Elect Teacher For High School

The Bellefonte School Board, conducting most of its regular meeting Monday night in the faint glow produced by a miniature flashlight in the hands of Supervising Principal E. K. Stock, after regular electric power failed, elected George H. Painter, of Sabinsville, as teacher of agriculture in the newly-created vocational agriculture department of the High School.

Mr. Painter, who will assume his duties on August 15 and who has had 11 years' of experience, was selected from a number of applicants.

Most of the meeting was taken up with a discussion of financing the

proposed addition to the High School building.

The J. C. Brewer coal yard was awarded the contract to furnish 400 tons of bituminous coal to the various schools of town at a contract price of \$2.29 per ton—the coal to be subject to approval of the board of other dealers bid on the coal, the highest bid per ton being \$3.89.

How Many Bees in a Pound?
P. A. McGowan, former Williamsport councilman, an authority on bees, reports there are between 3,680 and 5,495 bees to a pound, basing his computation in counting a mixture of 10 pounds of bees of all sorts. The number of drones reached 2,000 in a pound, McGowan added.

of Aaronburg, one mile distant. Prizes during the parade were awarded as follows:

BANDS
1st prize, \$50, to band representing Gorman-Peters Post, American Legion, Osceola Mills.
2nd, \$35, to Millmont P. O. S. of A. band.

3rd, \$15, to Bellefonte American Legion Band.

DRUM AND BUGLE CORPS

1st, \$50, to Lewisburg Legion outfit.

2nd, \$35, to State College Legion and Auxiliary Junior Drum and Bugle Corps.

3rd, \$15, to Brooklyn Drum and Bugle Corps, of Lewistown.

FIREMEN'S AWARDS

1st, \$50, for fire company with equipment and the most men in line, to Hope Company, Lock Haven.

2nd, \$25, to company with best appearing equipment, Lewistown Fire Company.

3rd, \$25, to company coming the longest distance with equipment, awarded to the Sandy Ridge Fire Company. (Although maps show Phillipsburg to be apparently more distant from Millheim, Sandy Ridge firemen, because they first have to go to Phillipsburg, actually traveled the longest distance, also exceeding Tyrone's mileage by two or three miles.)

BEAUTY CONTEST WINNERS

Two members of the Blerly clan at Rebersburg took the lion's share of honors in the beauty contest which featured the closing hours of the week's carnival, late Thursday night. The winners were as follows:

1st, \$15, awarded to Miss Margaret Blerly, of Rebersburg, who next fall will be a senior in the Rebersburg High School.

2nd, \$10, awarded to Miss Dorothy Auman, of Millheim.

3rd, \$5, awarded to Miss Ruth Blerly, of Rebersburg, cousin of the winner of the first prize.

Judges of this event were picked at random from the crowd, two of them being L. Curtin of the Poe Valley CCC Camp, and a Mr. Lyons, of Philadelphia. The third judge was from the Spring Mills vicinity but his name could not be learned. Contestants appeared before the judges dressed in evening gowns.

AMAZED AT CROWD

A fair indication as to the reaction of outsiders who attended the celebration last Thursday evening is given in a report of the affair published in Friday's Lock Haven Express. The account, in part, follows:

"The Lock Haven people who attended the parade were astonished at the scope of the small town's celebration of its 150th birthday. Hundreds of cars were parked in and beyond the village's boundaries and in the fields and elsewhere.

"Considering that Millheim was listed in the last census, taken in 1930, as having just 632 inhabitants it was felt by many that the town's decorations, the parade and the other attractions of the affair were indeed a high mark at which other much larger communities might aim."

Worthy of mention are some sidelights of the Fourth of July parade in Millheim, in which forty units appeared. The tally-ho in which nine Millheim women, dressed in costumes of the Revolutionary period, was obtained from Danville, Frank Walker of Haines township, furnished the fancy harness which adorned the horses drawing the ancient vehicle. The Conestoga wagon appearing in the parade was purchased in Huntingdon county especially for the occasion. This unit was particularly realistic, with a cow tied to the rear of the wagon, and with men, women and children, all dressed in Colonial garb, riding in the covered vehicle.

G. G. Neff, undertaker, had in the parade a hearse of the vintage of 1880, consisting mostly of ground glass panels. It was drawn by horses, Frank Weiser, who back in the old days was lighter of the borough oil lamps, recalled those times with a float on which was mounted one of the old lamps. At various intervals during the parade Mr. Weiser lighted the lamp to show how it was done. These were just a few of the features of the July Fourth parade.

Judging from the many favorable comments heard on all sides by persons who attended the Sesqui, Millheim can rest assured that the labor and expense of staging the celebration was most worthwhile. Thousands of persons received a new conception of the little community in Penn's Valley during the week's program—and that conception is highly favorable to the future prestige of the community and its citizens.

Opinion Filed For Two Actions

(Continued from page one)

a rehearing upon the compensation claim of Charles H. Deviney when he directed that the records of the case be submitted to the Workmen's Compensation Board for further consideration.

Deviney, an employee of the J. H. France refractories was injured in an accident July 28, 1936. He filed a claim for compensation in October of that year. The Compensation Board denied the claim, and an appeal was taken. The Board dismissed the appeal. Deviney petitioned for a rehearing, and the Board granted the petition. Meanwhile the France company moved to quash the move for a rehearing, but the Court yesterday set aside the France company's motion, placing the costs of litigation upon them.

The next step in the case is a new hearing of Deviney's claim before the Compensation Board.
