Bright, Newsy Letters From the Various Sections of the County.

July 4th. As it was his first trip to Wilkinsburg.
the celebrated battlefield, he enjoyed The Misses himself very much. Nevertheless it is his opinion, that some of the old soldiers would have had just as good a time if some of the hawkers and boisterous autoists had been put in cold storage during the reunion. Reliable information was as scarce and hard to get as the hair on a hen's teeth. The state constabulary seemed to be the only ones who were on their jobs they did their work right up to

the hilt. The Rebersburg Hotel is still doing business at the old stand. This information is for the benefit of erstwhile patrons who might not recognize the place the next time they blow into our city. Manager Long has had the hostelry re-painted and generally overhauled and it looks like a new institution now.

In the west the opinion exists that all of the land east of Chicago is either worn out or else barren and rocky hillsides. Your correspondent would like to take some of those west-"boosters" through this valley at the present time and show them what can be done with a worn out farm in backward season. We took a turn at pitching wheat last Saturday and Both of these bills were common sense we have about concluded that a man and worthy. Presumably, they were might as well work for a living as to pitch the kind of wheat they raise here all day long.

Wheat is not the only crop that can be raised on our worn out farms. All the corn we have seen yet looks like some corn in spite of the fact that J. Pluvius and Old Boreas were scrapping for supreme control for about six weeks during corn plant-

ing season. Miss Florence M. Bierly, now of Altoona, visited her former home at Mr. and Mrs. W. H. Frank's, for a week, after having taken in the patriotre sights at Gettysburg with her cousin and uncle. She has grown to be a stylish young lady and her many

friends were glad to greet her. Nearly every one tried to do week's work last Saturday as it was a nice dry day.

The auto-bus of the Rebersburg-Coburn Transportation Co. developed a lame leg the first of last week and as a result Manager Walker was obliged to utilize man's friend, the horse, until he could have the injured member treated at a Williamsport smokewagon hospital.

Every one is too busy to worry about the conditions of the "statebuilt" roads at present. Mrs. Amanda Kessler, who has been

ill for some time past, is slowly improving.

C. E. Boyer, of Loyalton, Pa., was a business visitor here last week. Mr. Boyer is an applicant for the principalship of the high school here, which position was left open by the departure of Prof. Stapleton, who accepted the principalship of the Mill-

Mrs. J. P. Condo and daughter, of York, took lunch at the Rebersburg Hotel last week. They were on their way to Coburn after visiting relatives at Logan Mills.

Attorney D. Paul Fortney, of Bellefonte, was here last week, appearing before Squire Carlin in the case of Syler vs. Syler. Attorney Potter, of Philadelphia, represented Mrs. Syler, who did not appear.

It is reported that Lowell Bierly sold one of the best horses in Brush Valley to A. H. Johnson of Lock Haven last week. The animal in question is a big black gelding weighing in the neighborhood of 1600 lbs. It is understood that the consideration was

Curtis M. Bierly and family, Dent's Run, are the guests of Mr. Bierly's mother, Mrs. Pauline Bierly. Miss Celia Stover, 10-year-old daughter of Manassas Stover of Livonia, who was bit by a snake about ten days ago, is reported to be doing The little girl was bit on the hand and at first no one suspected the nature of the bite. Consequently zer. it was several hours before Dr. Bright, of Rebersburg, was called. Considering the length of time that elapsed before treatment was given, it is remarkable that the wound did not uncle, Mr. Geo. Stover, took his gun and searched for the reptile that did the damage and after a while he saw one and shot at it but it managed to get away. Several days later a snake was killed in that vicinity with a hoe and upon examination it showed where some shot had struck it. This was probably the same snake which Stover shot at. It was a large

rattler carrying 13 rattles. S. M. Spangler, of Newton, Kan., George Corman, of Freeport, Ill., and H. E. Weirick, of Stockton, Ill., are three veterans who enlisted in the army from Brush Valley. They attended the reunion at Gettysburg. Mr. Spangler was accompanied by

An auto party composed of Hon. Cephas Gramley and wife, Claude Haines and wife and son, Kenneth, took a spin to Bellefonte last Monday to take in the Chautauqua.

John Killinger, a veteran of the Civil War, who left Brush Valley some fifty years ago, visited here for the first time since then, on his way home from the encampment at Gettysburg. Mr. Killinger now resides at Topeka, Kansas. Chas. Weber and family, of Phila-

delphia, are visiting Mr. Weber's mother, Mrs. John Breon. Miss Mary Bright, who has been studying music in Philadelphia, is at ome on a visit.

Mrs. Stewart Weber, of Washington, D. C. is visiting with her parents, Mr. and Mrs. Henry Meyer. Gov. "Long John" Tener seems to have it in for our worthy citizen and representative, Hon. C. Luther Gramley; for he has thus far vetoed two of his bills upon a trumped up excuse of his attorney general who was selected for him by the Philadelphia bosses

passed upon by the State Legislative Reference Bureau, an expensive hum-bug coined out of the polygonal brain of old Pennypacker. Yet Tener finds enough laxity in the wording of these bills to base a veto. The one validating the acts of Justices of the Peace during the extended term was very proper, in order to save all questions as to the validity of their acts.

The Chestnut Blight humbug has thrown up the sponge and our people are glad they are thus rid of an expensive nuisance. The bill the Commission got passed authorizing it to hire a lot of loafers to tag and cut down other than Chestnut trees, therefore goes with the fall of the main humbug. The secretary of the commission, Harold Pierce, of Haverford, in the suburbs of Philadelphia,

was disgusted because they did not get a million. The Jones road law which seeks to put all the township roads under the State Highway Department, was so emasculated before it went through the legislature, that the Automobile Trust would hardly recognize their child. Even our own representative, who at first voted for it, lost his enthusiasm and is not recorded on the final passage of it. It is well. The bill as passed and signed, hedges the sections, giving 50 percent, in aid of roads built by State contractors, or according to State plans, with provisos that would make it almost im-possible for any township to get any money from the state at all. The State Highway loafers would use all The Jones who was the introducer of With her.

He copied most of the bill from the New York Graft Road law, which has caused so much scandal, even in tax-ridden York state. It had a provision in it for a State Supervisor at \$6,000 a year to run the graft machinery and one of the champions of the bill, representing the Motor Club of Lycoming county, even favored giving this job to a resident of New York named Lyons. The farmers are getting on nicely with their grain; nearly all the wheat has been put away in spite of so much wet weather.

R. S. Confer, accompanied by Chas. Walters and Frank Swarm returned home Saturday after finishing their harvest at this place.

A number of cattle have been found dead on the mountains where the farmers of this vicinity are accustomed to pasture them through the summer season. The cause of their death is not known for certain. Dr. S. M. Nissley, V. S., who examined them, said they had not been found soon enough to be absolutely certain, but he believes their death was caused by the buffalo and deer disease. Those who sustained loss in this section as far as is known are, L. P. Croft, two head; D. W. Boyer, one, an of which were found near the Beech

Eczema on Face, Back of Ears and Scalp. Also on Hands, Arms and Limbs. Itching and Burning. Cuticura Soap and Ointment Cured.

6025 St. Marie St., Pittsburg, Pa. -"Four years ago I had a breaking out on my skin, some on my face, back of my ears and on my scalp which was the worst place. and it caused my hair to come out. It was also on my hands, arms and limbs. They said it was a form of oczema. I had that awful burning and itching and especially on my scalp. The eruption was like a rash and would get dry and scale off. It itched and burned so badly that I could not keep from scratching it. Everything that touched it irritated it. I could not rest at night and would scratch in my sleep. My hair crop out in handfuls. I could not put my hands in water often, for that only made the trouble worse and made the knuckles crack open and bleed.

"I used a medicine for almost a year without a cure. So one day I thought I would try the Cuticura Soap and Ointment, as I had seen by the papers of cures by them. I washed the affected parts with the Cuticura Soap and then applied the Cuticura Ointment. They relieved the burning and itching almost immediately, and by using every day the eczema continued to improve and in one month I was cured and have never had a return of the trouble since and it is more than three years since that time." (Signed) Miss E. R. Johnston, Mar. 25,

Cuticura Soap 25c, and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card|" Cuticura, Dept. T. Boston."
