SKIN TROUBLE ITCHED VERY MUCH

In Form of Pimple Full of Pus. Scratched Until Bled. Head Covered with Hard Scab. Could Not Sleep. Cuticura Soap and Ointment Cured Completely.

16 Oliver St., Newark, N. J. - "About five years ago my little girl had a red spot on the back of the head which itched her very much. The sore came in the form of a pimple full of pus and would itch. She would scratch until they would bleed, and wherever it touched there would be another sore until her whole head was covered with a hard scab. She could not sleep at night for the pain, and I had to keep her from school. I had her treated and used a wash, and when I put it on her head it burned her so I thought she would go wild with the pain. I used - Salve and home remedies until I got so tired I thought she would never get cured. "Then I saw the advertisement for Cuticura Soap and Ointment and sent for a sample. The first night I used the Cuticura Ointment it loosened the scab. Today she is completely cured. I used three boxes of Cuticura Ointment and six boxes of Cuticura Soap and I have nothing to thank but Cuticura Soap and Cuticura Ointment." (Signed) Mrs. Mattie Gibbons, Jan. 15, 1912. "The Witching Food" Is Finished—It's in Town. For ten years our experts have worked on this delicacy. It has taken just ten years to perfect it. For ten years they failed on it. Then one day they succeeded. Suddenly the product became a reality. This is almost the first city to get it. It is Corn Puffs—dainty, almond-flavored pellets, puffed from the hearts of white corn. Crisp, toasted, chocolate-colored bubbles. It is an insidious creation, the acme of cereal dainties—well called "The Witching Food." In a month it will be the sensation.
