If Dr. Kalbfus would issue a new circular and tell farmers how they may distinguish the kinds of hawks and owls, when they are swooping down on his poultry, so that he will be sure that he is not killing one of the Doctor's pets, he may do a little towards earning his salary. A poultry owner is not likely to notice or wait long to see whether a hawk has sharp shins or not, if he is engaged in an act of rapacity among his fowls.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remediation. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a running sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. One case out of ten are cured by Cuticura, which is nothing but a medicinal medicine for any case of Deafness (caused by catarrh) that cannot be cured by local applications. It is sold by F. J. GENESEE & CO., Toledo, O. Sold by Druggists. Take Hall's Family Pills for constipation.

There is one thing that ruffles the heart of every citizen of Monument and that is that Judge Orvis has granted us a road and then according to the provisions of Liberty township, has held them back from starting it. If the Judge or anyone else living where there are good roads was shut up in this place and would get a few good attacks of cramp and could not get a doctor, would you want the road at once. That is what happened here lately and not only that but last year there was a child died here and not having a permit to take it on the train it had to be carried four miles before the undertaker could get it. The people and the company here been paying taxes here for sixteen years and all they have got is one mile of road that is almost impassable. At the end of it you have the creek to cross three times if you want to get out. If this is justice then a little more in Liberty should have some of the same brand.

TERRIBLE BURNING AND ITCHING

Pimples on Face and Neck. No Rest Night or Day. Itching All the Time. Cuticura Soap and Cuticura Ointment Cured.

35 Walnut Ave., Lebanon, Pa. — "I was troubled with pimples mostly in the face and neck. I had a terrible burning and itching. I lost a lot of sleep and when I would wash my face it would start to burn just as if I had my face in a fire and it would keep on burning for some time. I had this night or day, itching all the time. My face would hurt and itch and I would scratch and some of the pimples would open. It was all sticky and I was ashamed to let anybody see me. I used some medicine for several weeks and instead of getting better it was worse. Then I got a jar of — and used two jars of it that gave no relief. My mother bought a jar of — and for a while it did good then the pimples broke out worse than ever. One day a young lady told me to use Cuticura Soap and Ointment. So I got the Cuticura Soap and Ointment and washed my face good with hot water and Cuticura Soap and then I dried it and used Cuticura Ointment. Cuticura Soap and Ointment cured me in less than five months." (Signed) Otto Seabold, May 5, 1913.

Saved His Foot.

He then wrote: "I used your salve and my foot was soon completely cured." Best remedy for burns, cuts, bruises and eczema. Get a box to-day. Only 25c. All druggists or by mail, H. E. Bucklen & Co., Philadelphia or St. Louis.—Adv. Nov.

Why Salves Can't Cure Eczema

Since the old-fashioned theory of curing eczema through the blood has been given up by scientists, many different salves have been tried for skin diseases. But it has been found that these salves only clog the pores and cannot penetrate to the inner skin below the epidermis where the eczema germs are lodged. This—the quality of penetrating—probably explains the tremendous success of the well known liquid eczema remedy, oil of wintergreen, thymol, glycerine, etc., as compounded in D.D.D. Prescription.

We have sold other remedies for skin troubles but none that we can recommend as highly as this for we know that D.D.D. stops the itch at once. We just want you to give D.D.D. a trial. That will be enough to prove it.

Of course all other druggists have D.D.D. Prescription—go to them if you can't come to us—but don't accept some big profit substitute.

But if you come to our store, we are so certain of what D.D.D. will do for you that we offer you a full size bottle on this guarantee:—If you do not find that it takes away the itch AT ONCE, it costs you not a cent.
