THE BELL TELEPHONE COMPANY OF PENNSYLVANIA

DAIRYMEN AGREE-

Watkins New Improved Fly Spray Does a Better Job-and at a lower cost !

Watkins Fly Spray has been recognized for a long time as one of the best on the market. Now it's better than ever before. You get more for your money, because it gives a faster knockdown, a greater kill and will repel flies for a longer time. Test after test has shown it to be much superior to anything I have sold before. It is clean and odorless will not gum up the hair or hide of your cows and can be used in the barn or milkhouse without tainting the milk. It is so clean that it can be used in the house, without staining or discoloring curtains, rugs or draperies. Buy Watk'ns Fly Spray and you get two in one, for you can use it both in the house and the barn.

It's economical, too, because many dairymen report that they have to buy only half as many gallons of Watkins Fly Spray to get the same results. It's cheaper because it goes further,

> D. A. McDOWELL The Watkins Dealer

Mr. Motz at times seems a bit recovered but the recovery doesn't seem to be permanent somehow. A short Memorial service was held on the Woodward cemetery on Saturday morning at 9:45 o'clock. The attendance was very small. Why not have a larger attendance hereafter?

POSITIVELY YOUR LAST CHANCE. NO FALL SALES AS the new regulations governing the admission of Pure Bred Cattle and other Dairy Cattle from Canada or any other State must come from Bang's disease certified herds in all dilutions, which means that no cows can be shipped from either Canada or any other State wherein the herd must be 100% clean for two tests six months apart. This regulation was effective June 1st and we suc-ceeded in landing 375 HFAD (11 carloads) prior to the time this went into effect. We will have more Registered. Accredited and Blood Tested Canadian Holsteins than was probably ever sold on one sale in the U.S.
