"1. No prudent citizen would loan money without the assurance of

eral State Authority "3. It is, of course, begging the question on your part to compare public financing the operation of a farm, but if you will take the trouble to examine any type of farm mortgage, either public or private, you the farmer who pledges his farm to secure the mortgage is a great deal more severe than the exactions that would be required of a school disfrom the General State Authority.

"4. No sane business man could

is now permitted to contribute to in any other type of school adminyour editorial Section 640 which has ing at 9:30. 'Are you certain that it is not been stricken from the Plan by the just partisan-politics that calls House amendments, and if you forth your bitter editorial of Aug- would have studied the situation carefully you would find that the plan in no way effects the present taxing power of local school districts

> "You seem to be greatly concerned about the bankruptcy of our school districts and yet you close your eyes to the very fact that approximately 50 percent of our school districts are definitely headed toward bankruptcy unless something is done to relieve the burdens that are upon them. "In place of heading our schools

> toward bankruptcy, this is the first plan which has done anything to reto relieve a large proportion of the financial pressure upon our school districts and in turn it is the first plan which has done anything to relieve the burden of school expenditure from local tax on real estate. "Do I understand the policy of

your paper is that all school expenditures should be borne by local real estate taxation? If this is not the policy of your paper. I do not see how you could help but favor the "Practically every school district

trouble to inform themselves intelligently about the plan, is very vigorous in its support because they realize that it will relieve a large part of the financial pressure that is upon them and at the same time give them an opportunity to reduce the taxes upon their local taxpayer. "Unless your editorial policy is entirely dictated by partisan politics. I would appreciate if you would grant me the favor of printing this answer in your columns. I can assure you that there is nothing in the plan which leads to school dic-

tatorship nor has any partisan politics actuated presentation of this plan "I feel confident that if you will stop to consider the plan on its merits instead of becoming an outspoken opponent, you will a vigorous supporter, particularly in

view of the serious need that I

know exists in your own county.

Very truly yours, EDW. J. THOMPSON."

#### FAIRVIEW
