### REPORT SHOWS FOOT-BALL IS BIG BUSINESS

(Continued from page one)

Ficarro cancelled a shoe repair bill and B. S. Kingsley contributed his fee for the Thanksgiving game to the band.

It should be noted in passing that all games but one are contracted for on a two year basis with the financial conditions the same for the two years. Thus the same amounts are paid and received in alternate years for games on a straight guarantee basis. The same principle applies to percentage games and Bellefonte will receive fifty and forty percent respectively of the gross receipts of the game at Lock Haven and State College next year.

The statement follows:

### YOUR EYES AND OUR SERVICE

A Series of Articles by DR. EVA ROAN

Bellefonte and State College Bellefonte Office hours—Wednesday 2 to 8; Saturday 9:30 to 8:30. Closed Thursday afternoon at State College office.

Dec. 16, 1937. Years ago it was supposed that the eyes of children needed no attention, because young eyes were believed to be good eyes. Now-a-days it is known that 25 per cent of all children suffer from handicaps imposed by faulty vision. It is therefore suggested that parents avail themselves of modern aids to vision for the present and future welfare of their children. Continued week after next.
