Imaginary Crime

Lee Lucas, of Flemington, had the Lock Haven authorities excited for a few minutes Saturday night when he told some people a fantastic story of being the man who had held up the attendant at the Passell Service station in Flemington last week. He was arrested and B. L. Haag, but he was found to be drunk and drawing on his imagination. When questioned he could tell nothing which would lead the officers to believe that he actually knew anything about it. He was
