Bright, Newsy Letters From the Various Sections of the County.

PLUM GROVE.

There is good sleighing and good skating; everyone is enjoying it. E. G. Way filled his ice house this week with number one ice. James Flick, who has been employed at Tyrone for some time, is home with a smashed finger. Mrs. E. G. Way, one day last week was coming in from the barn with a bucket of milk. The walk being paved with ice she fell and in some way threw the bucket of milk on the porch. When she regained her senses the cats and dog were drinking the milk. She was injured pretty severely, but is better at this writing.

One of Plum Grove's young men, who don't claim to be a champion wrestler, has the record of laying all the boys that takes hold of him on their back. Just ask Ed. and Fred about it.

Mr. and Mrs. Arrista Lucas, of Bush Hollow, visited at the home of their daughter, Mrs. Roy Alexander, on Sunday.

We congratulate the Fountain scribe for its spicy items in the last week's "Centre Democrat." My hat off to you. Success in your undertaking. How is Dad?

Young men, nerve up! Don't be so bashful. Lots of our young ladies would enjoy a sleigh ride. Your scribe No. 1 while making a call on his old neighbor, Blair Alexander, found him in a jolly mood. On inquiry I soon learned the cause of his joy. On the day before Christmas he received by parcel post a cute little girl baby which was the first female to enter the family circle. It was neatly tied on a cedar branch, decorated all around with beautiful flowers, candy and Christmas toys. The foster parents take great pleasure in exhibiting it to all the neighbors that call in. The foster father has already ordered a coaster, and he says he will get a go-cart as soon as spring opens up, so he can take it along to Sunday school.

Professor, the next time you go out sleighing with your best lady friend, be sure the box of the sleigh is properly fastened to the running gears on going up hill. You will thus avoid a back somersault which is very unpleasant when it registers sixteen below zero.

Herbert Way and daughter Gale, of Pitcairn, are visiting at his parents' home, Mr. E. G. Way, Leonard Rhoads, of Coleville, is also visiting at the Way home.

Those who are on the sick list are Mabel, Ruth and Earl Custer, Rhoda Deters and Georgianna. At the present time I don't have oranges put in your mail box?

Miss Lulu Welsh and brother Albert visited at their aunt's home, Mrs. E. B. Wood, on last Friday and Saturday.

Your scribe on reading over the list of deaths in the Centre Democrat was shocked to find recorded the death of David Rossmann, of Pleasant Gap. We were pupils together in the same school in the year of 1846, two miles west of Howard, or near where the Schencks hold their reunion. Jonathan Schenck was our teacher. The school numbered some-where near 40 scholars. At the present time it leaves but four of us living: Christopher Holder, of Howard; Andrew Boon, of Romola; Mary Sulzenberger, of Liberty, and W. W. McCloskey, of Union twp.

I heard of a man who became ill from eating too many eggs. Men who can afford to eat that many eggs can afford to pay doctor bills.

Miss Emma Baney called on her friend, Rhoda Deters, on Saturday. Congratulations, Lenora and Sherman, from Helen.

E. G. Way took a load of straw to Bush Hollow last week and his wife accompanied him. When she came home she found she had company. Mrs. Clarence Tate and daughter-in-law, Mrs. Tate and granddaughter, of Coleville, were sitting very contentedly on the porch waiting for her return.

Those who went to Snow Shoe on Monday for coal, were Daniel Boop, Willard Fisher, Ellis Way, Joseph Alexander and Philip Iddings.

Mr. and Mrs. John Smith, of Intersection, Mrs. E. B. Wood, and Mrs. D. W. McCloskey visited at E. G. Way's on Sunday.

One night last week while E. G. Way was in slumberland he heard his chickens making a noise. He thought there was chicken thieves around and went out to investigate and to his surprise found a little screech owl. He went to the house, got his gun and soon made way with it, after it had killed two of his chickens.

Protracted meeting has begun at the M. E. church in Unionville. Hope there will be much good accomplished.

E. B. Wood, wife and children called at Ed. Haupt's at Unionville on Sunday evening.

HUBLERSBURG.

The melancholy days are come, the saddest of the year. Of wailing winds and naked woods and meadows brown and sere; Heaped in the hollows of the grove the autumn leaves lie dead; They rustle to the eddying gust and to the rabbits tread; The robin and the wren are flown and from the shrub the jay, And from the wood-top calls the crow through all the gloomy day.

We have 115 scholars on the roll and twelve on the cradle roll. We hope you will all come and help to make this year prosperous. Start and you will get here. We have started the "crusader shield system," that is, a person not missing a Sunday here, or if he or she is absent from this Sunday school but attends elsewhere, they are entitled to a solid gold pin at the end of the year.

The services at the M. E. church last Sunday morning, conducted by the pastor, Rev. Cook, were very interesting and the reverend preached a noble sermon, his text being taken from Hebrews, 11th chapter and 30th verse. The church should have been filled, as there is no excuse on such a beautiful morning. The Protestant Christians set a very poor example to the non-Christians in not attending church as they should. The churches are getting to a very low ebb at this place. People should awaken to their duty as Christian people and set an example for the young to follow.

PLUMGROVE, No. 2.

The question is often asked the writer, "Where is Plumgrove?" It is situated about midway along the State road between Unionville and Snow Shoe Intersection. There is located our public school with a beautiful grove of button wood on the rear. Some two years ago the scholars and teacher, Mr. Everett, planted a row of small sugar trees in and around the front yard which will be quite an ornament in the near future. Prof. Everett has already taught two terms with success and is now on his third term. We predict fine success for him as he takes an interest in his school. Of course it is here like other schools, there are scholars who are depending upon the teacher to study for them. You'll find nine out of every ten of this class make a failure to get an education. Sometimes it is the fault of the parent; they don't take an interest in trying to impress upon their children the advantage of an education. P. B. Iddings, school director, says he is in favor of starting a school to educate parents.

Wonderful Cough Remedy.

Dr. King's New Discovery is known everywhere as the remedy which will surely stop a cough or cold. Dr. P. Lawson of Edison, Tenn. writes: "Dr. King's New Discovery is the most wonderful cough, cold and throat and lung medicine I ever sold in my store. It can't be beat. It sells without any trouble at all. It needs no guarantee." This is true, because Dr. King's New Discovery will relieve the most obstinate of coughs and colds Lung troubles quickly helped by its use. You should keep a bottle in the house at all times for the members of the family, 50c. and \$1.00. All druggists or by mail H. E. Bucklen & Co. Philadelphia or St. Louis.

Many a widow's heart has been warmed over by an old flame.

ZION.

Gee, but wasn't it cold last week? A few moderate days, the snow got soft, and sleighing is pretty rough at present.

Quite a number of farmers are busy hauling lime.

Ice harvest is in full bloom down at the Park dam. As there is no other source of supply our people expect to get their ice shipped in from there on the C. R. R. of Pa. this week.

A jolly sled load of neighbors spent Saturday evening very pleasantly at the hospitable home of Mr. and Mrs. John Corman.

One morning recently Mrs. Cora Rockey got sick very suddenly with cramp. Dr. Rogers was called and responded very promptly. We are pleased to say that she is able to be about and will be herself again in a few days.

Mrs. Henry Garbrick, who has not been enjoying very good health for some time, is not improving.

Mrs. Robert Homan is not very well at this writing, and Lavina Shaffer is still confined to her room.

B. A. Noll while in Bellefonte on Friday slipped and fell at the Potter-Hoy Hardware store and bruised his knee. He was quite limpy for several days but is coming around all right.

Roy held him, Harry got the sleighs, and pulled the trigger. Down he went, but not for good. Well, Roy held on to the rope and Harry blazed away. But this time he went down for good. This comes very near being a beef story.

On Saturday evening a jolly sled load of about thirty young and elderly people went to a hospitable home of John Corman and gave them a little surprise party. Those present were: The Misses Nettie and Nellie Stein, Verna Reish, Pearl Shaffer, Mary Corman, Mary Weaver, Della Yarnell and Blanche Condo, from Jacksonville; the Messrs. Howard, Jacob and Irvin Dixon, Orrin Reish, Earl Weaver, Calvin Hockman, Roy Yarnell, Austin Hoy, Russel Weber, from Salona; Chas. Knapp, from Bellefonte; Mr. and Mrs. Adam Reish and little daughter Dorothy, Mr. and Mrs. William Corman and master Kenneth Love, Mr. and Mrs. John Weaver, Mr. and Mrs. Albert Shaffer, Mrs. Mary Weiland and Mrs. Mary Bender, from Lock Haven. During the evening various games were played by young and old, while the graphophone rang out its music to liven up and help things along. At an appropriate hour a nice supper was served which consisted of oysters, ice cream, cake, candy and peanuts. All having enjoyed themselves immensely and eaten to their utmost capacity they returned thanks to Mr. and Mrs. Corman and little Woodrow for the nice time shown them, and left for their respective homes, bidding each other a fond good night.

ZION, No. 2.

"About two years ago I had a terrible breaking out of horribly itching pimples all over the stomach and upper part of my legs. I was in torture and scratched till I bled and could only sleep fitfully at night and was so glad to see the day dawn. I was feverish and thoroughly miserable. The reddish pimples had got a head on them like smallpox corporules. I rubbed them with a rough cloth, they itched so. They blended together and made sores about the size of a nickel and scabbed over. My clothing irritated the sores so that I put a damp handkerchief next to them. Some said it was the itch and others the hives. I took several treatments but got no relief. I was suffering for over six weeks when I began with the Cuticura Soap and Ointment. I washed myself with Cuticura Soap and hot water every night and when I had dried myself I rubbed the Cuticura Ointment thoroughly in and to my astonishment by the end of a week the whole trouble had disappeared and the old skin brushed off. I have not had a sign of a spot on my body since." (Signed) C. W. Charles, Nov. 9, 1912.

Cuticura Soap 25c. and Cuticura Ointment 50c.

are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

THE STORY of every child is a story of growth and change—

A change too gradual and subtle for even the watchful eye of a mother to detect, or for memory to recall.

Only in pictures can the story be told, and a record of the childish features and expressions kept for all time.

A good photograph now and then, will mean everything to you—and to them—in after years.
