WHAT IS YOUR OPINION?

Do You Think the Bellefonte Academy Would be a Good Location for a County Poor Home?

Le Solt, 219 S. Spring Street, drayman: "I don't believe the Academy is in the right location. I think it should be on the outskirts of town, with sufficient land for indoor and outdoor recreation. Then, too, upkeep of the Academy might be pretty high."

Donald Dunksbarger, East Howard Street, coal dealer: "It's a good idea, if they can use all the room available at the Academy."

Mary M. Fauble, North Allegheny Street, insurance and real estate agent: "It would make an ideal home. After all, we have to take care of our dependents, and we might as well give them an attractive and pleasant home as possible."

W. J. Emerick, hotel proprietor and member of Bellefonte Borough Council: "The Academy would be entirely suitable if the cost of maintenance, in relation to the number of inmates, was not too high. It might be better if the County Home were established in a location where those able to work could be employed in gardening, and where all inmates could have outdoor recreation."

Leamer R. Woodring, of Mifflinburg, Centre County Recorder of Deeds: "The Academy would be a good location if it isn't too large to be conducted economically."

Mrs. William Keen, caretaker of the Bellefonte Borough Home, now being used temporarily as a County Home: "I formerly was employed at the Academy and am thoroughly familiar with the building. I think it would be a wonderful place for a County Home. It has adequate bath and shower rooms, a nice kitchen, a large dining room, an excellent heating plant, and is ideally laid-out for the purpose. The bedrooms are of good size and there are many large rooms on the first floor for recreational purposes."

William Keen, caretaker of Borough Home: "The Academy is almost ideally located, and there isn't a better-built building in this part of the county. A farm would be all right for a County Home if you had inmates who were able to do the work. We had most of our men here to get out to take walks, and in this respect the Academy is admirably located. The cost of a new building would probably be much higher than the cost of the Academy plus whatever changes would have to be made."

Simon Shilling, inmate of the Bellefonte Borough Home for the past four years: "I've been through the Academy, and think it would be fine."

Joe Gordon, inmate of the Bellefonte Borough Home, interviewed while peeling potatoes: "The Academy would be a dandy place. There are bed recreation rooms, and there's a nice big lawn out front to keep mowed. The boys could have lots of fun rolling down the hill."

C. C. Alexander, of East Curtis Street, Bellefonte, engaged in business at State College: "The Academy was designed for school purposes, and if the Bellefonte schools require more buildings, the Academy property might be a logical one to buy. It is much more suitable than the Hastings home, which has been offered to the School Board."

Harry J. Holz, South Spring Street, retired: "It depends upon what they (the Commissioners) want. If they want just a building, the Academy ought to fill the bill. If they want space for farming or gardening, it wouldn't do. That seems to be the big point to decide."

W. Hassall Montgomery, East Linn Street, Bellefonte merchant: "From a business standpoint the establishment of a County Home in the Academy would have little effect, but I believe the building and location are well suited. Part of the athletic field could be converted into a farm and garden, which the part of the field bordering East Bishop Street could be very profitably sold off as building lots."

—Professional Prescription Service, Everitt's Drug Store.

—Attorney and Mrs. John G. Love had as their weekend guests, Mr. and Mrs. Henry C. Place, of Wayne Pa.

—Strictly first grade high test Clover Alfalfa and Timothy Seed at prices that farmers can afford to pay at Bellefonte Hardware Co.

—Mrs. Frank T. Kern and son Edward, who will have public sale of their household goods Friday, March 25, will leave the following day for Baltimore, Md., to make their future home. The residence and laundry properties have been sold privately.

—Mr. and Mrs. Linn Krape are both confined to their home on North Allegheny Street, suffering from attacks of scarlet fever. Reports from the home yesterday were to the effect that both are convalescing nicely. Mr. Krape, a clerk in the First National Bank, became ill last week, and several days later Mrs. Krape contracted the malady.

—Norman Kirk, son of Dr. M. A. Kirk, of West High Street, and planning to leave this weekend for Harrisburg where he has been granted permission to conduct a refreshment stand in the Highway building at the Capitol. Norman's "seeing eye" dog, Jerry, will accompany him to Harrisburg to continue in his role as guide to Mr. Kirk.

—The Rev. Robert J. Sudio, pastor of St. John's Episcopal church, was called to Wilkes-Barre Saturday afternoon because of the serious illness of his son, who developed mastoid trouble while visiting relatives in Mansfield, Pa., and who was taken to his mother's parental home in Wilkes-Barre for treatment. Wilkes-Barre a specialist attempted to clear the condition with the use of a serum, but when that effort failed an emergency operation became necessary, and the boy's father arrived at the hospital just as he was being taken into the operating room. Reports from the hospital yesterday were to the effect that while Bobby is somewhat improved, his condition is still serious. M. A. Sudio has been visiting his parents for some time while recuperating from a recent serious illness.

—Mr. and Mrs. Willis McClellan and little son, Jimmy, of Clearfield, spent yesterday with relatives and friends in Bellefonte and Mifflinburg. Mr. McClellan, a native of Mifflinburg and an employe of the State Highway Department at Clearfield, was one of the privileged few who rode on the raft which is now making a journey down the Susquehanna River from McGees Mills, Clearfield County, to Harrisburg. Mr. McClellan, a native of Clearfield, was on the raft and when it returned it journey down the river from that point Tuesday, he was invited to ride as far as Clearfield, a distance of 12 miles by water. During the trip, which Mr. McClellan described as being a chilly one, he timed the raft by means of mileposts along the railroad at the edge of the river and discovered that the raft was traveling at the rate of one mile every 14 minutes, or a speed of slightly over four miles an hour. While going through a rapid he noticed a heavy current, and felt that otherwise the raft got unsteady. Mrs. McClellan's brother-in-law and sister, Mr. and Mrs. Dennis Watson, of Bellefonte, were among those from this county who went to Clearfield, Tuesday, to see the raft in that city. Mrs. Watson, before her marriage, was Miss Mary Snowley, of Bellefonte.
