(From last week)

Hello! Detroit, Mich., Ventura Calif., Langley Field, Va. New York City and any place where circumstances and fortune has taken our native sons and daughters. We want to say that Julian, who was always in the past looks good to us in Spring time. We are having lovely spring weather right now. But on Saturday and Sunday we had high winds. The most noticeable result is that the large pine tree in front of the farm residence of Charles Alexander was blown down. It was very fortunate that it fell away from the house instead of toward it. As the tree was fully 50 feet tall with large branches it would have destroyed the roof and probably most of the house if it had fallen on same. The tree was always in the virgin pine which flourished in this valley many years ago. Quite a number of persons are suffering from bad colds. Jacky Christian has developed a "swell" case of mumps. Mrs. Sebey Sones and son Allison spent Sunday in Clearfield with friends. Capt. John E. Bodle (native son of Julian) and a member of the U. S. Army Aviation Dept. flew over Centre County last week. He is stationed at Langley Field. Boyd Myers, who was seriously ill with pneumonia, is improving at this writing. Miss Annie Yethers is in a critical condition from a complication of diseases. Mrs. Fred Andrews is also on the sick list. Clair Walker left for Pittsburgh on Monday to seek employment. If he is not successful, he expects to enlist in the Army. Good luck Clair. Mr. and Mrs. Charles Alexander, daughter Edna Jean and B. M. Alexander spent Sunday at the K. M. Alexander home at State College. At this time of year most folks are interested in beautifying their homes by papering, painting, and thorough cleaning. I suggest that we all take stock of the yards and outside surroundings as well. During the winter a great many things accumulate which mar the beauty of the out of doors, so let us pick up the cans, papers, cartons and every-

thing unsightly. This will make premises more pleasing to the eye and more sanitary. We all know that tin cans draw flies and vermin.

Miss Jesse Anderson of Bellefonte and sister Mrs. Cassidy of Philadelphia, visited their aunt Miss Tryphena Tullidge of this place.

We feel like echoing the sentiments of Walter Winchell in speaking of President Roosevelt's plan to aid the Jewish people and other political refugees from foreign countries. We surely should be glad that we have a president who is interested in people as human beings and not just to many assets and liabilities.

Mrs. H. H. Fleisher is on the sick list. She is suffering from a severe cold.

Fried Eggs

If you experience difficulty in removing the fried egg from the pan without breaking the yolk, it usually means that you have not had sufficient butter in the pan, or you have cooked the eggs too rapidly and the butter has cooked away, allowing the eggs to stick to the surface.

"You tickle me and I'll tickle you" is a rule that explains much of what one hears and reads.

In the passing away of Mr. F. L. Weidner, our community lost a man of outstanding character. It was through his efforts that a lot of our boys were started on a musical career. A TRIBUTE TO F. L. WETZLER

He has gone from this earthly home From care and pain is free. And is resting in peace and joy With those in eternity. He dwells in that land of sunshine, Where all is peace and rest. With those who have gone before And the ones who are happy and blest.

Down in the silent grave, There only his body shall be, His soul has gone to Heaven From all earthly care he is free. We can only trust in God The one all seeing power, Who always stands beside us In every trying hour. —L. S.
