Anty Drudge — "Why don't you use Fels-Naptha Soap? Then you won't have to use hot water and will get through in a jiffy."

To women who live in apartments the washing of clothes is a problem. The solution—Fels-Naptha Soap.

Say you have a shirtwaist or other small things, that you don't want to send out to be washed. You can do much better at home in this way:

Wet the clothes, soap well with Fels-Naptha, roll and leave to soak in cool or lukewarm water for a short time. Then rub lightly, rinse and dry.

Takes but one-fourth the time and one-tenth the work of the old way. Also saves the clothes.

Follow directions on the red and green wrapper.
