Peter Raab Dead. In addition to the formal notice of the death of Mr. Raab in the last issue of the Democrat, the following is presented by his children as covering more of the details of his life, and particularly interesting to his friends. In this notice the original German spelling of the name is used.

as Mr. Raab adhered to it all his life: Born April 16, 1829, (aged 84 years and 3 months) in the village of Laufdorf, Hesse Cassel, Germany, His education was received in the public schools of Germany. At the age of 23, 1852, he with his father, Jacob Ramb and sister, set sail for America. They landed in Philadelphia in the month of May. The first summer he spent in Lancaster, Pa., working an uncle. In the early winter of 1852 he, in company with his uncle, Peter Uhl, came to Curtin Twp., Cencounty, where they bought tracts of land of 100 acres each. This land was at the foot of the mountains, was hilly and covered with heavy timber, very little of it cleared. During the winter his father and sister came to section. The first year they farmed a tract of land in the northern part of Liberty township. During that year a log house was built the newly acquired tract of timber land, and they moved into it, unfinished, in the spring of 1854. Sept. 6, 1853 he was married to Anna Mary Gath, who came from the same village in Germany and in the same company with him. She is still living and had he lived until Sept. 6, they would have been married 60 years. They celebrated their golden wedding ten years ago while living in Howard, Pa. Mr. Raab took much interest in the public affairs of Curtin township. In his time he served in nearly every office in the gift of the people. He was especially interested in the public In 1883 he bought a farm near Howard, Pa., and moved onto it. After living here for a few years moved back to the old homestead in Curtin township and in 1894 he moved to the town of Howard where lived until 18 months ago, when advancing years compelled the aged eak up hous they made their home with their son, Jacob, on the farm. After a brief illness he departed this life July 16, Mr. Raab was much interested in the church of his choice, the Reformed church in the United States. He held continuous office as elder or deacon in the Eden congregation at Romola, Pa., for a period of about 57 years and was an elder at the time of his death. He has been a reader of the church paper in German for a period of over 50 years. Seven children were born, two of them dying in infancy. The only daughter, Mrs. Ira C. Packer, died in 1894. The sons living are, Jacob, Howard township, farmer; Peter, Curtin township, farmer; Rev. Dr. Lewis, pastor of Reformed church, Wilkensburg, Pa., and George D.

church he dearly loved. Contract Completed.

Almost within the limit of a year
the firm of A. L. Anderson & Brothers, incorporated, of Altoona, have completed the important contract of building the (nearly) four and onehalf miles of low grade line at this place, which constitute a part of the extensive improvements in grade and alignment which the Pennsylvania Railroad is making along the Bald Egie valley line, all of which are rapidly approaching completion. coming of the lrge number of foreign laborers into our midst was regarded with no little apprehension by a few of the more timid of our population who feared that their known convivial habits would disturb the usual quiet of our community. A very short experience served to dispet these fears, as a more orderly and well-mannered set of men, women and children could not be wished for. Not a single disturbance of the peace of any importance occurred among them while here, and on the other hand many pleasing acquaintances and even friendships were made. The bearing of the several members of the contracting firm who appeared here in personal charge of the work, was in all respects that of gentlemen, and in all their relations and dealings with our people they have proven them-selves men of probity and fine character, and their going leaves with us only feelings of regret. This week sees a complete vanishing of their men and equipment, which has been divided, as their business requires, among the four contracts which the firm now has on hand at Buffalo, on the Allegheny Division, Cameron, on the Eric Division, and Ben's Creek, on the Pittsburg Division of the Penn-

principal of the Altoona high school.

"Watts," and not "candle-power," is the word which my friend, Balser Weber, manager of the Centre Electric Company tells me I should have used when I wrote that our new light-ing plant carries fifty lamps of "two hundred and fifty candle-power each. While the children Stover were playing along a bank beside the public road a short distance from Geo. Stover's, Cecil, aged 9 years, was bit in the hand by a rattlesnake The hand was at once tied above the wrist by L. M. Stover and remedies applied, until the arrival of Dr. Bright, who was with the patient almost day and night for three days when she began to improve and has been improving ever since, which really seems almost miraculous as the hand, arm, back and breast around the shoulder were black and swollen in a horrible manner but the skill of the physician and watchful care of those who nursed her, seem to have won the day Four days after the child was bitten the snake was killed by John Wolf, at the exact spot where the children had been playing.
