PLEASANT GAP

The Garden Club met yesterday afternoon at the home of Mrs. J. Litz at Peru. Each member took with them a miniature garden of their own design. Quite a number of these gardens showed much originality and cleverness and their designers are to be congratulated.

After the business session of the regular meeting of the Civic Club Tuesday evening which was the first after the summer recess a number of people of the town gathered there to hear the speaker of the evening, Mr. Joseph H. H. Harrod, Director of Education at Harrisburg whose subject was Education in General, which was quite interesting as well as instructive and was especially appropriate at this time as this evening was chosen by the Fire Co. to send representatives from this organization to the Roy Adams and Mr. William Tucker to talk over the present critical school situation with the Club ladies who have been striving ever since their organization for better schools and have done much toward that end as the people of the town will verify. Mr. Adams in his opening presentation a real picture of the conditions and Mr. Leubart, Assistant County Superintendent answered all questions as well as possible considering that the setup the State has in mind for Education has not been fully developed yet. His talk of the plans for Education in the future was quite interesting and didn't really meet with the local folks dream for their schools in the future. Although it did make a starting point for we all realize that something must be done in the near future. Two violin duets by the Misses Kerstetter and Livingston accompanied by their teacher Miss Miller were featured during the social hour and tasty refreshments were served by the Committee. This was also a hospital donation night and a number of the members left their donation at that time.

The books for the Book Club have not been ordered yet so it is not too late for anyone who wishes to join so do so, if they will contact Mrs. Hugh Crumlish within the next few days. Each person joining purchases one new book which is passed on every other week to some other member until it returns to the owner thus enabling each member to read as many new books as there are members in the Club for the price of one book. There could not be a better way to read so much late fiction etc. at such little cost.

In writing about the Bathgate dairy farm etc. last week it is well to add one thing more and that is that there are six wonderful big horses there equal to the Pennsylvania State College farm animals. While the dobbins are not used in this age in the delivering of the dairy products they still remain an important factor in connection with dairy farming.

Rev. Mr. Gaunt and Mrs. Gaunt and children Joanne, Charles and Sandra, of Houseville, were visitors at the Alfred Lyle home on Labor Day.
