### Children's Day.

Last Sunday was "Children's Day" in the United Evangelical and Reformed churches, and the services were held at the same hour in the evening. In consequence of this, while both houses had full congregations, neither was so overcrowded as is usually the case. There was no rivalry whatever, but the various appointments in the several churches seemed to make coincidence unavoidable. In both congregations the good ladies in charge of the work of training the children had worked so hard and faithfully that the results were very pleasing. The programmes were elaborate in each case and were faithfully carried out. In the Evangelical church choirist James Kane had charge of the music, assisted by a full choir. Their selections were well rendered, and Miss Dorothy Weber's solo earned favorable comment. Mrs. F. S. Dunham and Miss Maud Thomas are to be largely credited with the success with which the children carried off their parts. Pastor Snyder gave a brief talk well adapted to developing a greater interest in the observance of this day, dwelling upon its importance to the well being and growth of the church. The music in the Reformed church was conducted by Prof. A. A. Fletcher, and he also had a full choir of adult voices. A duet by Mrs. W. H. Holter and Miss Helene Weber was a specially admired feature. The children, all of whom won praise for their work, were drilled for the occasion by the Miss Lulu Holter and Loretta Weber.

Charles F. Leathers, who departed westward last week, has arrived at Oakley, Ill., and writes enthusiastically of crops, weather, work and wages.

Dr. W. J. Kurtz took a carload of his friends to see the ball game at Bellefonte on Wednesday of last week, and a half score or so of others went by train.

Mrs. William Wables, Mrs. Selborne and Mrs. Jennie Ruch, of Northumberland, were guests of Mr. and Mrs. Jesse Leathers over Sunday, with Mr. Paul Slippy as driver of their auto.

Mrs. Esther G. Lucas, youngest daughter of the late Samuel B. Leathers, and now of Clearfield, with her two children were guests of George D. Johnson and daughter, Miss Lulu, last Thursday.

Miss Pearl Fletcher spent a portion of last week at the hospitable home of Squire John A. Way, at Stormstown, and the genial old gentleman is now an enthusiastic admirer of our Howard girls.

Everybody has been doing more or less re-planting of the tender garden stuff re-planted by the frosts of last week. Mrs. Johnson, our market gardener, has sold out her reserve stock of young plants clear and clean.

Mr. and Mrs. Herbert Decker, of Pittsburg, came on No. 56, Sunday morning, because of the serious illness of Mrs. Decker's father, John McCauley, of Hubersburg, who was stricken with paralysis last Friday.

The congregation of the Disciple church at Romola will hold a public festival at that place next Saturday evening, June 21, and extend a cordial invitation to everyone within reach to be present and help them enjoy themselves.

Mr. and Mrs. Sidney P. Brouse, of Trenton, N. J., who have spent their summer vacation with Mrs. Wentzel, here, for several years, have arrived for the season, and their daughter, Miss Myrtle, is with them for a portion of the season.

The slipping of the lower end of a ladder standing upon a porch in Renovo, upon which our neighbor, William M. Neff, was painting, dropped him to the floor, throwing his right shoulder out of joint. He is at home

resting while the strained tendons heal.

Mr. and Mrs. John Snyder, Sr., and Mr. and Mrs. William Candy, of State College, formed an auto party which came here Saturday to spend the week end with their friends, Mr. and Mrs. Charles E. Yearick, Mr. and Mrs. Candy were also the guests of Mr. and Mrs. J. Z. Loder.

A call from the Hon. Willis R. Bierly, lawyer, editor and author, was one of the pleasing incidents of last Tuesday. Mr. Bierly was on his way from Bellefonte to Williamsport, where the writer knew him in years long ago, and many reminiscences of the old days were exchanged.

Station agent W. L. Cooke has acquired such a degree of expertise in handling his new auto as to warrant him in taking charge of it himself, and enjoys having his friends enjoy with him. His first extended trip was to Lock Haven and with him were Mrs. Cook, Mrs. Bechdel and Mr. Miner.

Howard enterprise is again manifest in the arrangement "Bernie" Long has made to extend some of the comforts of life to our neighbors of the West End, by a bi-weekly visit, of an ice cream, seasonal fruits and confectionery to Mt. Eagle and Curtin, during the hot season. Wednesday and Saturday have been fixed as the days for these extensions.

Congratulations to Miss Jennie A. Kane, who completed her course at the Albright College in Myerstown, Tuesday, June 11, on which occasion she bravely carried second honors, having been chosen salutatorian. Thus Miss Kane adds another to the rapidly growing list of our young people whose good work abroad reflected honor upon their home town and gives pleasure to their friends.

Having made good in the best sense of the term as principal of the Lock Haven High School, Prof. Joseph C. Weirick, one of our Howard boys, is enthusiastically being applauded by the Lock Haven papers, and has been complimented by the Board of Directors in a reappointment for the coming year, with the substantial increase of salary from one hundred and eleven to one hundred and twenty-five dollars per month.

The continued and serious illness of Mrs. Loudenslayer, at Mackeyville, keeps her sisters, Mrs. S. I. Reber and Mrs. C. M. Fox, alternately in affectionate attendance at her bedside almost constantly. While there is hope that the afflicted lady may recover, the reasonable basis for hope is not so strong as could be wished for. Later the sadly worn woman was released from her suffering by death on Sunday evening.

Miss Ethel G. Sechrist, youngest daughter of Rev. and Mrs. J. R. Sechrist, a former pastor of our U. E. church here, and Milton Gardner, second son of Prof. Joseph Gardner of the township, were married at the home of the former's father in Dallas, Pa., last Thursday. They reached this point on their wedding tour last Monday, and will remain for a week hereabouts with the bridegroom's family, and then make their home in Altoona where he is employed. Congratulations to the happy pair.

Messrs. John J. Bower, Esq., of Bellefonte, John A. Way, surveyor, of Stormstown, and Horace Herring, surveyor, of Penns valley, who had been appointed by the Court as viewers to assess the damages sustained by former Sheriff Robert Cooke, and G. Antis Confer, by reason of the new line of railroad passing through their properties, came here Friday last and carefully examined each case. They will arrive at a conclusion, of course, shortly after Monday, September 15, on which date they will sit to hear such evidence as may be presented in each case, as provided in the act of assembly approved June 23, 1911.

The marriage is announced of William P. Woodward, a former Howard boy, and now designing engineer at the General Electric Company's works at Pittsfield, Mass., to Miss Marjorie K. Castle, daughter of Homer L. Castle, Esq., of Wellesley avenue, East End, Pittsburg. The ceremony was performed at the home of the bride's father at four o'clock Tuesday afternoon, June 16, by Rev. Dr. A. E. Piper, of Emory Methodist Episcopal church, in the presence of the members of the respective families and immediate relatives, and a few intimate friends of both the principals. Mr. Woodward and his bride departed for a honeymoon immediately after the ceremony, and after September 1 will be at home in Pittsfield.

Two of our young master mechanics, Cameron and Philip Holter, have just finished putting on three roofs of the famous Cortright metal shingles, for parties in and about Zion. Among them was one on the farm barn of J. G. Royer, and they found the old roof, which had been made of old-fashioned white pine shingles, and which was laid in 1844, in such state of soundness as surprised them. While it leaked in some places and Mr. Royer wanted it relaid, they found it so well preserved that it was rather difficult to get off, and they thought that with some needed patching, carefully done, it would have lasted for several years longer. It is a safe gamble that no roof, of whatever material, put on barns in these days will last sixty-nine years.

To ride with Dean John Price Jackson for a portion of the trip from his home at Harrisburg to take up his important duties as chief of the new State Department of Labor and Commerce, to which Governor Tener has most wisely appointed him; and, upon arrival at home within a few minutes after bidding him God-speed to find in the Evening Bulletin an excellent photograph of editor Charles R. Kurtz in the act of taking the oath of office as Surveyor of the Port of Philadelphia, to which President Wilson has, with even greater wisdom appointed him, was my most pleasing and encouraging experience last Thursday evening. To have two representatives of the fine type of citizenship to which these gentlemen belong, appointed to places of important trust at the same time, by executives of the opposing parties in the State and Nation, is a compliment of no mean proportions to old Centre county, even while we call up memories of her many distinguished men who served well the past generations and have gone to their great reward. Thoughtful citizens of all complexions and shades of political affiliation may reflect with just pride upon these selections, and confidently look for such administrations of the duties of these respective offices as will recall Cleveland's great aphorism, "Public office is a public trust."

W. Randall Musser, a graduate of Pennsylvania State College, and now a mining engineer for a coal company at California, in this state, was at the home of his parents, Mr. and Mrs. F. P. Musser, in Millheim, last week.

## UNIONVILLE.

An ice cream festival will be held in the Presbyterian church at Buffalo Run on Saturday evening, June 25. Everybody cordially invited.

Chappy Underwood, after three weeks' treatment at the Bellefonte hospital, including an operation for hernia, came home on Tuesday, practically cured.

William H. Buck, of Buffalo, is home for an indefinite visit.

John Rowan, youngest son of Mr. and Mrs. A. T. Rowan, who is employed with a corp of railroad engineers located at Cumberland, Md., was deluged with a shower of birthday cards on last Saturday, his 21st birthday occurring on the Sunday following. John is now a man and has cut loose from his mother's apron string and doesn't have to ask permission when he wants to galant the young ladies around, set up the ice cream case.

As 'Squire Henry Eason was doing some work on his pasture lot across the creek, a fine, large, glossy doe made its appearance within a short distance of where he was working. It gazed at him a minute and then as if to say "hi" at 'Squire' it wheeled around and struck for higher ground.

Howard Musser came down from Altoona on his motorcycle on Sunday morning and in the afternoon one of our young sports, Harry Kerchner by name, by permission, took a spin down the roads on it. On his return he encountered some automobiles which "kicked" up such a dust that he couldn't see the road and the young man went over an embankment partially wrecking the machine. Now Harry says he will confine his peregrinations entirely to a push cart or so on foot.

The happiest man in Unionville is Lewis E. Biddle. The other day the stork left a dear little boy baby at his home to gladden their home. And do you know, Harry just can't contain his "equilibrium." It is their firstborn and of course its only "pig in the pen" till the other five or six come around.

Pretty, bright, little Margaret Sickler, of Tyrone, is visiting at the home of Mr. and Mrs. A. T. Rowan, and expects to stay all summer or as long as the "wishes" will hold out. Mrs. Lansberry is not a member of the independent order of Mossbacks. Not much. She has built a fine modern porch in front of her house and has just completed the dress of the house and summer house in a beautiful coat of paint and has had the water put into her kitchen from the new water plant and she now has one of the prettiest homes in town.

Miss Beatrice Senser, the pretty vivacious daughter of Mr. and Mrs. William Senser of Tyrone is visiting at her uncle's Harry Lindemuth. The boys in Tyrone have dubbed her "Babe" because she can throw a stone as straight as if shot from a twenty-two caliber rifle and now our base ball club is negotiating with her to engage her as pitcher for their team.

Lost, on Main street, a gold watch fob about 4 inches long having attached to it a K. of P. charm. It is highly prized by the owner and a liberal reward will be paid for its return to Jos. T. Barton.

Children's day services were conducted in the M. E. church on last Sunday and were pronounced by all who were present, to have been the finest ever held here. Not a break in the whole program. The beautifully dressed children as they marched in perfect order to the front of the pulpit, their sweet singing, their well rendered recitations were an inspiration and delight and filled the hearts of all present, with joy and pleasure. The singing by the junior choir was simply fine. The church was well filled and everybody was happy. At the close of the exercises, certificates of membership to children's roll were presented by Rev. Dr. Am to nine children that were born in the last conference year. In the evening Children's day exercises were held in the Presbyterian church and were also most beautiful and charming. A duet sang by Miss Rebe Calhoun and Harry McElwain was exceptionally fine. The exercises were in charge of Rev. Carson.
