100 in his left mit that spoke eloquently of his ability to lick the said prize fighter in about ten minutes.

The crowd, hushed with expectancy, awaited the next move. It came when Jess Gilbert marched in and announced that he was the "certain party" to whom Kaiser referred, and that instead of insulting Kaiser the shoe was on the other foot. As for the offer of the \$100 and the 10-minute proposition, that suited him exactly, although he considered the job so soft he'd hate to take the money. Kaiser yelled for a rough and tumble scrimmage.

Gilbert preferred regular rules, but wasn't so all-fired particular that he wouldn't concede a point, and was about to proceed with the next act when the stage hands jumped into the fray and separated the belligerents by skillfully rolling the drop curtain between them.

Lock Haven to Banish Slot Machines.

The city officials of Lock Haven have put a ban upon all gambling slot machines by serving notice upon all business places to remove such machines from their premises within 24 hours upon penalty of confiscation. Lock Haven is but following the example of other well governed communities, including Bellefonte, who long ago learned the evil effects of all "chance" machines.

Says All Fishermen Are Liars. The editor of the Catawissa News-Item has little faith in the word of a fisher. He so expresses himself in the current issue of his paper, which says: "The News-Item will adhere to its rule not to vouch for any catch unless the fish are shown the editor. This rule is based upon our forty years' experience as a trout fisherman, during which time the sad fact has been forced upon us that all fishermen are liars, though not all liars are fishermen."

A WINTER COAT not only keeps cold out, but conserves body-warmth; body-fat serves the same purpose, it enables us to resist unsettled elements and serves as the great source of our body-heat. Greater body-warmth means richer blood, more fat, not obesity but fat which the body consumes for warmth, vitality, resistance-power—as a furnace consumes coal for heat—Scott's Emulsion does this. A teaspoonful after each meal makes body-warmth—healthy, active blood—sharpens the appetite and makes all good food do good. It drives out and keeps out colds by raising endurance-power and creating strength. Reject substitutes for SCOTT'S. Scott & Bowne, Bloomfield, N. J. 12-41
