Barn Burned in Ferguson Twp.

The large barn on the G. W. Ellenberger farm, better known as the David Ross farm, near Ross' church in Ferguson township, was entirely destroyed by fire on Wednesday evening of last week. The fire was discovered about five o'clock and while the family and neighbors succeeded in saving the stock and farm implement all of this year's crops were destroyed. The farm is tenanted by Arthur Ellenberger, who will be a big loser. The barn and contents were partially insured in the Centre Hall fire insurance company. It is only a few weeks ago that a saw mill on the Ellenberger farm was burned and how both fires originated is a mystery.

Doctors Use This for Eczema

Dr. Evans, Ex-Commissioner of Health, says: "There is almost no relation between skin diseases and the blood." The skin must be cured through the skin. The germs must be washed out, and so salves have long ago been found worthless. The most advanced physicians of this country are now agreed on this, and are prescribing a wash of wintergreen, thymol and other ingredients for eczema and all other skin diseases. This compound is known as D.D.D. Prescription for Eczema.

Dr. Holmes, the well known skin specialist writes: "I am convinced that the D.D.D. Prescription is as much a specific for eczema as quinine for malaria. I have been prescribing the D.D.D. remedy for years. It will take away the itch the instant you apply it."

In fact, we are so sure of what D.D.D. will do for you that we will be glad to let you have a \$1 bottle on our guarantee that it will cost you nothing unless you find that it does the work.
