Council Meeting.

With Messrs. Fox, Kline, Mayes, McDowell and Schenck present, council met in the school house at eight o'clock. Minutes of last regular meet. ing were read and approved. Minutes of a special meeting held in the office of member J. Will Mayes were read and approved. The only action taken at this meeting was the appointment of Herbert Wyland to act as policeman on Saturday nights, and at such other times as may be directed by council at one dollar and a half per. If the appointment accomplishes the very laudable purpose of maintaining even half-way proper order about the central part of the town, paticularly at the corner of Main and Walnut streets, at the station and between these two points, the cost of it will be amply repaid. Street committee reported crossings at Fox's and Beck's completed, and side ditches on some of the streets opened. Mr. Mayes reported that he had a contract to lay a concrete pavement for Rev. C. Logan McKinney, but noting the near approach of freezing weather, asked permission of council to tear up the old board walk, and fill in with cinder, making it safe, and postpone the concreting until spring.
Granted. The secretary was directed
to notify H. A. Moore to raise the
short portion of sidewalk in front of his lawn to grade within ten days, and also to repair boardwalk on Maple street. Street committee and Mr. Jackson Kline arranged to join in relieving the corner of Main and Walnut street as Kline and Wolf's store of surplus water. Sescretary then directed to notify "the Lucas heirs to remove the old 'salt shed,' in the rear of C. C. Lucas store within thirty Council agreed to meet here after, until further notice, at half past seven. Water committee reported reservoir not yet cleaned, nor pipes flushed because no men could be found to do the work. Nuisance committee reported no progress in preparing ordinance to prohibit sale of fire works at half past seven. in borough. Bills amounting to \$76.22 were read and ordered paid.

Hallowe'en. Whatever may have been the determinant influence, the pleasing fact remains that the celebration of this universally observed night of recreation and jollification in our town was almost entirely devoid of the rudeness and destructiveness which have hitherto very often seriously marred W. Holt's lumber teams, moved into the celebrations of former occasions. the Weber Thomas house on Walnut A very few old wagons were found at the cross roads in the morning, and here and there a porch swing was unhooked, or some other piece of porch furniture located on some near neigh-bor's lawn. But there seemed to be an entire absence of malicious or destructive mischief. structive mischief. Nothing that would cause serious loss or trouble was attempted, and the too prevalent reckless destruction or injury of property was not all in evidence. Moreover, thee was no ringing of the church bells, a practice which has often been the source of righteous indignation and offence to many of our church people. On the other hand there was no lack of rational hilarity enjoyment. Masqueraders and "plain clothes" people, of all ages and sizes marched up and down the streets, led by a very clever travesty of a brass band, which, with the accompanying miscellany of shouting and singing, seemed to give all needed vent to the peculiar fun-making ten-dency of the occasion. Corn was strewn upon the porches in profusion, and "tick-tacks" rattled on the windows, sometimes to the annoyance of the timid, and all this and more was kept up until "the wee, sma' hour ayant the twal," when the usual good order and quiet of our order-loving burg prevailed. Too much credit cannot be given to our young people, (and to some of the older ones, too.) who brought about this much improved manner of celebrating the good

William Harvey Pletcher Dead.

Mr. Pletcher was born here, son of Mr. and Mrs. Reuben Pletcher, and if he had lived until Dec. 18, would have been forty-one years old. The rec-ords of the Methodist Episcopal church show that he was received into full membership at twenty years of age, and was an active and efficient worker in the cause all his life. His wife was Miss Miller, and with their four children, Beulah, May, Paul and Carrie, survives. Mr. Pletcher left this place when yet quite a young man, and has made his home in Con-neautville, Crawford Co., where he was employed in a furniture factory. Probably the most promptly obeyed 'notice" ever given by our council was that of Monday evening, directing the removal of the "old salt shed" in the rear of C. C. Lucas' store. The resolution was passed about nine o'clock and not long after midnight, the shed was resting broadside and shires, on the adjoining sidewalk. The connection between the two events has not yet been revealed, thou Ih the Williams succeeds report that some of our "boys were sers as Burgess. It has been surmised by some of ou knowing people that some day in the not very far distant future there would be a wedding in our town, in which our bright and vivacious young friend, Miss Rosetta Cooke would be the star, and a certain handsome gentleman, J. G. Rathmell by name, whose ome is in Hublersburg, would be the happy supporter. Lately the interest ncreased and grew into a rather indefinite rumor that they had played the slip on us, and that the wedding occurred last week. Two "serenades," ipon succeeding evenings, were tendered and politely accepted, and yet no one felt sure. Now it is the good fortune of the Howard letter to an-Mrs. Clyde Lucas and little son, of nounce authoratively that the happy Tyrone, spent Thursday with grandpa two were made one upon the twentyeighth of last August, in the quietest sort of way, and have been laughing in their sleeves at the fine way in which they fooled us all this time. James Philip Confer, of Springdale, Allegheny county, was in town last week looking up his many relatives living here, none of whom he had ever seen before, and enjoyed himself greatly in meeting them and some of ur older citizens of whom he had often heard through his father, James Philip Confer, Sr. The first James Philip, known here among his inti-mates as "Red Phip," on account of his ruddy complexion and to distinguish him from other Philips of whom there were several in the family connection, and whose wife was Miss Melinda Fox, left here in eighteen fifty-two, and finally settled down in Springdale, about sixteen miles from Pittsburg, having lost his first wife and married another, and where our recent visitor was born and has al-ways lived. BeSureYou Get The Right Overcoat!

When the time comes for you to buy an overcoat, just remember one thing: Keeping you warm in cold weather is the least important part of the service an overcoat gives a man. Almost any good outer garment will keep you warm; a good blanket would do it. But when you're out doors your Overcoat is what people see of you; its what makes your impression.

The Sim Overcoats have the style, the swagger, artistic air of distinction that every man is glad to present.

You'll see no Overcoat Style such as we are showing. No assortment of different cuts and fabrics, and all moderately priced.
