Address By W. R. Bierly, Esq. Our ancestors came from the Ger-man Pfalz or Palatinate which was, in the end of the 17th and the beginning of the 18th century, an inde-pendent German Principality or Electorate. It lay on both sides of the historic Rhine; west of the Rhine, to the valley of the Moselle, to the confluence at Coblentz, and south to Spier, with Lower Alsace as the southern boundary on the west side, and Wurtemburg on the east side. East of the electorate lay Hesse Darmstadt and North Nassau. There were two Palatinates-lower and upper-the lower called Rhinish and the upper Bayarian. This was once the garden spot of Europe. It was the nursery of religious and political freedom, the seat of learning, the home of justice. In it were Heidelberg, Mannheim, Worms, Oppenheim, Mainz, Frankenthal, Rudesheim, Treves, Oberstein and Bingen-Kreuznach, calm Bingen on the Rhine, celebrated in song and story; Heidelberg, where the Reformed University was place in history. established, and the catechism adopted; Worms, forever famed, because Martin Luther went there though as he said, "there be as many devils there as tiles on the roofs of the houses," and alone confronted Emperor, princes, pope, cardinals and doctors of divinity, with his German translation of the bible and the sim-ple human Christianity it taught. This garden of the world our European ancestors enriched with blood, shed in the cause of truth. From it they were driven by civil and ecclesiatic bigots, the rapine of war, the ambi-tion of princely bigots, allied to the Roman hierarchy and old world monarchy. Among the early settlers of Brush Valley, in the twilight, before It was to this command that Capt. vespers, our grandfathers and Benjamin Weiser's company belonged, grandmothers related the terrors of his first Lt. being then Jacob Bower the 30 years' war, largely persecution and the second Lt. Senator Beidelman, in his history of the Pennsylvania Germans, says then 'began a chapter in the history of nals of Buffalo Valley: Capt., the Palatinate which has no parallel in the history of the world, for savage brutality, and the atrocities perpetrated by the French soldiers, with the approbation and under the direction of the French monarch. The invasion of the Palatinate was attended by such monstrous crimes, that a belief in them taxes the credulity of mankind, notwithstanding the barbarities of the Turks in these later days. No war was ever waged with such ferocity, as characterized the French atto subjugate the Palatinate." tempt Pfalz was peopled by Lutheran and Reformed and Calvinist heretics, to whom no mercy was shown.
