The Band Concert.

The concert held in Wetzel's Hall by our Boys Band last Saturday evening, was a numerical success, first by having a fine and secure financially. But on account of a show in Bellefonte and the inclemency of the weather, not many folks from a distance were present. But our towns folks showed their appreciation of the boys by filling up the hall, long before the hour arrived for the concert. Our Boys Band was organized March 21st, 1913, and took their first music lesson sometime in April. At that time some of the boys could not whistle a tune but now they can whistle, sing and play their parts to perfection. They are not playing out-of-date music like "Old Hundred" and many other such pieces, but up-to-date music. The following list will show some of the pieces they played Saturday evening: March—"Port Gay"; characteristic march and two step—"Our Jolly Boys Band"; waltzes, U. S. N. March, Cornet duet by Dallas Bullock and Russell Miles, Medley Overture—"Yankee Hash"; march and two step medley, National Emblems; Overture—"Golden Crest"; "Eye of the Brown"; "Scottische"; Serenade Moonbeams; Magneta Overture; "Marching Through Georgia," by special request; Sylvan Echoes—Echo quartet; Charge to Victory; and the regular closing piece, "Star Spangled Banner." Several times the demonstration did not cease until the boys were compelled to repeat a portion of the music just played. Mr. Wetzel said in his closing address, that he was well pleased with the interest the people are taking in the boys, and gave a cordial invitation to everybody to call on Monday or Friday evenings of each week to hear the boys at practice. We cannot imagine what time and patience Mr. Wetzel has sacrificed to bring these boys to where they are today, even the boys cannot appreciate the effort put forth in their behalf until their boyhood days are gone. Now it all seems like a melodrama, or a theatrical performance, but in after years, they will awake to the fact, that it has been a reality, and not a dream. Our Boys Band is something out of the ordinary. No music teacher can promiscuously select thirty boys under the age of 16 years, out of a town as small as Milesburg and accomplish any more than Mr. Wetzel has with these boys. In fact, they are away beyond our expectations. If we can keep these boys from smoking cigarettes, and out of bad company, their names will be chiseled on the monuments of human remembrances. Up to date they have received \$24.25, and their expenditures have been about \$44. That is doing fine for beginners. Give these boys a call and you will be delighted to hear them.

Mr. and Mrs. Kline Neff were the recipients of quite a number of their friends and neighbors on the third.

Kline thought it was groundhog day and the whole herd had come out to see their shadow and become confused in the glaring sunlight and lost their way. But as they came wending up the hill toward the house he soon heard by the chatter and confusion that he was mistaken; that the noise was made by people and not by woodchucks as he first supposed. Just at that instant came his greatest surprise. The crowd gave the college yell, and in his Kline's, hasty retreat he made a jump and struck his head against the transom and peeled the fur clean off of the top of his head. By that time he was hustled into the house by the surging crowd. After a few whiffs at the camphor bottle, Kline came around alright and gave all a hearty welcome.

The evening was thoroughly enjoyed by all present, especially Mame and John. When you play, love plays, you must be lovable. PLUM GROVE.

Mr. Groundhog saw his shadow last Monday and every one at Plum Grove have made preparations for six more weeks of real winter.

Last week Robert Lannen, teacher of the Bell Grove school, brought his pupils here and visited the Plum Grove school. Of course they spelled our school down for we weren't expecting to spell and did not study the book through. A week or so ago Mr. Everett took his school and the Maple Grove school and they didn't spell Plum Grove down up there, two against one.

Ed. Hall's children have all been on the sick list with bad colds.

I wonder why Harry didn't come to Plum Grove Sunday night.

I saw in last week's "Centre Democrat" where it was suggested to have a school for the parents. I think it would be a good idea to have a school for the directors also, for I think they have little knowledge or they wouldn't be trying to put in force 100 per cent attendance out in the country where children have anywhere from a half to two miles to go to school. I think it shows little judgment for men to pass a law like that. It is all right for town children, where the walks are all shoveled and swept to the school house door, but the children in the country haven't got that and everybody are not farmers and cannot take their children to school. The compulsory law is all right as long as it is used right, but there is a limit to everything and the directors are running beyond the limit.
