District Attorney Chester B. Wray said that a charge of first degree murder would be lodged against Gates upon his return to Blair county by local police authorities. According to Captain Jacob Mauk of the state motor police. Greensburg, J. Edgar Hoover, of the federal bureau of investigation, reported that his operatives had picked and identified the fugitive by up fingerprints.

'Gates was arrested a couple of days ago for some inflaction of the law," Captain Mauk said. "He was going under the name of Howard Campbell but was identified as Gates by his fingerprints.'

#### **OPENINGS PLANNED FOR** STATE'S TUNNEL HIGHWAY

Pennsylvania's \$50,000,000 tunnel highway between Harrisburg and Pittsburgh will have "entrance exits" every few miles. To make it easy for the partway motorists, the turnpike commission announced there would be 12 openings along the route. Engineers plan a super, under-

ground "low-way" using tunnels built in the 1880's for the South

#### ARTISTS' COURSE AGAIN FEATURE AT PENN STATE

A course of culture and entertainment not usually found in a nonurban college community has again been provided for students and facmembers at the Pennsylvania State College this year in the annual Artists' Course which began recently. "The Queen's Husband," presented by the American Repertory Theatre. was the first of five numbers on the program. The course, which will extend until next spring, is sponsored by the College and offered to students at a nominal fee so determined that the course will be self-supporting but not profitmaking.

Other events on the program are the appearance of the National Smyphony Orchestra, of Washington, on January 12; Georges Enesco, violinist, on Feb. 21; the Joose European Ballet on March 2, and Percy Grainger, American pianist, on April

### PHILIPSBURG GIRL IS X-RAY TECHNICIAN

Frances Eastment Freeman, daughter of Rev. and Mrs. Franklin T. Eastment, of Philipsburg. has been notified that she has passed the examination of the American Registry of X-ray Technicians and is entitled to use the letters R. T. A graduate of the Philipsburg High School and the Gradwhol School of Technicians at St. Louis. she has been X-ray and laboratory technician at the Punxsutawney Hospital for nearly five years. Before going to Punxsutawney she was an interne at the West Penn Hospital, Pittsburgh.

### PREDICT ABANDONMENT OF 'EXTRA' PHONE CHARGE

Hand set or French telephones, for which a 15 to 50 cents amonth extra charge has been collected. will become "standard equipment" in Pennsylvania after New Year's Day the PUC predicted yesterday. The Bell Company, largest tele-phone concern in the state, has complied with the commission or-der to eliminate the 15 cents extra der to eliminate the 15 cents extra charge monthly for the hand sets on billings, beginning yesterflay. Its compliance with thist order, issued No. 5, affects users of 778.-500 telephones, saving them approx-imately \$300,000 annually.
