A sensible vote in November upon Every constitutional amendment pro-posed is NO.. It cost the state \$170,-000 last year to advertise the amendments in Penrose papers. Teach these special interest constitution tinkers that their tinkerings are not worth "a tinker's dam." Every tax-payer should come out and vote "NO," on the amendments, and for these reasons: No. 1, is the \$50,000,000 graft road bond steal. Bigelow now indicted in two counties. No. 2 pro-poses to amend the article restrain-ing special legislation so that a servile legislature may pass special laws to promote idleness, strikes and boycotts. No. 3 proposes to make judges' elections come on municipal election days alone. Judges are not municipal officers but public officers of the state. No. 4 proposes to change the rule that taxes shall be uniform upon the same subjects, by inserting power to levy indeterminate, uncertain and dubious taxes to be called "graded or progressive taxes," which is all "progressive" rot and graduated hypocrisy. No. 5 proposes to authorize a municipality to increase its debt for water works, etc., so that such debt shall not be considered in the limitation but its debentures drawn on a future tax levy shall be exempt therefrom. This feature in itself is Anna Kelley, of Valley View. They just and proper, but the snake in the passed through town last week and of an increase of debt to ten per centum on the vote of three-fifths of the electors voting at such election. 6,000 electors, if only 4,000 vote, 2400 can cause an increase of fixed debt to ten per cent. of the valuation of all property. The safest course is for every voter to come out and vote NO on every amendment and show the constitution tinkers that it is time to quit their foolishess, in taxing the people and spending their money.

It seems that the "hymenopteron," which eats the San Jose scale, was not discovered at all by Surface of the state bug house. Prof. Grim of the Kutztown State Normal school is out in a statement that he is the discoverer and reported the facts to Bradley, last Sunday. Surface, who forthwith issued one of George McCullough completed his his flamboyant state bulletins, claiming the whole credit. Listen now! In a conversation with Hon. Henry Meyer of this town more than a year ago that veteran naturalist stated curb that there was another bug appear- We ing to destroy the San Josies. got was when he was sitting on the floor and he would lay his face on the cold oil-cloth. "We tried two treatments and we used remedies for eczema ever since the child was born, and nothing seemed to do him any good until we received a sample of icura Soap and Ointment. I took the child and would wash him good with Cuticura Soap and then I would put the Cuti-cura Ointment on. I would leave the Oint-ment on about an hour then I would wash him off good with the Cuticura Soap. The trouble lasted about three years before we used Cuticura Soap and Ointment. We purchased more Cuticura Soap and Ointment and used them two months and it went away." (Signed) Mrs. Wm. Probst, Apr. 14, 1913.
