### REBERSBURG.

The Odd Fellows' Decoration which took place Saturday, the 14th, was carried through in first rate style although the weather was cutting up diodes in the afternoon. The members of the lodge who attended the exercises at Tylersville in the afternoon, returned at about four o'clock, accompanied by the Citizens' Band of Aaronburg, which organization was retained to furnish the melody for the services here. The parade was formed at about 6 o'clock and after marching through the town, proceeded to the upper cemetery, where the rites of the order were pronounced and the graves decorated. The assembly then paraded to the lower cemetery where the main services were held. Hon. Cephas Gramley was master of ceremonies and things all went smoothly under his skillful direction. The graves were decorated during which the band furnished fitting music for the occasion. Invocation was then offered and the chairman announced the speaker of the day, Colonel Taylor, of Bellefonte. Mr. Taylor, who is well and favorably known in this community, is a forceful extemporaneous orator and this address on this occasion fully met the expectations of the people who have heard him on several other occasions. He outlined the purposes of the Odd Fellows' Order and explained that the order was founded with Christianity for its base and drew smiles from the pagan Roman Empire to the summit of the Canadian Rockies to point his remarks. After this address the band rendered a selection and then the members of the order proceeded to the lodge rooms over Haines' store where they disbanded.

While the Decoration exercises went through without a hitch here, the same cannot be said of the journey from Tylersville. While Howard Stover was driving a young colt down the mountain, the bit broke and the colt slipped over the horse's head, thereby leaving the parties in the buggy with nothing but the traces to control the horse. The horse started to run and there is no telling how things might have turned out if the road had not been clear. After running a short distance the unbridled colt collided with a double rig driven by Lowell Bierly. The buggy upset and the horses came to a stand. Fortunately no one was injured, although the buggy was torn pretty badly.

We are glad to be able to report that Mrs. Clarence Long, the skilled culinary artist of the Rebersburg hotel who suffered a stroke of paralysis a week ago Monday, is on the high road to complete recovery.

Mr. C. C. Bierly is also recovering from his fall of June 5th, although the broken bones of his foot will be likely to keep him from his work for some time yet. The pain in his side and back has subsided and the fear of internal injury seems to have been groundless.

It is reported that John Stover, who is farming the William Blair plantation, suffered painful injuries on Friday. It seems that he was fixing some corn bait and one of the ingredients was powder. In some way the powder was ignited and promptly blew up, burning Mr. Stover's face pretty severely. Luckily his eyes escaped injury.

The crops in this vicinity are rallying nicely after the overdose of cold snap in the beginning of last week.

Snake stories are beginning to circulate again, which is a good sign to keep your eyes peeled while going through the underbrush. Also, a young sapling is a nice article to have along.

The festival given by the Sons of Veterans last Saturday evening was a complete success. The Aaronburg band furnished the music while the men distributed the refreshments which consisted of fruit, confectionary soft drinks and ice cream.

### PLUM GROVE—Union Twp.

Our Sunday school was largely attended last Sunday by both young and old; the citizens are taking an active part, to bring our Sunday school to the front. We now have seventy-one members on the roll, with prospects of gaining. Next Sabbath there will be Sunday school at 2 o'clock sharp, to be followed by preaching service, conducted by the Rev. Summers, of Runville. Let us have a full house.

The outlook is that the frost did not do much damage to the wheat and rye in this vicinity. Corn, however, is small; oats look well, and hay will be a pretty fair crop.

The scribe was surprised on Saturday night to meet Clair Morrison, of Dix Run, at the Plum Grove festival. Clair is a young man who has a kind word for everybody, young and old. My hat off to you, Clair.

The festival held at the Plum Grove school house last Saturday night for the benefit of the phone line, was largely patronized, and truthfully may be said that never before was there a better-behaved crowd gathered in this place. \$23.95 was taken in at the stands and cake-walks. We are going to hold another festival in the near future and expect to see your smiling faces then.

The foot race between the scribe and Domino was a failure. The latter, on his way down from Unionville, stopped to play with Ellis Way's dog and got kicked on the thigh by the dog and knocked out of commission.

Willis Davidson took another trip last Saturday to Altoona. Wonder what the attraction is? Suppose he was reading in the Good Book and got kicked on the thigh by the dog and knocked out of commission.

At the present little Elmer Fisher, grandson of D. W. McCloskey, is suffering with malaria and ague, which was contracted before he left Florida this Spring.

Never before in the recollection of the scribe has there been better prospects for a big crop of all kinds of berries.

The four young men who were in Ellis Way's strawberry patch at a distance of about a mile, were recognized by Mrs. Way, but out of respect for their parents all names will be withheld from the public. Boys, remember before it is too late.

Quite a heavy electrical storm passed over this section on Sunday night; although we did not get much rain it made the gardens look more promising.

Lou Pletcher, of near Curtin, is all smiles on account of the stork leaving a bright baby boy at his home. Both mother and babe are doing well.

Rev. James Edwin Dunning, wife and children, were guests Sunday at the home of Bion Williams.

The question was asked by the Julian correspondent: Who was Cain's wife? The Bible don't say who she was, but I suppose Cain knew, for she bore him a son and named this son Enoch, and they built a city and named the city after the son, Enoch.

Mr. Correspondent, if you are wiser than I, please figure it out.

Here is one to solve: How long was Noah building the ark?

Children's Day will be observed in the United Evangelical church next Sunday evening. Everybody is cordially invited to attend.

Children's Day was observed in the M. E. church on Sunday evening, last; the program was fine and the children all did well. The church was beautifully decorated and was crowded to its utmost capacity standing room being at a premium. The ladies deserve much credit in training the children.
