LAUNCH CHRISTMAS PROGRAM HERE
(Continued from page one)

after making a purchase, ask the clerk for them. Business men are particularly anxious that every customer gets the correct number of coupons, but realize that during rush hours clerks may occasionally forget to issue them.

The grand drawing for the 87 prizes will be held at 10 o'clock Christmas Eve, November 24, at a place to be announced later. You do not have to be present to win a prize, and the committee guarantees that if your name is drawn the money will be held for you.

The prize list is as follows: 1st prize, \$100. Two prizes of \$50 each. Four prizes of \$25 each. Ten prizes of \$10 each. Twenty prizes of \$5 each. Fifty prizes of \$2 each. Members of the Retail Division committee who have charge of the prize awards are as follows: Bossart, DeHaas chairman, Hassall Montgomery, C. C. Brown, Morris Devine, Walter Cohen and Jack Wilkinson.

Remember, all you have to do to become a possible winner of any of the prizes listed above is to patronize stores where coupons are now being given out at the rate of one coupon with every \$50 cent purchase.

Harry Yeager, chairman of the Chamber of Commerce Street Decorating committee is being aided by the following committeemen: C. Stewart, C. Ward Fisher and Grover Corman.

The committee is making plans to have the portions of Allegheny High and Bishop Streets lying within the business district lined on both sides with decorated Christmas trees, preliminary estimates indicating that approximately 100 trees, ranging in height from 10 to 12 feet will be set in place. The trees will be erected in the flange supports at the edge of the sidewalks, and each tree will be brilliantly lighted with colored electric lights.

Complete plans for this feature have not been completed, but the committee has instructions to proceed at their discretion and they report that nothing will remain undone to give the business section a yuletide appearance. Plans will remain in place until January 1.

Plan Community Tree—Ray C. Noll, head of the Kiwanis Committee charged with the erection for a Community tree on the square, is being aided in the work by Jess H. Cann, Walter T. McCormick, W. J. Emerick and Ralph Blaney.

This tree, an annual feature in Bellefonte for the past number of years, will be a towering stant evergreen, marking the center of the business section.

The Kiwanis Club takes the selection of the Community Tree with considerable seriousness. Usually the tree is selected long before the Christmas season begins, and when the time comes, the committee can devote its entire energies to felling it, bringing it into town, erecting it, and placing the colored lamps through its branches, which is a task of no small proportion.

In addition to these plans in a general way, individual stores and business places will add to the holiday appearance of town with individual lighting effects, and display windows and store trimmings in keeping with the season.

Plan now to buy in Bellefonte between now and Christmas. You stand a chance of winning a valuable prize. The merchants are prepared to offer Christmas goods at rock bottom prices, and at the same time you'll find shopping here a real pleasure. Even if you don't plan to shop, don't miss the decorations in the town and in the stores.

ORDERS RECOUNT SPRING TWP. VOTE
(Continued from page one)

Geiss, both of Bellefonte, Democrats. The recount was ordered upon the petition of John W. Hockenberry, Charles Lyons and Charles M. Bay, duly qualified voters of Spring township, who aver that on information they consider reliable they believe that fraud or error, although not manifested on the general returns, was committed in the computation of the vote cast for tax collector in the South Precinct of Spring township, in the marking of ballots or otherwise in connection with the ballots.

The petition closes with a request for an order of court to open the ballot box and recount the vote for tax collector. This request was granted by the court when Edward R. Miller, of East Bishop street, Bellefonte, who instigated the recount, posted \$50 in cash with Prothonotary Bond C. White, Saturday morning in filing the petition.

If the recount shows substantial changes in the vote cast for the office of tax collector, the \$50 deposit will be refunded to Mr. Miller. If the allegations in the petition are found to be groundless, Mr. Miller will forfeit the deposit to defray the cost of the court.

According to the official count of the vote cast in the three precincts of Spring township at the general election November 2 Miller was defeated for tax collector by his Democratic opponent, Harry Stover, by a margin of two votes. In the meantime, Sheriff Harry V. Keeler is instructed to keep the ballot box for the South Precinct of Spring township in his possession, and to deliver it to the official board in the Court Room, Saturday morning.

Its Heavy Crop of Corn J. W. Blair, well known farmer residing about a mile west of Fillmore, Buffalo Run Valley, had an exceptionally heavy yield of corn this year. He harvested a total of 2232 bushels of corn from 14 acres, which is an average crop of 159 1/2 bushels to the acre. Most of the corn will be used on his own farm, and the remainder will be sold.

HUNTER INJURED NEAR RUNVILLE. RECOVERING
(Continued from page one)

man C. Kessling, also of Runville, who were following fresh bear tracks in the same area, heard the raving through which Fye was walking. Fye was dressed in dark clothes, and McCloskey, sighting him through the brush, mistook him for a bear and fired. Discovering his mistake, McCloskey and Kessling rushed the injured man out of the woods and brought him to the hospital where it was found that the ball had struck the left side of the neck, and had emerged after passing through the flesh at the base of the neck. He is responding nicely to treatment and no permanent ill effects are expected.

The three figures in the mishap are all well known residents of Runville, and are neighbors in that community. According to reports no prosecution will be brought against McCloskey.

So far this season Centre County has had no fatal hunting accidents, and Fye's injury is the most serious mishap to occur as a result of hunting.

TO SEEK EARLE'S AID IN PROJECT
(Continued from page one)

the county and Central Pennsylvania who have expressed their desire to see the Benner property restored to its original beauty, many other Centre countians are desirous of having the program completed, in the belief that the home and its history are a definite and important link between the present and the past.

Governor Earle is a descendant of a family which was closely related to the antecedents of General Benner and this factor is expected to have some weight in obtaining the Governor's approval of the project.

TO REORGANIZE COUNCIL, JAN. 3
(Continued from page one)

represent the north ward; Brockhoff the south ward. Other members of present Council whose terms have not expired and who will sit in next year's body are Councilmen Badger, Thomas, Sles and Dell.

Bellefonte's governing body retains a Republican balance. Brockhoff, Dell and Teaman being the Democratic representation. Councilmen Beaver and Emerick were re-elected for another term on both Republican and Democratic tickets, polling excellent votes from both parties. Similarly Brockhoff was re-elected in the South Ward on both tickets, his Republican total being in excess of the Democratic vote.

The meeting, January 3, will open with the present councilmen in their chairs. After all business has been disposed of Council will adjourn the city and Burgess Harris and Harris will administer the oath of office to the new members as well as to the re-elected members. The new Council will then convene, choose a president and conduct whatever other business that may be brought to their attention.

urred, all local residents should mail their packages as early as possible to all foreign countries. LAW GETS FLESH; YOUTH OUT OF JAIL
(Continued from page one)

stayed from his course, and he eventually won out. When the young hunter was released from jail, Mr. Heineman made a formidable trip to return him to his home.

The youth's case was a particularly unfortunate one. He was born with a weak back, and had been in that condition until several months ago when Dr. Galbreath, of Altoona, performed an operation to correct the condition. After he was discharged from the hospital he was forced to wear a heavy plaster cast for weeks. Some years ago his father died, leaving his mother and three brothers and a sister destitute.

After the plaster cast was removed, the boy got a job and managed to fulfill a lifelong ambition—buy a hunting license and a gun to go hunting. The first day he went out he got no game, but while he was on his way home he saw a mornin' in the brush and thinking it was a squirrel, which caused the rustling of the leaves. It turned out to be a hunter's dog, which was not badly wounded.

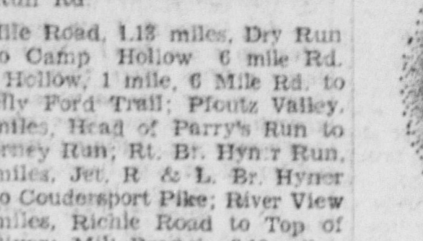

Anyhow, prosecution was brought against him, and he was committed to jail for 39 days in default of \$30 fine and costs. Saturday, when he was released, he had served 25 days of the sentence. His physician had submitted a signed statement to officials stating that his health might be seriously undermined by confinement in jail, but this, together with the fact that he was a first offender, had no weight in securing his release without the law's pound of flesh.

The case is ended. The hunter is freed and is once more at his home. But for his misdeed, he has a record of 25 days in jail, plus the misery that such a sentence entails for one who already has had a large share of misfortune.
