TRUCK RIPS GUARD RAIL FROM BLANCHARD BRIDGE

The bridge across Marsh Creek, immediately west of Blanchard, on Highway Route 64, took another "beating" Monday about 4:30 p. m. A coal truck going east and a truck going west attempted to pass on the bridge with the result that the guard rail was almost entirely ripped off by the truck going west. Both continued on their way without stopping.

Explosion Kills Two

A huge hole in the earth and splintered timbers marked the place at nearby Lafayette, Bradford county where an explosion wrecked a nitro glycerine plant, killing the owner and an employe. The victim of the blast, which let go as they worked alone, were Dan H. McQueeny, president of the Eastern Products Glycerine Company, the owner, and Ralph Mong, Charles Starr, a company employe, said between 600 and 800 quarts of nitro-glycerine were in the building located on a hillside near Lafayette. The roar of the explosion was heard almost five miles away, residents reported.

Farmer Freezes To Death

The frozen body of Victor Martin, 65, Porter Township, Huntingdon County farmer, was found in a snow covered field about three miles west of Huntingdon. His automobile was found parked on the William Penn highway about 500 feet away. Coroner William B. West said he believed Martin became lost in a fog, fell and froze to death. He said he planned no inquest. No marks were found on the body.

New Trial Granted In Hotel Mishap Case

faucet on a washbowl broke and cut his left hand while he was shaving in his room. In ordering a new trial, United States District Judge Albert W. Johnson reserved himself. He had dismissed a previous suit by Nettles on the grounds that there was insufficient evidence of the hotel's negligence. In this instance, in a recent Court, Judge Johnson ruled, "An inn keeper has a duty to furnish a safe room to his guests." Nettles had engaged a room at the hotel while the dance orchestra of which he was a member was filling an engagement at Hecla park near Bellefonte. He claims he was standing at a washstand in the wall, which had faucet handles that required constant pressure of the hand to keep the water running. Shaving with his right hand, he manipulated the faucet with his left. The porcelain handle broke, inflicting cuts.

OSCEOLA MILLS YOUTH JAILED ON LARCENY CHARGE

Upon being released from the Clearfield County jail, Friday, three Osceola Mills youths were brought to Bellefonte and lodged in the Centre County jail to await appearance in court on charges of breaking into a Rush township coal mine owned by John Hoke.

The three, Joe Kokenberry, Joseph Tubo and Ted Rodzynski, were placed under \$300 bail each at a hearing before Justice of the Peace J. Mac Pearce, at Philipsburg. They were arrested by Privates Marshall G. Kinbeck and Michael J. Wassell, of the Rockview sub-station of the State Motor Police.

Kennedy Aspires To Governorship

(Continued from page one)

After careful consideration of the situation with respect to the Democratic nomination for Governor, and with due regard to the requests and demands from countless citizens, business, labor and other substantial interests, I have decided to be a candidate for the Democratic nomination for Governor at the primary election to be held May 17, 1938. In arriving at this decision, I have in mind that we face many great problems, for the solution of which we must find sensible policies. Most of the problems that concern and challenge government arise from our industrial ailments and fundamentally are more economic than political. The great task of government is to define clear-cut plans that will assist in the attainment of security, economic stability and prosperity.

While our State government cannot of itself, in a legislative way, permanently solve many of these problems, it can be of great help in bringing to industry, business and labor such helpful guidance and leadership as cooperation as will be consistent with proper solutions. In the consideration of these matters, industry, business and labor can consistently join in seeking to find a common ground upon which we can build for permanent and continuing improvement. Justice and equity as among these interests are the foundation upon which and in practice is the common denominator in charting the course that will bring us to our common goal.

Farm labor and farm income in Pennsylvania bear a very important relation to the success of our economic structure. The State can do much to assist in the development of plans and policies which actually do and know this work should be the best judges of what is needed by way of State participation in the solution of their problems.

Unemployment and its demoralizing effect on prices, income and purchasing power constitutes our real basic difficulty. To bring about conditions that will tend to create color, national or political, is not the business of the State.

Relief must be maintained. It should be adequate. It must be administered without regard to creed, color, nationality or politics.

We greatly need in Pennsylvania a more equitable and just system of taxation so that the burden of taxation will fall upon those persons and interests best able to meet such obligations. Any taxation system that treats the home owner, industry, business or labor unfairly is not logical or sound.

I have in mind in this connection that with increased grants to school districts for the payment of local real estate taxation. It is my judgment that our State Teachers' colleges and our State Colleges which serve the lower-income groups are entitled to more substantial consideration by the State in the matter of financial and moral support.

I am opposed to any proposal of abolishing these institutions, and to the contrary favor their continuance on a basis that will permit them to render greater service than they are now capable of doing with their restricted financial resources.

With regard to the great army of State employes, many of whom are subject to substandard wages and conditions, I believe the State should practice what it preaches and establish decent and adequate minimum wages and salaries; and that in all other respects the State should treat its own employes as the State expects business or industry to treat its employes on a fair, decent standard. The duration of a minimum wage policy and proper labor relations would bring about a more efficient and economical administration of the affairs of State government.

As a result of this service and experience, I believe I have earned the right to be considered by the Democratic voters as their nominee for the office of Governor.

These forces cannot be ignored in the year of 1938. They have been ignored in the selection of the candidates by those who were instrumental in their selection. The Democratic voters, I believe, can be depended upon to see to it that they will not be ignored on May 17.

In this campaign I shall adhere to a discussion of issues and policies. The principles upon which my candidacy stands will be successfully vindicated at the polls on May 17 by the Democratic electorate.

SEN. GUFFEY'S STATEMENT. Before leaving Washington for Baltimore, Md., last week to visit his friend, Warren Van Dyke, who is ill in the Johns Hopkins Hospital, Senator Joseph P. Guffey issued the following statement concerning the gubernatorial candidacy of Thomas Kennedy. "I will support Lieutenant Governor Thomas Kennedy for the gubernatorial nomination in the Democratic Primary this Spring. Thomas Kennedy has been trained in and given long service to the Democratic Party, having been active in Luzerne county and throughout the State for many years. "In 1932, he was a part of the organization that elected and sent 48 Roosevelt delegates to the Democratic National Convention in Chicago. While he was doing this, his present opponent, Mr. Charles Al-

vin Jones, participated actively in the "Stop Roosevelt" movement by endeavoring to have elected in the State delegates to the Convention who would oppose Mr. Roosevelt. Jones was very active in his opposition of Mr. Roosevelt during the Convention.

"Had the 'Roosevelt for President' movement in Pennsylvania in 1932 been unsuccessful, neither I nor a number of other Federal and Pennsylvania State officials would be in office now, nor would the 27,000 employes now on the State payroll have their jobs. The Democrats of the State of Pennsylvania are under lasting obligations to Mr. Kennedy.

"Thomas Kennedy permitted the Democratic Party of the State of Pennsylvania to draft him as a candidate for the Lieutenant Governorship in 1934, and was a strong asset to the ticket during the campaign of that year. At the same time, Charles Alvin Jones actively opposed Governor Earle and other candidates in the Primary, going so far as to become a candidate himself for Governor.

"In the campaign of 1934, Thomas Kennedy proved his ability as a voice getter, having obtained the second largest majority of all the Democratic candidates.

"Later, as Lieutenant Governor and presiding officer of the State Senate, Thomas Kennedy had a large part in the enactment of the constructive and forward-looking legislative program which so fully carried out the State Democratic platform of 1934.

"According to the rules of the game as I know them, Thomas Kennedy is much more entitled to the Democratic nomination for the Governorship than is Mr. Jones.

"For the reasons stated above, as well as a number of others which I shall make public from time to time, I will support Mr. Thomas Kennedy in the Democratic Primaries this spring.

"The Democratic Party of the State cannot win without labor and labor cannot win without the Democratic Party."

"The Mifflin County Coroner, after conducting an investigation into an accident near McVeytown, Sunday afternoon, absolved of responsibility the driver of a car in which two persons were killed and two others injured.

The driver, John W. Price, of Lewisport, father of H. L. Price, of Bellefonte, escaped with minor injuries when his car went out of control on a rain-soaked shoulder, struck an embankment and overturned. His wife, Mrs. Margaret Price, 35, had lacerations of the face and body, while Mr. and Mrs. Charles Hartzell, both 66, of Lewisport, and close friends of the Price family, died Sunday night in hospital.

Academy Unsited For County Home (Continued from page one) In the matter of being fireproof. Commissioner Paul N. Eckley yesterday reported that within the next week a representative of the State Department of Welfare is expected to visit the county and to outline to the Commissioners what requirements must be met in providing a County Home. After the conference with the representative, Mr. Eckley declared, the Commissioners will know more definitely what is expected of them in the matter.

The establishment of a home is mandatory on the part of the Commissioners, who serve as a County Institutional Board. No referendum is required before action is taken, for the State sets forth that each county must provide a home for dependents.

ANNUAL REPORT OF RED CROSS ROLL CALL

The Red Cross 1937 Roll Call, of which Lewis Orvis Harvey was chairman, and with such success that the honor certificate was awarded the Bellefonte chapter for distinguished achievement, resulted in enrollment of 862 members contributing \$1395.65.

Miss Anne Fox, secretary and treasurer, submits her complete report as follows: March 3, 1938. The American Red Cross, National Headquarters, Washington, D. C.

Dear Sirs: Because some of the outlying districts have been slow coming in, we have been delayed in making our final report for 1938 memberships. We now make our report, as follows, the last column being the amount sent to national headquarters in Washington, D. C.

Table with columns for membership counts and amounts. Includes rows for 756 members at \$1.00, 40 members at 2.00, etc.

DALE LAW OFFICES NOW IN LIBRARY BUILDING

The law offices of former Judge Arthur C. Dale were moved this week from the second floor of the Heverly building on North Allegheny Street to the rooms on the first floor of the rear of the former Humes property at the corner of Allegheny and Howard Streets.

Last week the Humes property, by order of Court, was deeded to the Library and Historical Corporation, and under the terms of the charter the Corporation may rent such part of the building which are not used for library purposes. During the time the Humes home was in litigation, the trustees closed off the front portion and converted the rear part into apartments which until recently were occupied. Judge Dale now occupies what was formerly the first floor apartment, while the second floor has not been rented at this time.

The former Dale offices in the Heverly building will be occupied by R. Cameron Heverly and family who will vacate the North Allegheny Street house if they have occupied for the past year or so.

to the Editor. The Centre Democrat. Dear Sir:—After reading the quotation of Governor George H. Earle's remarks and the enclosed "Random Items" in your issue dated March 3, 1938, may I be pardoned for suggesting the change of name of the excellent educational institution in State College be made from The Pennsylvania State College to The Pennsylvania State University? This change seems to me slight, logical and unobjectionable from any reasonable standpoint.

Very truly yours, WARREN W. FOSTER, 4100 Cathedral Ave., Washington, D. C.

(Continued from Page 1) agreement and will serve in that capacity at the former Kern establishment. The family, consisting of Mr. and Mrs. Schreder and four daughters, will make their home in the present Kern residence nearby the laundry building.

It is understood that the new owners will install water softeners, new washers, drying equipment and other modern apparatus to bring the laundry into first class shape for all kinds of work. The establishment will continue operation without interruption.

Mrs. Kern and son, Edward, who have been operating the laundry since the death of the late Frank T. Kern, will leave within the next week or so for Baltimore, Md., where Edward has secured a position with the Bendix Radio Corp., by whom his brother-in-law, Joseph Frabatt, formerly of Bellefonte, has been employed for some time.

COMMERCE CHAMBER APPROVES BY-LAWS

At a general meeting of members of the Bellefonte Chamber of Commerce, in the Court Room, Tuesday night, the Chamber unanimously adopted by-laws drawn up last fall and which hitherto had not been ratified. The by-laws were read by former Judge M. Ward Fleming.

After a financial statement read by treasurer Malcolm Wetzel, H. A. Brockerhoff, chairman of the roads committee, declared that a long-range program for Highway improvement in the Bellefonte area has been prepared, and sketched some of the reasons why Bellefonte is entitled to consideration in the location of highways.

Karl E. Kusse, secretary of the Chamber, and E. L. Plumb, president of the organization gave reports in which they urged attendance at a dinner to be held in the Y. M. C. A. April 25, at which time Orson Ritzman, executive director of the State Publicity Commission, will present motion pictures of scenic places in the Commonwealth, and at concerts to be given by the United States Marine Band in Bellefonte and State College, September 25.

CAR OVERTURNS AFTER SWERVE NEAR ROCKVIEW

A coupe operated by J. L. Bond, Brockway, turned over when it skidded from the pavement near Rockview Penitentiary Friday night about 11:20 o'clock. Neither the driver or the other occupant of the car was injured.

Bond told motor police his car got out of control after he swung to the berm to avoid being hit by an approaching car. The machine turned over on its right side after going over a four-foot embankment. Damage was approximately \$50.

150 ATTEND COOKING SCHOOL HERE YESTERDAY

About 150 persons, including members of the home economics classes at the Bellefonte High School, attended the Westinghouse cooking school sponsored by the DeHaas Electric Store, at the Episcopal parish house yesterday afternoon.

Miss Margaret McCullough, home economist, was in charge of the school, while Elmer Goss represented the Westinghouse Company at the session.

POLITICAL ADV. GINGERY SEEKS RE-ELECTION TO CONGRESS. Unemployment Insurance, Aid for the Blind, Mother's Assistance, Child Welfare, Rural Electrification, Collective Bargaining, Railroad Retirement, Restoration of Spanish American War Veterans Pensions, Soldiers' Bonus, Pensions for Widows, Orphan and Dependents of Veterans, Adequate Hospital Facilities for Veterans, Slum Clearance, Home Owners Loan, Federal Housing, Relief to Mine Operators and Miners in the Guffey Coal Act, A Permanent Civilian Conservation Corps, Ownership of Farm Homes and to Provide Additional Credit for Facilities for Agricultural Development, with a 100 per cent record for all labor legislation. He is a member of three important Committees, Mines and Mining, Insular Affairs and Expenditures in the Executive Departments. As a member of the Mines and Mining Committee an outstanding role in procuring the final passage of the Guffey Coal Bill and was commended by both miners and mine operators alike for his untiring efforts to save the coal industry. He values highly the Citations of Merit received from the American Legion and the Veteran of Foreign Wars for his interest in their behalf and the welfare of their dependents. He treasures highly the commendatory resolutions and letters from labor organizations, school supervisors and officials of municipalities for his excellent co-operation at all times. It will be recalled that on August 14, 1936, the train bearing President Roosevelt for an inspection of the flood stricken area in Johnstown, stopped in Altoona. At that time the President remarked that he wanted the voters of this District to re-elect Congressman Don Gingery to Congress. Mr. Gingery has made an ably hard-working, conscientious Congressman, and no urging should be necessary to make the voters of this District realize the importance of keeping a man of his calibre in Congress, whose record is conclusive proof that he will continue to represent them with credit and distinction.
