# Week-end Parking In Pa. Forrest

inaugurate a week-end parking president; R. D. Shoemaker, State charge system, which will also in- College, secretary, and G. H. Mcclude holidays, at several of its Cormick, Spring Mills, treasurer, principal outdoor areas this sum-

James F. Bogardus said that the but we know of some men who plan would be introduced in line have a few days to spare, with the Bureau's program to make these areas partially self-sustaining so that the people using them what they want to do if they want most will be benefited the most in to do it badly enough, improved outdoor areas.

New, hard-surfaced parking grounds will be available at Caledonia, Whirl's End, and Cook Forest parks this summer, for which a nominal fee, probably 15 cents a day, will be charged on week-ends and holldays when these parks will be used chiefly by transients. This will eliminate the danger

of traffic accidents which is always present at these areas because of highway parking. And it will also afford protection to the cars parked on the new area as the State will provide police officers to patrol and direct traffic. Seasonal parking tickets will be

sold at a very low cost so that residents and other nearby people who use the parks frequently, will not be faced with a high parking cost for the summer. The revenues derived from these charges will be put back into the

areas for maintenance, improvements and continued good parking facilities. Secretary Bogardus said that Pennsylvania's proposal to charge a small fee for parking was adopted from New York State's system

which charges considerably more for just ordinary entrance to parks There will be no charge for driving through the areas, and there speaker will be Miss Ng Woot Tsuen will be no limit on the amount of of State College who will speak time spent driving in the areas,
