Bright, Newsy Letters From the Various Sections of the County.

REBERSBURG.

On Friday evening Jared B. Kreamer quietly celebrated his 69th anniversary at his palatial home surrounded by his children and grandchildren, his good wife and brother-in-law, Dr. Bright and Mrs. Bright and daughters. His daughters, Mrs. Samuel Frank and Mrs. W. F. Solly and their children aided in making the occasion memorable. The evening was spent pleasantly by a musicale in which the participants were Mrs. Solly, Miss Mary Bright, recently from Temple University Conservatory of Music of Philadelphia, Miss Annabel Solly and Mrs. Reed Bierly, who was invited to play some classic selections with violin. Mrs. Solly and Miss Bright accompanying with piano. The pleasure of the evening was further enhanced by violin duets by Mrs. Solly and Mrs. Bierly, while Miss Bright admirably performed the most difficult piano selections with a finished technique and splendid execution. Miss Annabel Solly played her piano selections with the grasp and finish of a real genius, she being not yet in her teens. Mr. Kreamer received the heartiest congratulations on his anniversary and the merry remembrance, he declared, added twenty-five years of youth.

The mention made of John H. Chatman, of Wayne Station, in last week's Democrat, merits further elucidation from this neck of the woods, since the poet of the Otzchnachon not only received his early inspiration at the Rebersburg Select school but also his marital felicity. He met here his life's help-mate who was the youngest daughter of Philip Gramly, Sr., and therefore the aunt of Hon. C. L. Gramly. We cherish an affectionate memory of "Long John the Poet," and preserve his various lucubrations in the art metrical and mystical.

In the last issue of the Democrat we were advised in an item copied from the Harrisburg Telegraph, (a paper seldom correct, that the Secretary of the Commonwealth had the onerous and ridiculous task imposed upon him to read from the Capitol steps, the titles of all bills disposed of by the governor after the adjournment of the legislature. Section 15 of Art. IV of the Constitution provides that all such bills shall be law without the Governor's signature, "unless he shall file the same with his objections in the office of the Secretary of the Commonwealth, and give notice thereof by public proclamation within thirty days after such adjournment." The constitution here makes it the duty of the Governor to give notice of his disapproval, "by public proclamation." So far as the Secretary's stunt is concerned he might as well perform it from the crupper of the Hartranft tallion on the perch of Edwards' children of the Garden of Eden!

The most industrious gatherer of the luscious fruit called huckleberry is Mrs. Catharine Nease, who starts off at five a. m., on her morning walk over several mountains and usually returns about noon with 20 to 25 quarts. Willis Frank Bierly has brought city market prices to the very doors of our farmers for their produce, laying down the highest cash price on their dining tables, and has enterprisingly established an exchange of commodities which the Grange in its palmist day never achieved. His father was the leading granger in these valleys, but when the organization became a vehicle to get state and county jobs for its political palavers, the organization collapsed hereabouts.

"I am an old man—and many of my troubles never happened."—ELBERT HUBBARD

THE white hair and wrinkled faces of our busy men and women tell of doubt, fear and anxiety—more than disease or age. Worry plays havoc with the nervous system—so that digestion is ruined and sleep banished. What oil is to the friction of the delicate parts of an engine—

DR. PIERCE'S Golden Medical Discovery

is to the delicate organs of the body. It's a tonic and body builder—because it stimulates the liver to vigorous action, assists the stomach to assimilate food—thus enriching the blood, and the nerves and heart in turn are fed on pure rich blood. Neuralgia "is the cry of starved nerves for food." For forty years "Golden Medical Discovery" in liquid form has given great satisfaction as a tonic and blood maker.

Now it can be obtained in tablet form—from dealers in medicine or send 50 one-cent stamps for trial box. Write R. V. Pierce, Buffalo.

A Big Bundle of Currency

Is a pretty dangerous thing to display or to be known to be about you. But a check book of the Bellefonte Trust Company is never a temptation to violence. It is of no use except to the owner. Why not carry such a check book instead of the dangerous cash. Some murdered men would still be living if they had followed that prudential plan.
