American Naval History Enshrined at Erie

Proud days when the early American navy made history on Lake Erie are revived for tourists at Erie, where the U. S. S. Wolverine shown above and the older U.S.S. Niagara are preserved. The monument shown in the inset commemorates Perry's victory over a British fleet on the lake in 1813.

Julian Man Freed After Bail Is Set

to fix the amount of bail under which the defendant is to be held. In the group of pleas of guilty were one for escaping from Rockview, another for a statutory offense; two for robbing a hunting camp; two for operating gambling devices and two for the larceny of money.

Clarence E. Smith, aged 21, of Erie county, who escaped from Rockview April 14 with less than four months of a one-year-four-month term to two-year-eight-month term to serve, and who surrendered to Erie police Monday last in court, had his own wish granted in court, Monday.

Smith, when asked if he had anything to say before sentence was passed declared that "four or five times I asked Deputy Rhoads to transfer me back to Pittsburgh, but he wouldn't do it. That's why I escaped from Rockview."

Judge Walker obliged the man with the usual sentence, i. e., an extra year, 4 months to 2 years, 8 months to be served after the expiration of his original sentence.

Leroy L. Sauer, of State College, entered a plea of guilty to a charge of being the father of a child born to Almada Henninger, aged 21. He was sentenced to pay the costs of prosecution, a fine of \$1, lying-in-expenses, and \$200 per week for seven years for the support of the child. Sauer also was directed to post an approved bond of \$500 to guarantee fulfillment of the sentence.

Wendell Bland, colored member of the Wolf Rock C.O.C. Camp, near Phillipsburg, pleaded guilty to a charge of stealing \$36 in cash from a fellow camp member, and was placed under parole for three years upon payment of the costs of prosecution. The money was returned to its owner.

Frank H. Farrell, commanding officer of the camp, in a statement to the court declared that Bland was the accused, and that Bland pleaded it up and kept it. He admitted the theft the following day when the money was found in his possession. The youth otherwise had an excellent camp record, and had never been in trouble before. As a result of his prosecution, Farrell said, he will probably be dishonorably discharged from the C.O.C., which in itself is quite severe punishment since it prohibits a man from receiving any further federal aid of any kind.

Martha Armbruster, aged 54, of State College, for the past three years employed as a cook at the Phi Gamma Delta fraternity at State College, pleaded guilty to the larceny of soap, towels, sheets and silverware, valued at about \$100 from the fraternity.

The prosecutor in the case was Officer John R. Juba, of the State College police. He reported that the theft occurred over the period of two years and that after the woman's arrest most of the stolen articles were returned.

Defense attorneys offered to have the Hon. J. L. Holmes, of State College; W. H. Noll and T. E. Jordon, of Pleasant Gap, testify as to the defendant's good character, but such testimony was not required by the court.

Mrs. Armbruster was sentenced to undergo probation for two years, upon payment of the costs of prosecution and upon making restitution of articles taken.

David McKean, of Phillipsburg, who several months ago paid a \$100 fine for operating gambling devices, was in court Monday on similar charges. In view of the fact that it was his second offense in a short period of time, McKean was sentenced to pay the costs of prosecution and serve three months in the county jail.

reported unusual interest being taken by the members. They have made a study of history, textiles and patterns and are being instructed in baking of bread and rolls by Miss Eleanor Smith, home economic representative of the county.

Mrs. Robert Mills Beach reported that the committee in charge of the new library is gradually fixing up the building and putting it in shape for the purposes designed. Up to this time all the money promised the corporation has not been turned over to the committee and for this reason it will be necessary to keep the work of remodeling within the financial resources. She further stated that the committee will greatly appreciate gifts of cash from anyone who has the success of the library at heart.

Mrs. Ben Beeser, chairman of the cancer control committee, reported that to date she has received contributions totaling \$70.60.

Mr. Blaney stated that the Bellefonte school board had received the plans for the projected addition to the high school building, and inasmuch as the women are always interested in the success of Bellefonte's schools, school director Horace Harzanti suggested that the club hold a special meeting to go over the plans with the school board and make suggestions of any changes they might deem advisable. A meeting will probably be held in the near future.

Mrs. Blaney appointed Mrs. Wallace J. Ward, Mrs. Roy Wilkinson and Mrs. Kessel E. Long a committee on the nomination of officers for a term of 3 years, to report at the May meeting. As that meeting will be the last for the 1937-38 year it was decided to make it a dinner affair to be held at a hotel, and Mrs. Ladore Glastier was appointed chairman of a committee to arrange for same.

Mrs. Edgar Wagner, chairman; Mrs. Edward Miller and Mrs. Musser W. Gettig were appointed a committee on finance and budget.

The president appointed as an auditing committee Miss Winifred M. Gates, chairman; Miss Christine Smith and Miss Ellen Hassinger.

A communication was received from Karl Kusse, secretary of the Bellefonte Chamber of Commerce, suggesting that the club appoint one of its members to co-operate with the Chamber's town improvement committee, and the president appointed Mrs. W. J. Emerick.

Mrs. Blaney suggested that the club hold a flower mart and festival some time about the middle of June, the details to be worked out later.

At the conclusion of the business meeting Mrs. Mary Harvey Scott entertained the club with several delightful piano selections while waiting for the appearance of Orson Ritzman, executive secretary of the State Publicity Commission, who showed one reel of motion pictures of beautiful scenery in the State and advocated a more intensive effort on the part of everyone to advertise the advantages of their home community and the State at large.

At the conclusion of Mrs. Ritzman's talk light refreshments were served.

Centre County court instead of in the Federal Court, but owing to the fact that Mrs. Polette was a resident of Brooklyn at the time of the tragedy, and is now a resident of Clovus, New Mexico, she is entitled to bring action in either court.

In the notice served on Mr. McMullin yesterday, he is directed to appear before the Court in Scranton within ten days' time.

The accident which resulted in the damage suit against McMullin and the charge against Bartley, occurred about 4:30 o'clock Saturday afternoon, December 4, about a half-mile east of State College, and involved three cars.

Proceeding east along the road was the Bartley car, followed by the Polette machine. From the opposite direction the machine driven by Mr. McMullin approached.

At the corner's inquest, Bartley claimed something struck his car and an instant later he heard a crash behind him as the McMullin machine plowed into Polette's car. McMullin claims that Bartley was attempting to pass a fourth car in the same direction; that he saw he couldn't make the pass because of the approaching McMullin machine, and that as he tried to get back in line, the rear of his car struck the rear end of McMullin's car, causing it to swing directly into the path of the Polette car back of Bartley.

Polette was instantly killed; his wife and Mrs. McMullin were severely injured, and Mr. McMullin received painful but not serious lacerations and bruises. The McMullin and Polette cars were badly damaged.

The coroner's jury exonerated Mr. McMullin of blame in the accident and found that the tragedy had been caused by reason of the position of Bartley's car on the highway at the time.

State Motor Police after an independent hearing brought charges of involuntary manslaughter against Bartley. It is this charge upon which the Grand Jury will act next Tuesday.

HOWARD GRANGE NEWS

Just a word to the members that could not be present at the regular meeting Friday, 22nd. They missed a fine program. The regular meeting was called to order by Master Harry Confer in the chair, the regular routine of business being transacted. The Worthy Master then turned the meeting over to the Lecturer, Mrs. Roy Love. Being Kelly and Saunders day meeting they had open meeting, Miss Virginia Shank leading the program. Miss Allee Leathers spoke of the life of Saunders and his activity in starting and organizing of the Grange. It was very interesting. The next speaker, Mrs. Beale Condo spoke of the life of Kelly, the founder of the Grange. Her talk was very interesting. The next speaker of the evening was Mrs. Blair Fletcher, Mrs. Fletcher also spoke of the life of Kelly.

Mrs. Harry DeArmet's piano solo "Garden of Flowers," was beautiful and appropriate.

Mrs. Sadie Shank spoke on Arbor day and told of how Mr. Sanders promoted the planting of orchards and encouraged raising of fruit.

When a person stops to think of the fine fruit we have today, and the fact that the fruit trees are being destroyed to 3 being raised, what will we be paying for fruit in the next 20 years?

Miss Ruth Wentzel read a poem about three trees which each had their own purpose in life, one duty was shade, the next water, the last but not least, pie. The three trees were the apple, the oak and the pine. Those who were not there can make a guess which will furnish the shade and so on. Come to the next regular meeting and learn something

about what is going on. See the Ship of Success, the motto on it is something which makes you wonder whether you are putting your shoulder to the wheel. The attendance was 85% larger than the previous meeting. Let's make it 150% the next meeting. Get your back to the wheel and make it spin.

The Exhibit Committee wishes everybody who can possibly be there, to be present at the next meeting. They have something very interesting to tell you how they are progressing and what they want you to do.
