Items collected from The Centre Democrat Files of Twenty Years Ago and Fifty Years Ago

### FIFTY YEARS AGO

The glass works are now in full operation. Both furnaces are in blast, and about one hundred men are employed. This makes that part of town quite lively now.

By a vote of 226 to 87 Phillipsburg has decided to erect a new school building at a cost not to exceed \$25,000, and the loan of that sum is now asked by the authorities of that borough.

Mr. Henry Thompson, son of William Thompson, Sr., of Houserville, is now visiting friends and relatives in this country. Mr. Thompson is a railroad contractor in the northwestern part of Illinois.

M. I. Gardner, who for several years past was bookkeeper for Valentine's Stores Co., now has charge of the books of B. Lauth & Son at Howard. "Mich" is an excellent bookkeeper and a pleasant gentleman.

Michael Hess, of Harris township, was unfortunate in losing a valuable young horse. The stable door was open and the horse rushed out, over turned a wagon which fell on its leg, making it close to the knee. Mr. Hess was compelled to destroy the animal.

Mr. William Speer of this place is building a number of cars for the Bellefonte & Buffalo Run Railroad Company. The work is being done at Struble's ore bank. Mr. Speer is a master builder, having had charge of the Bellefonte cars works when in operation. Under his watchful eye a first class lot of cars may be looked for.

John Blanchard, Esq., son of Evan M. Blanchard and a member of the Philadelphia Bar, was admitted to practice in the several courts of Centre County on Monday. Mr. Blanchard represents the third generation of his family who have practiced at the bar here. His grandfather, John Blanchard was one of the most distinguished members when the county was in its infancy.

Faubus's new clothing store on Bishop Street presents a neat and attractive appearance. . . A lodge of the Knights of the Golden Eagle has been organized at Spring Mills with a membership of 45. Harry Stitzer and William Weber, of Pottsville, entered Christian School of Business at Lock Haven last week. . .

W. S. Philips departed for Los Angeles, Cal., on Thursday last. Many of his friends were at the station to bid him adieu. . . I Frank is receiving his new goods preparatory to opening his novelty store on the corner of Allegheny and Bishop streets. . . Penns Valley will soon be well supplied with good horses, as nearly every week a carload of western stock is disposed of at public auction by some enterprising drover. . .

Petrick, the five-year-old son of Larry Ottesey was buried from the Catholic church on Sunday.

### TWENTY YEARS AGO

Marriage licenses were issued to the following couples: I. W. Vonasa and Katie R. Swartz, both of Millheim, and Edward R. Bartley and Mary N. Frain both of Nitany.

Ex-Sheriff A. B. Lee, of Spring Mills, disposed of his garage business at Spring Mills to Decker brothers and purchased the coal yard of H. I. Brian at that place.

Postmaster Foster at State College had been advised by Washington that his request for motor service for hauling the mail between State College and Lemont would be granted. The service was to begin on July first.

The graduating class at the Centre Hall high school was to be the smallest to receive diplomas from that institution for many years. There were only three members of the class, namely: Miss Lillian Emery, Thomas Foss and Robert Neff.

Harry O'Brien, of Snow Shoe, and Miss Mildred Brown, of Clarence, journeyed to Cumberland, Md., where they were united in marriage. The bride was the accomplished daughter of Squire and Mrs. George Brown, of Clarence, while the groom was a son of W. D. O'Brien, of Snow Shoe.

The Citizens Committee in charge of operating the Bellefonte steam heat works announced that another assessment from customers would be necessary to keep the plant in operation through April. The daily consumption of coal was between 20 and 30 tons. Consumers were requested to be more saving with heat, and to regulate the temperature of their homes by the valves on radiators, rather than by opening windows.

Herman Spicher, aged 16, son of Mr. and Mrs. Edward Spicher, of East Logan Street, employed as a newspaper carrier for G. R. Spigelmyer & Co., was taken to the hospital for treatment of injuries received when the bicycle he was riding near the Catholic church was struck by a car driven by Dr. S. S. McCormick of Hubersburg. He was not seriously injured, but his bicycle was badly damaged. The accident was unavoidable.

The following persons were admitted to the Bellefonte Hospital: Mrs. Josephine Barrett, Bellefonte; Mrs. Ellen Long, Spring Mills; Harry Schreffler, Bellefonte; Miss Charlotte Peters, Millsburg; Frances Neff, Millsburg; Mrs. Jennie Norris, State College; Samuel Furl, Runville; James Toner, Bellefonte; Mrs. Henry Lowry, Bellefonte; Harry Brown, Axe Mann; Miriam Smith, Bellefonte; David Miller and Herman Spicher, Bellefonte, and Lester Walizer, Howard.

After April 1, Bellefonte was to have a "City Bakery" which was the name chosen from Ceadler's Bakery by the new owners, Ochsles Schaeffer and Harry Clevenstine. They planned to bake bread and rolls for the wholesale trade only. Mr. Clevenstine had resigned as manager of the carpet department of the Hazel & Co. store, after 16 years of service there, and was to devote his full time to the bakery. Mr. Schaeffer, other member of the firm, resigned his position with the Schaeffer Hardware Co.

New Bids Asked for Carrying Mail

Bids received by the Post Office Department for carrying the mail between State College and the railroad station at Lemont; and between State College and the railroad station at Bellefonte were not satisfactory. New bids are invited. Time for filing them will close April 13. Particulars as to the number of trips, etc., can be had either at the Bellefonte or State College post office.

At a special meeting of the School Board held last Friday the colored school property was sold to Mr. Jas. A. McClain for \$900 cash, possession to be taken at the close of the present school term. Mr. McClain intends to convert the building into a double dwelling. At the same meeting it was decided by the board to postpone final action upon the building of a stone wall around the new school grounds. A petition was presented asking that instead of the wall, a fence be built and the ground terraced. The contract for the grading has been let to John Curry.

### THE RISEN LORD

International Sunday School Lesson For March 28, 1937.

GOLDEN TEXT: "I am the first and the last, and the Living One; and I was dead, and behold, I am alive for evermore."—Revelation 1:17, 18.

Let us on Text: John 20:1 to 21:25

Far back into the misty recesses of history, we find men holding festival and rejoicing at the renewal of life in the spring, following the seep and death of winter. Centuries later, our Germanic ancestors worshipped the goddess, Eostre, symbol of the sunnier and the spring. Our name for Easter comes from this, but its meaning is more wonderful than that understood by the Teutons in their dark forests. The Christians identify Easter with the resurrection of their Lord. Having been arrested in the Garden of Gethsemane late Thursday night, falsely accused, convicted and humiliated early Friday morning, and finally escorted to Calvary where he was crucified between two thieves, Jesus lay in the tomb where he had been placed by Nicodemus and Joseph of Arimathea from Friday afternoon throughout the Jewish Sabbath, until his resurrection early on the first day of the week, called by us, Sunday.

After scattering upon his arrest, the disciples of Jesus had reassembled after his death. They were anxious and pessimistic, although the mere fact of their belief united seems to point to some fidelity of purpose or of hope. A group of women, who went to the tomb early on the first day of the week, found the body of Jesus gone, but it was Mary of Magdala that Jesus made his first appearance.

Some interesting sidelights of this appearance should be noted. It seemed strange that the first appearance of the resurrected Lord should have been made to a woman rather than to some great leader or prominent personage. Again, the fact that these women were wondering how they would be able to gain entrance into the tomb shows that the body of Jesus had not been stolen by his own followers as the soldiers claimed. The condition of the grave clothes also negatives any theft. At first, Mary did not recognize Jesus, but shortly afterwards, the intonation of his voice brought recognition and Mary rushed back to the disciples to exclaim, "I have seen the Lord."

Jesus made many other appearances during the forty days before his resurrection and ascension. He appeared to all works out very well.

So, Mr. Bachelor, seeing as how things are as they are, you had best be sure that you are doing your work better than some of the girls in your community for that is the only sure method in the present era of keeping the girls at home.

THE NERVOUS MODERN CHILD  
If this restless jazz age does not soon come to an end, the world will be crowded with physical and mental wrecks. Children were formerly kept comparatively quiet during infancy and childhood. They were also put to bed early at night, during the day they played with a few simple toys or occupied in the garden or under the trees. Today their nurseries are fitted up with every sort of contraption intended to amuse and interest them. Ambitious mothers try to teach them to fit maps and puzzles together at a very tender age. As soon as they begin to toddle, they play in the streets where life is a constant source of danger. Poor little things dart back and forth on treacherous skates and scooters, creeping automobiles, looking and listening at every turn for the juggernauts of death that strike so swiftly, maiming or killing. They are tense and on the quiver every moment, for they cannot romp, skate and play where deadly machines dart back and forth without realizing that at any moment they may be crushed under a truck, automobile or motorcycle. When they go to school, the work is of necessity under our public school system so arranged that a certain amount must be covered in a given time. They are still further stimulated by the offering of various rewards or distinctions if they attain certain standards.

WALKER TOWNSHIP SCHOOL NOTES  
Y Clubs Hear Reverend Keller  
The Reverend Paul J. Keller, Lutheran minister of Nitany Valley, taught the Hi-Y and Tri-Hi-Y clubs on Friday, March 12, "Religion in the Home" was the title of the lesson which was the last lesson in the Bible Study Contest. The examination on the seven weeks' study for the contest will be given on Tuesday, March 16.

Both the Hi-Y and Tri-Hi-Y clubs have high standing at the present time among the many schools that are participating in the contest. Baseball Season Gets Under Way  
The baseball season at W. T. H. S. is gradually getting under way. Several of the boys have brought their gloves to school and have been playing catch. They are not throwing the ball very hard yet, as a short period of easy throwing is necessary to prevent arm injuries. Batting practice will not be started until the latter part of March.

About twenty candidates are expected to turn out for practice as soon as the weather permits it. However, of these twenty only eight are experienced players.

Sporting Goods Salesman to Visit H. S.  
A representative from the Pearson Sporting Goods Company is expected at the high school during the latter part of March to show the members of the baseball and soccer teams a full line of athletic equipment for the coming season. Most of the equipment is to be sold to the students who play on either team.

Students Conduct P. O. D. Classes  
Several of the students of the Problems of Democracy class have been leading the discussions of United States government. The last discussion was led by Donald Lowery on the subject, "The Improvement of International Relations with Other Countries."

The class is composed of sixteen students, all seniors except one who is a Junior. Each student will be required to lead at least one discussion before the end of the term.

Date Set for Washington Trip  
The annual Senior Trip to Washington will be on May 17, 18, 19 it was announced by Mr. Bachelor, the trip manager. The rooming lists have been sent in to the company, and further details are being worked out.

A Light Delay  
A postal card which was sent from Canan, N. H., on February 11, 1936, was received by Frank R. French, town clerk, of Tilon, N. H., on March 3, 1937. It took thirty-two years for the card to travel a distance of about twenty-five miles.

## The Household Scrapbook

By ROBERTA LEE

**Cement for Pipe Joints**  
A good cement for steam and water pipe joints can be made as follows: Mix 10 lbs. of yellow ochre, 4 lbs. ground litharge, 4 lbs. whiting, and 1 lb. hemp, cut up fine. Mix these ingredients with linseed oil to the consistency of putty. Of course a smaller quantity can be made, using same proportions.

**Pea Pods**  
Do not throw away the pods after shelling peas. Wash them thoroughly and cook with an onion and some parsley. Then drain, mix with milk, thicken with a little flour, and season with salt, pepper, and one tablespoon of butter. The result is a delicious soup.

**Window Boxes**  
Whitewash the inside of each window box before filling it with dirt. This will not only preserve the box, but will prevent insects.

**Window Screens**  
Do not wait until the flies begin to come into the house before taking an inventory of the screens. Get them out now, go over them and see which ones are in need of repair, give them their annual coat of paint, and you will not regret it later when the warm days may arrive without warning.

**Starch Luster**  
A beautiful luster can be added to linen if a portion of starch about the size of a one-cent coin is added to one-half pound of starch and boiled with it for about three minutes.

**Cream Substitute**  
When it becomes necessary to use milk instead of cream, on the cereal or in the coffee, scald the milk first, and then serve hot. It will give the effect of cream.

**To Improve Worth Township Road.**  
Works Progress Administrator Chas. E. Freeman informs us that he has endorsed a project to improve 231 miles of road in Worth township, Centre county, on which work will be started upon the approval of State Director Edward N. Jones of Harrisburg. The road is located on routes 14313 and 14348, and plans call for its widening, grading and draining. The job would require 53 men for four months, at a cost of \$14,044.

## Answers to Modern Etiquette

1. Some may not consider it necessary, but it surely is good practice, or one is liable to appear unnatural at other times. Why, too, should one not be as courteous to members of his family as he is to others? If there must be a choice between the two, choose the home as a place to show the most courtesy and love.
2. No, it is not. He should either "forget his restricted diet" for the time being, or not accept the invitation until he has acquired the desired weight.
3. Merely respond with a cordial "Thank you."
4. Yes. A man is always presented to a woman, a young person is presented to one who is considerably older, a less distinguished guest is presented to a more distinguished person.
5. The forms of entertainment may vary, just as they do at any other party. One may have music, dancing, cards, or games of any kind.
6. Punctuality and amiability.
7. In this case, the wedding would probably be too informal for her to need invitations or announcements. But if she is determined to send them, about all she could do would be to send them in her own name or have her fiancé's family do so.
8. Yes. This often prevents misunderstandings and embarrassment.
9. A cold side dish, or relish (such as coleslaw).
10. This is not necessary unless her mother-in-law lives in the same town. Then it is better to do so to avoid confusion.
11. Yes, unless attending a very formal dinner. A good plan, when in doubt, is to observe how the hostess is eating a certain dish, and follow her method.
12. On Sunday afternoon.

# STUDEBAKER DICTATOR

America's greatest  
6-cylinder car!

A FEW CENTS  
A DAY MORE  
THAN A LOWEST  
PRICED  
CAR!

THE big, beautifully styled 1937 Studebaker Dictator six is taking them all on . . . every last one of the nine other 6-cylinder cars—even above its price class . . . and showing them all up.

Down close to the lowest in price, its Fram oil cleaner and gas-saving automatic overdrive enable it to equal and often beat lowest priced cars in operating economy.

It's the world's first six to offer the automatic hill holder plus feather-touch hydraulic brakes . . . the world's only six with doors that close tightly, tightly and silently. But see it . . . drive it today. Studebaker's C. I. T. Budget Plan offers low time payments.

## Louisa's Letter

ANSWERS  
Dear Louisa—  
I am a young girl who lives with her sister. My brother-in-law is very attractive and I believe I am falling in love with him. When I come back from a visit he always kisses me in front of my sister. He has never said he loves me but I believe he does. Now, what should I do?  
JUANITA—II

My dear Juanita, I think all of this falling-in-love is just in your imagination. Girls about 14 or 15 are always romancing about some one or another. Why shouldn't your brother-in-law kiss you when you come back from a visit? I suppose he feels toward you just like he would to his own young sister. He probably thinks you are a cute young thing and has no more idea of being in love with you than he would have of marrying his baby brother.

However, you should get such ideas out of your head or you are likely to lose a good home just because of this foolishness. A year from now you will wonder why in the world you ever imagined such a thing.

Go around with the girls and boys of your own age, and if you must have a crush of the moment, let it be someone outside the family. I dare say you will be in love a dozen different times before you really find the right man.  
LOUISA.

Dear Louisa—  
Don't you think that women should stop working outside of the home so

that it would be easier for men to find jobs? Woman's status is in the home and that's where they belong.  
BACHELOR—Wis.

ANSWER:  
That sounds lovely, Mr. Bachelor, but just what would those women who haven't anyone to support them, do, if they had to give up their jobs?  
What about the widows who have little children to care for and how about the thousands of girls who support their parents and younger brothers and sisters? What about the wives who have invalid husbands to support?

I suppose you think it would be a good idea for all of these to go home with their dependents—that is, until they were put in the street for not paying the rent—sit down together and starve to death.

You had better wake up and realize that you are living in the year 1937 and not in the dark ages. Every woman has the right in this day and time to make her own living and not be dependent on the crumbs thrown to her by some male relative.

I do think that if the husband makes an adequate salary that a mother is wise to put her home and family first, and not leave her children in the care of inexperienced help. But, even in some cases where the husband has a job, his salary is not enough to enable his family to have the proper advantages and the additional money made by the mother gives the whole family better surroundings and many of the nicer things in life. Where a grand-mother or some capable woman lives with the family, this arrangement usu-
