Bill Rowe is an accommodating cuss...he'll do anything but lick stamps for you.

"Doc" Noll, too, is an affable chap who'll go the limit ... almost . for you. His pet aversion is to mind babies. Don't ask it! Being a den-"Doc" knows a lot about teeth somewhat less about babies ... but enough about both to convince anyone that a baby is like the alimentary canal at the root of a molar....that is.... a lot of noise at one end ... and no control at the other.

There's Albert Thompson,...who makes his living from automobiles ... that roll along the Nittany Valley highway. He thinks there are many things about the hoss 'n' buggy days that he still likes ... and named three great menaces to safe traveling today which are ... he declared: hic, hike and hug. You're telling us, Albert.

Frank Mayes....of the auctioneering team of Going, Going & Gone, stopped in to inform us....that he knew a place....where women don't wear anything but a string of beads....once in a while and he had us all excited....until he finished saying....around their necks. A Curtin street father singing his baby to sleep the other night...

if we had been the baby....we surely would have pretended to be asleep....don't ask for names. Charley Baney soliloquizing: I wish Council would buy me an ele-

phant....so I could pick up this litter with his vacuum cleaner. Two girls, in front of the office the other evening ... arguing about what an operetta was....don't be silly, said the shorter one....it's a girl who works in the telephone exchange.

Thank goodness we live in Bellefonte ... a free community ... where a man may say what he thinks....if he isn't afraid of his wife.... utes in Bellefonte and was a pleasor his neighbors....or his boss....and if he's sure it won't hurt his ant caller at this office. Aside to Governor Earle

We can appreciate the desire or even necessity for changing the name of State College. With Penn State and State Pen so similarly designated....and separated by a mere half dozen miles....how easily entrance grants could become confused....resulting....mayhap.... in deserving students receiving courses....instead of terms.

To the Civic Club, Chamber of Commerce, et al: Bellefonte will continue to entertain tourists this summer. One of the most frequently traveled highways....leading into town....is the concrete road from Milesburg. It's a beautiful drive as we approach Bellefonte....with the waters of McCoy's dam, resembling a lake, on our right....but tourists sometimes....insist on viewing the scenery on both sides of the highway....so what do they see....on the left as they approach Pleasant View....until we can think of a more candid name for it, let's call it the "101 Ranch." If you don't believe it, go slumming for yourself some sunny afternoon.
