People who have to pay 20 to 30 cents a pound for meats blame it all farmer. They do not for a minute stop to reflect how many difficulties and obstacles are in the way of any one who tries to raise taken beneath her great hydranges, live stock in this state. Since the before they left. State Live Stock Unsanitary board has got in its work, people have sub-mitted to all sorts of annoying interference; in many cases, their cat-tle being killed on a pretense that they had some contagious disease, or another and their idemnity has been held up. "Progressive" Powell, who

as a blatherskite and fake reformer, their mills. Apple wood is used to is entitled to the whole bake-shop, is still holding up the \$22,000 appro-priated to repay farmers and others for cattle killed by the peripatetic State L. S. S. B. As long as the people in the cities and towns vote for such officials, let them pay for their meat, if it goes to \$1 per pound. The farmers are now raising very little more than they themselves need.

Young cherry trees, as well as larger ones, are now affected by an all-ment which needs attention. An examination where the wax exudes through the bark shows that the tree has been stung, and not only the white wood but the heart wood is affected. Thus far, we have not found what is the cause. Following the wound with the knife, into the wood as far as it is shown to be affected, has failed to disclose either worm or insect. This would indicate that it operated earlier in the season and has escaped. We would like to hear from Chas. A. Green of the Fruit Grower, who is the best authority in the world on fruit trees and their dis-

condition. The indemnity, too, is

a delusion, in the case of infected cat-tle brought into the state. We mountaineers note what the chief forester of the state has to say about the causes of forest fires. We also note that he wholly omits the chief cause where railroads traverse mountainous regions. The state mountainous regions. The state government we now have was too busy serving the corporations, side-tracking the constitution and repealing wholesome laws, by its public utilities job, to provide for suitable local fire extinguishment and to compel the railroad companies to put out the fires they set along their tracks. Perhaps the superfluous \$10,000 Ralaried commission will enact some utility rule to meet these cases!

Beef retails here now at 16c to 20c pound-almost as high as at Curtin, were guests of Ed. Neff and Bellefonte and Lock Haven. Rev. W. F. Solly has joined the family group at J. B. Kreamer's, James Polk Frank, who has been

patrons this week, on Friday instead of on Saturday morning. Tom has established a good business.

The Wise String Band, of Madisonburg, practiced music the past week for the Hazel-Shafer family reunion, which was held yesterday at Madisonburg. They received an accession for the occasion in the services of Prof. Karl Reed Bierly of Rebersburg. (Full report next week.)

The parody on Barbara Fritchie in last week's Democrat evoked a letter from Col. W. S. Goudy, of Medford, Oregon, who was a member of Genl. "Stonewall" Jackson's corps during the invasion of Maryland in 1862, which led up to the capture of Harper's Ferry and the bloodlest one-day battle of the war at Antietam creek near Sharpsburg. He states that the poet who wrote "Barbara Frietschie," originally, drew wholly on his fancy No such contratemps occurred. Genl. Jackson did not stop in Frederick at all, but on his way to Harper's Ferry camped on the main road leading thereto. Frederick was in charge of a provost marshal and if any occured between him and Dutch woman mitout some fears," it was not "Stonewall." Longstreet's Longstreet's corps camped on the road to Boonsboro. After the fight at the river the Federal troops retreated towards Baltimore, and Jackson turned his attention to the capture of Harper's Ferry, which was garrisoned by 10, 000 Federals under Genl. Miles. The Colonel also remarks that we have the Japs in the right stall. The Japs and Mexicans are alike and should be kept out of this country. If we have to fight both, the devil will be to pay. Mrs. Flora Burd, of Philadelphia, is visiting her mother, Mrs. Jonathan

Much interest is taken in the impeachment sprung on Gov. Sulzer of New York. Our lovers of fair play say they are trying to flim-flam Bill. This is because they are taking advantage of an extra-called session to oust him and insist in having him vacate before he is impeached. Preferring charges to impeach is only a preliminary towards impeachment, which takes place alone when the senate finds Bill guilty, by a consti-tutional vote, and declares him ousted by its sentence. Until that occurs, he remains governor and is entitled to all his powers. If this were not so, the presumption of law would be reversed which declares every man accused of crime to be innocent until duly proven and found guilty. Such a condition would lead to anarchy it-self. The men who are thus proceeding are themselves anarchists, deflers

of all regular government.

DRY ECZEMA ON LEGS AND BODY

Broke Out With Pimples, Itched and Burned. Cross at Night and Could Not Rest. Used Cuticura Soap and Ointment. Permanently Cured. Troubled No More.

31 North Rock St., Shamokin, Pa. - "My baby started with dry eczema on his legs and body keeping him awake half the night with itching and burning. The eczema broke out with pimples just red and large which itched and burned. 2 2 If he scratched it became very sore, and if not it would become dry and peel off. He was very cross with it, especially at night and he could not rest. "I tried four different remedies

and two other ointments without success. I heard Cuticura Soap and Ointment were good so I got a sample which I used at once. The baby seemed very much relieved and I then got a large box of Cuticura Ointment and with it a cake of Cuticura Soap. I applied the Cuticura Ointment three times a day, washing the first application off with the Cuticura Soap before applying the new. I used the Cuti-cura Soap and two boxes of Cuticura Ointment before he was permanently cured. Now he is troubled with it no more." (Signed) Mrs. R. H. Kinney, Mar. 14, 1913.

For treating poor complexions, red, rough sands, and dry, thin and falling hair, Cuticura Soap and Cuticura Ointment have been the world's favorites for more than a generation. Sold everywhere.
