Garner, superintendent of the Generri Reirrebories brick plant which the town's sole means of livelihood, and which provides electricity for the community.

The brick plant closed down Sunday, and its fires remained banked until yesterday, when operations resumed for two or three days, or until orders on hand have been job filled, it was reported.

**Refractories Schedule** 

CANDLES, OIL LAMPS

Under a new schedule, the plant will operate only as many days as necessary to meet orders, and the remainder of the time the plant

will be closed, the fires banked, and the electric power plant will remain out of operation. Sunday, for the first time in the history of the town that grew

around the brick plant 30 years ago, the 60 families found them-selves without electric power and were forced to resort to candles and kerosene lamps for inumination. This condition will exist weekly,
