CHRISTIAN FELLOWSHIP International Sunday School Lesson

for December 12, 1937.

GOLDEN TEXT: "Our fellowship is with the Father, and with his Son, Jesus Christ."-1 John 1:3.

Lesson Text: 1 John 1:1-7; Revelation 21:1-7.

Last week we found that the Christian had assurance of rest for this life and for the life to come if he followed the example and teachings of Jesus and practiced enduring faith. This week we learn of another blessed consequence of our faith-Christian Fellowship-fellowship with one another and fel-that we can live sinless lives—I dare lowship with God and his son, Jesus

Port offers two new cars for 1938— the Standard Ford V-8 and the De Luxe Ford V-8. They are different in appearance - but built to the same high standard of mechanical excellence - on the same chassis.

Because people liked our 1937 car so well, they bought more than of any other make. They liked its looks, its smooth performance, and the way it handled. We have improved on that car in the newly styled Standard Ford V-3.

But some folks wanted still more size and style, with the same Ford advantages. For them, we designed a new De Luxe line.

The De Luxe Ford V-8 Sedans are longer with more room, larger luggage space, and finer appointments all around. De Luxe cars are equipped with the 85horsepower engine only.

The Standard is even lower priced than the De Luxe. It has graceful new lines and well-tailored interiors-with a choice of engine sizes-65 or 60 horsepower.

Before Ford made V-type 8-cylinder engines available to every one, they were used only in expensive cars. Since then, four million Ford owners have learned the genuine enjoyment of driving an eightcylinder car with all-around economy. The thrifty "60" engine, especially, makes possible in Standard models a very low first cost and equally low operating cost. With two distinct designs, two engine sizes and two price ranges, you'll find a 1938 Ford car to fit your needs exactly.
