

OVER THE COUNTY.

Mrs. Dorothy Shirley has resigned her position in the school of mines at State College and returned to her home in Philadelphia.

Prof. W. A. Frise, of Centre Hall, has been laid up as the result of a fall on an icy walk while on his way home from attending Masonic Lodge Tuesday evening of last week.

Harry Meyer, who was raised in Centre Hall and is a son of Solomon Meyer, the music teacher, was elected one of three commissioners who with the Mayor will have the government of Williamsport in charge.

E. H. Ziegler, of near Madisensburg, sold the timber on his farm to John R. Thompson; consideration \$4250. This tract contains the best timber remaining in the eastern part of the county, and covers about 70 acres.

Last week Wednesday, John D. Lucas and a force of carpenters began the erection of a new barn for D. Geiss Wagner, on his farm south of Centre Hall. The barn is to take place of the one burned by being struck by lightning.

Wm. Cartwright, of Sandy Ridge, out hunting from 9 o'clock a muntill noon, went home with a four pronged buck. John Batchler, of Phillipsburg, went one better with a five-pronged deer, shot at Dayton's run. But he had been out considerably longer.

Earl Cummings and Fred Wolf, of Aaronsburg, chased three bear cubs in Fox Gap, to near where William Wolf was stationed on a crossing, and the latter managed to kill two of them and cripple the third. The crippled cub was then killed by Fred Wolf.

Rev. Marshall C. Piper, who some years ago was pastor of the Methodist Episcopal church in the Pottsville Valley, was a State College visitor recently. He was accompanied by his son, Rev. Foster Piper, who is pastor of the Epworth church in New Haven, Conn.

W. F. Smith, of Millheim, who owns a large tract of land, will install a water line on the premises this fall. The line will require more than one hundred and thirty rods of pipe, most of which will be lead. The farm is occupied by John W. Zerby.

Miss Margaret Weaver, of Aaronsburg, has returned to her home after having spent the greater part of the summer at the Hubbersburg Hotel. Margaret has hosts of friends who were ready to greet her in her Sunday school and church and wherever she may be found.

A movement to put up a monster remonstrance to licensing of saloons in Bellefonte is being launched. It may extend to the whole county and Judge Orvis may hear in no uncertain way from the temperance sentiment of his bailiwick. License court will be held in January.

On Pennsylvania Day Brigadier General Logan presented State College with a tablet made of metal from the Battleship Maine, dedicated to the Officers' club. Dr. Sparks secured this tablet and had it mounted on a marble slab. The memorial has been placed on the wall at the right entrance to the Army.

Miss Mary Potter, of Centre Hall, was thrown from her buggy last Friday afternoon and somewhat bruised and cut about the body. When passing an auto her horse frightened and made a dash to the side, upsetting the buggy, and throwing the lady where it Miss Potter was taken home in the car. Her buggy was badly damaged.

J. S. Sayers, a student at State College, was arrested last week charged with issuing and passing forged checks upon the college merchants for amounts varying from \$10 to \$30 each, the total aggregating about \$100. The young man was given a hearing before Squire Woomer. He first put up a bold front but finally acknowledged his guilt, and is said to be punished by aggravated parties.

But for the timely discovery of a raging fire in the basement of Graham's store in the Leitold building at State College Tuesday night, of last week, a serious conflagration was averted. Had it happened later in the night the fire would have been wiped out. There is considerable mystery connected with the blaze as there was no fire in the cellar, the building being heated by steam from the electric light plant.

The recent death of Henry Emigh, of Morrisdale, which is said to have been caused by the bite of a snake, has been superinduced by being hit on the head with a beer bottle during an altercation at Morrisdale, growing out of a political dispute, and which is said to have occurred the latter part of October. An investigation into the matter will be made by Dr. Emigh and other relatives of the dead man.

One day last week James Houser, a farmer in Penn township, was hit by two stray shots while hunting rabbit in company with Samuel O. Hanesy, of McAlester's Fort. The two men were hunting in the vicinity of Green Grove church, when the latter fired twice at a rabbit. Mr. Houser was not in line between his companion hunter and the rabbit, and it is thought that the shot were deflected by some object, as they only made slight wounds. One of the shot hit the man in the neck and one in the shoulder.

Nervous and Sick Headaches. Torpid liver, constipated bowels and disordered stomach are the causes of these headaches. Take Dr. King's New Life Pills, you will be surprised how quickly you will get relief. They stimulate the different organs to do their work properly. No better regulator for liver and bowels. Take 2 or 3 pills in a box to-day. At all druggists or by mail, H. E. Bucklen & Co. Philadelphia and St. Louis. Adv. Nov.

A Scrubby Looking Crowd—"Well, Br'er Wesson," said the elder of one of the colored churches to a newly appointed pastor, "what do yo' think on yer new congregation?" "Since yo' asks me, Br'er Johnsing," replied the minister, "I have got to say dat I tink dey is er scrubby lokin' crowd." "Why, Br'er Wilson, what do yo' mean?" questioned the other in amazement. "Dese folks has had no camp meetin's and got religion of teneer dan mos' any congregation in town." "Well, dat's jes' it, Br'er," responded the pastor, "dat's jes' de trouble. Dey has don't wote out de seats ob dey pants backslidin' and dere knees prayin' for 'to' giness."

Stops Falling Hair. Hall's Hair Renewer certainly stops falling hair. No doubt about it whatever. You will surely be satisfied.

SAVE YOURSELF, SHOP EARLY.

For the next five weeks 2,500,000 women in Pennsylvania will be busily engaged in their Christmas shopping. Under ordinary circumstances 50 per cent. of it will be done within the last ten days. The old adage about the early bird securing the delectable morsel seems to fail to lure the gift buyers from their habit of chronic procrastination. Not only is it of financial advantage to the individual and of benefit to the thousands of employees of shops, but early shopping may also effect a saving of lives and health according to Dr. Samuel G. Dixon, the Commissioner of Health. Dr. Dixon says "The great bulk of Christmas shopping is done by women and if they realized the enormous saving of nervous energy which would result from shopping early, early in the Holiday season and early in the day, there would be less need for preachments on this important subject. The mind is in a better condition in the morning to make the necessary decisions, one's judgment is naturally affected by one's physical condition. Then the atmosphere in the stores is better earlier in the day and there is far less congestion of the transportation lines. Under crowded conditions the air becomes vitiated, and as a result, the vitality of the individual is lowered. In this physical state the natural resistance is lessened and the shopper is much more likely to succumb if in chance contact with communicable disease. The danger of catching cold is also greatly increased in the atmosphere of the development of colds into pneumonia prevail wherever the ventilation is poor. The excitement and nervous exhaustion which follows too lengthy periods of shopping have a tendency to astrate any weaknesses which there may be of the vital organs, hence it is advisable not to extend the shopping expeditions over too lengthy a period. Children should not be taken into the crowded stores when it can be avoided. Conditions which make adults susceptible to disease apply to them to an even greater extent. In addition to the shoppers' side of the question there are the thousands of clerks, delivery men and other employees of mercantile establishments who under the most favorable conditions must of necessity put fort unusual exertion and undergo an unusual physical and mental strain. Consideration for them and their welfare as well as the more selfish consideration should prompt every one to make every possible effort to shop early."

Coal Developments Near Phillipsburg. The Pennsylvania Railroad company is pushing the work of building a branch from Meadowbrook road up Victor hollow, just a little northwest of Phillipsburg. The branch will be about one-and-a-half miles in length, and will open probably not less than 1500 acres of valuable coal lands. It will tap the Moshannon vein, and other coal on R. H. Mull's property, better known as the Victor tract; also open up the Moshannon, B and Cap seams on the land of Harry Phillips, Avers Estate, the Frank Waring and Guyer (formerly John Albert) properties and valuable tracts owned by the Phillipsburg Coal and Land Co. A drift has been opened on the Mull tract, and developments have been commenced on several other tracts mentioned above.

The opening up of these Victor hollow properties will add very materially to the mining interests of that vicinity, and prove no little factor in furthering Phillipsburg's prosperity. The lower measures of coal in that section will also soon come into development, so that Phillipsburg for many years will continue to be prominent as a mining centre.

A Consumptive Cough. A cough that bothers you continually is one of the danger signals which warns of consumption. Dr. King's New Discovery stop the cough, loosen the chest, banish fever and give you sleep peacefully. The first dose checks the symptoms and gives prompt relief. Mrs. A. F. Metz, of Flein Elyin, Iowa, writes: "Dr. King's New Discovery cured a stubborn cough after six weeks' doctoring failed to help." Try it, as it will do the same for you. Best medicine for coughs, colds, throat and lung troubles. Money back if it fails. Price 50c. & \$1.00. All druggists, by mail, H. E. Bucklen & Co. Philadelphia or St. Louis. Adv. Nov.

Political Plums.—Michael Casey, a politician in San Francisco who has been in office and on the city payroll for many years, was addressing a meeting of his fellow citizens. It was a labor meeting. "You men must know," spouted Casey, "that you are the great body politic in this city. You are the roots and trunk of our great municipal tree, while we who represent you in office are merely the branches on that magnificent tree." "True for you, Mike," piped a man in the back of the hall; "but did ye ever notice all the fruit grows on the branches?"

How to Make the Best Cough Remedy at Home. A Family Supply at Small Cost, and Fully Guaranteed. Make a plain syrup by mixing one pint of granulated sugar and 1/2 pint of warm water and stir for 2 minutes. Put 2 1/2 ounces of pure Pinex (fifty cents) in a quart bottle, and fill it up with the Sugar Syrup. This gives you a family supply of the best cough syrup at a saving of \$2. It never spoils. Take a teaspoonful every one, two or three hours. The effectiveness of this simple remedy is surprising. It seems to take hold almost instantly, and will usually conquer an ordinary cough in 24 hours. It tones up the jaded appetite and is just laxative enough to be helpful in a cough, and has a pleasing taste. Also excellent for bronchial trouble, bronchial asthma, whooping cough and spasmodic croup. This method of making cough remedy with Pinex and Sugar Syrup (or strained honey) is now used in more homes than any other cough syrup. This explains why it is often imitated, though never successfully. If you try it, use only genuine Pinex, which is a most valuable concentrated compound of Norway white pine extract, and is rich in gualacol and other natural healing pine elements. Other preparations will not work in this combination. A guaranty of absolute satisfaction, or money promptly refunded, goes with this preparation. Your druggist has Pinex, or will get it for you. If not, send to The Pinex Co., Ft. Wayne, Ind.

It is a pathetic mistake to accept drugs or alcoholic mixtures when nature craves nourishment to repair the wasted body and restore the vigor of health. For forty years the best physicians have relied on the wholesome predigested nourishment in Scott's Emulsion which is totally free from alcohol or opiates. Scott's Emulsion sharpens the appetite—renews blood—nourishes nerves—strengthens bones and restores the courage of health to make life bright. Scott's Emulsion sets in action the very forces that promote health; it is pure, rich strength.

BUSTER BROWN IS BACK.

Old Favorite Among the Excellent Features of The Gazette Times. Buster Brown smiles at us again in the colored comic section of The Pittsburgh Gazette Times, and we laugh right back at him and with him. Buster is the brightest and most amusing American boy who ever played harmless pranks in the pages of a newspaper. We have missed him for a long time. His return to us is one of the happiest events of recent journalistic history. Now we will have a good laugh every Sunday when our Gazette Times arrives. R. F. Outcalt, the creator of Buster and Tige and Mary Jane, thought he could retire from the "comic game" but he could not. Not only that, he comes back to it better than ever. Buster Brown never before was so funny. He is our old friend but more mirth-provoking than when we last saw him. Buster rounds out the lot of good things regularly to be found in The Sunday Gazette Times. There are Elsie Janis' illustrated articles, telling how to do the new dances, a page of real fashion and home hints by Anne Rittenhouse, a delightful series of drawings by James Montgomery Flagg, "A Girl You Know", much excellent fiction, including "Pollyanna", the "glad story"; the Illustrated Sunday Magazine, complete in itself; a big sporting section and all the news. So The Gazette Times will satisfy all members of the family.

How It Struck Her.—Hub (with newspaper)—Listen to this, wifey. For every missionary sent abroad last year, Christian America sent 1,495 gallons of liquor." Wifey—Merciful goodness! Who'd ever think missionaries were such drinkers?
