

Titans Capture League Pennant

Martz Shuts Out Port Matilda in Deciding Game; Bellefonte Scores 7 Runs

Before one of the largest crowds of fans to attend a game in Centre county this year, Bellefonte last Friday afternoon defeated Port Matilda to win the championship of the Central Pennsylvania Baseball League.

The 7 to 0 victory for Bellefonte upset a two-year championship ranking held by Port Matilda, and carried Glenn Amuller to the pennant for his first year as mentor of the Bellefonte team.

Bellefonte entered the game as the underdog, for Port Matilda captured the league lead early in June, and held that position steadily, except on two occasions when they were tied by the Titans. Last Tuesday the two teams again tied, and Friday's match decided the title.

Martz came through with his second shutout performance in two starts in the box this season when he held the brickmakers to five scattered hits.

Chuck Hepler, ace Port Matilda pitcher, lasted three innings, giving up five runs on only three hits. Ely Harpster pitched the last four innings for Port and was nicked for two hits. Both blows came in the fifth inning and accounted for the remainder of the Titan tallies.

Bellefonte opened the game in the first inning with a pair of runs, one on a home run. Three more Titan runs crossed the plate in the third inning.

Bill Schreck, transplanted Lemont catcher, opened with a single just over first base. Bootie Knarr was safe on Elwood Stimer's error and Hepler walked Kerstetter purposefully.

Hepler forced Evans to fly out and then Anderson popped up to Jimmy Gales. After fouling several times, Amuller came through with a single to deep right field. Two runs crossed the plate and another came in when Stimer dropped a throw to catch Amuller, who was sliding into second.

With Harpster on the mound for the losers, the Titans scored their last two runs in the fifth. Kelleher singled to left field and Evans sacrificed him to second. Anderson followed with a single to left field. The ball evaded Les Daughenbaugh and both Kelleher and Anderson scored.

Manslaughter Case to Go On Trial Here

Thomas was sentenced to pay the costs and undergo imprisonment in the county jail for six months.

Walker and Spangler, two of the fugitives, who were captured in Indianapolis, Indiana, were sent to the State Industrial School at Huntingdon for indeterminate terms.

George Spangler, brother of William, and George Thompson, of Philadelphia, who with the fugitives were being held in jail on larceny charges in connection with the robbery of a number of service stations when the jailbreak occurred, pleaded guilty to the larceny charges Tuesday afternoon. Spangler was sentenced to three months and Thompson was sentenced to serve six months in the county jail.

Rachel Strouse, 22, of near Spring Mills, charged with assisting the four boys in the series of robberies, entered a plea of guilty Tuesday, and was sentenced to serve three months in jail.

Leroy Fleck, George Poorman, Lawrence Shunkwer, Edward Reed and Theophilus Shope, all of Philadelphia, indicted jointly on a charge of stealing five bottles of whiskey valued at \$25 from W. S. Erb, 38-year-old Philadelphia taproom proprietor, were found not guilty by a jury, but were directed to pay the costs of prosecution.

Sterling Snyder, of Millheim, charged with being the father of a child born out of wedlock, was found guilty by a jury and was given the usual sentence imposed in such cases to provide for the maintenance of the child.

A jury in the case of Alfred E. Farar, of Bellefonte, charged with drunken driving, returned a verdict of not guilty, but the costs of the case were placed upon the defendant.

Hugh Butler, of Howard, who went on trial before a jury on charges of assault and battery, was found not guilty, and the jury divided the costs of the case equally between the prosecutor and defendant.

The costs in the case of Harry Toner, of Bellefonte, charged with driving a motor vehicle without a license, were divided equally between the prosecutor and defendant by a jury which acquitted Toner of the charge.

Blain M. Mann, of Howard, charged with hit-run driving after an accident in which the car he was driving was involved near Snow Shoe intersection, was directed to pay the costs of prosecution when the charge against him was disposed through a nolle prosequi action.

Similar disposition was made in the case of Hayes Quick, of Monacaon, charged with larceny and receiving stolen goods. The charge was "nol prossed" and Quick is to pay the costs.

A plea of nolle contendere was entered in the case of H. M. Spengler, of Johnstown, charged on three separate indictments with fraudulent conversion. Spengler, up until last night, had not been sentenced.

E. R. Nale, of State College, entered a plea of guilty to charges of drunken driving and was sentenced to pay the costs of prosecution, a fine of \$100, and undergo imprisonment in the county jail for thirty days.

Two cases were continued. They are: P. J. Gemel, drunken driving, and Clyde Corman, State College, drunken driving.

Yesterday when court was addressed.

Construct Dams In Spring Creek

Beautification of Town's Approaches Planned by Highway Department

Beautification of Spring Creek along north Water Street and of the approaches to Bellefonte is provided in plans now under discussion, it was announced yesterday by Chamber of Commerce officials.

The proposals were reviewed in detail late in the week by three representatives of the State Highway Department, borough officials, and Chamber of Commerce heads.

The Spring Creek project, which has the approval of Borough Council, and which will be completed by the National Youth Administration at no cost to the borough, calls for the erection of three dams in Spring Creek. One of the dams is to be located near the rear of the Penn Belle Hotel. The second will be placed just above the Lamb Street bridge, and the third will be a short distance below the Lamb Street bridge.

The upper two dams will be high enough to maintain the water in the creek at sufficient depth to cover the entire stream bed, while the dam at the lower end will be considerably higher, to provide an abundant supply of water for fire protection. Work on the dams began Monday morning.

The State Highway Department may sponsor the program to beautify the approaches to Bellefonte. Under consideration are the removal of the slag pile near the now abandoned pike quarry, on the Bellefonte-Miesburg highway, and the planting of grass and shrubbery on both sides of the road in that vicinity; the re-planting of grass and shrubbery near the intersection of West Linn Street and North Water Street; planting grass and shrubbery on both sides of the road in that vicinity leading from the Wagner Mill to the Titan Metal Plant, and beautification of the road in the vicinity of the Texaco service station and Machine Gun Troop post east of Bellefonte along the Bellefonte-Zion road.

Although the Highway beautification program has not been completed, and although it has not been definitely decided to proceed with the work, Chamber of Commerce officials are confident that the program will begin in the near future. WPA labor is to be used on these projects.

Preliminary reports of ticket sales for the two concerts to be given in Centre County Saturday, September 24, by the United States Marine Band, indicate capacity audiences at both performances. It was revealed yesterday.

The concerts are scheduled to be held at 4 p. m. on the high school athletic field at State College, and at 8 p. m. at the Community Athletic Field, Bellefonte. The band is being brought here under the auspices of the Howard Band. In the event of rain the State College program will be presented in the high school auditorium, and the evening performance in the pavilion at Heck Park.

The Marine Band is equipped with instruments valued at \$10,000 and carries 54 trucks when on tour. The eight soloists carried by the band, will appear in the concert here.

"Tickets, at \$1 each, may be obtained from members of the Bellefonte High School band, or by applying at the offices of The Centre Democrat or Keystone Gazette.

Announcement was made yesterday that D. A. Holter, Jr., son of Mr. and Mrs. D. A. Holter, of Howard, an accomplished clarinetist, will play a solo with the Marine Band during the concert in Bellefonte. This feature, added to the fact that Captain Taylor Branson, conductor of the Marine Band, will lead the Bellefonte High School Band in the opening number of the concert, have created much additional interest in the coming event.

Following are the programs for the two concerts:

Afternoon Program, State College Soloists: Edward Masters, cornet; Oliver Zinsmeister, xylophone.

1. "Pictures at an Exhibition"—Nodeste Mousorgsky (a) "The Hut of Baba-Yaga" (b) "The Great Gate of Kiev"

2. "Melodies of Stephen Foster" compiled and arranged by Louis Corman, United States Marine Band.

3. Cornet Solo "The Volunteer"—Walter Rogers. Soloist: Edward Masters.

4. "Chorale and Fugue"—John Sebastian Bach.

5. Characteristic "Dream Hour Circus"—Harry Alford, xylophone.

6. Overture "Beatrice and Benedict"—Hector Berlioz.

7. Xylophone Solo, "Gzardas"—Monti.

8. "Harlem Fantasy"—Bennett.

9. Grand March, "Entrance of the Queens into the Wartburg" from "Tanhauser"—Wagner.

10. "The Star Spangled Banner."

Evening Program, Bellefonte Soloists: Winfred Kemp, cornet; Robert Isle, trombone; Charles Owen, xylophone.

1. "Coronation Scene and Love Music" from "Boris Godunov"—Modest Petrovich Mousorgsky.

2. "Cake Walk" from "Fourth Symphony"—Hart McDonald.

3. Cornet Solo, "Showers of Gold"—Herbert Clarke. Soloist, Winfred Kemp.

4. "Rhapsody in Rhumba"—David Bennett.

5. Trombone Solo, "Annie Laurie"—Arthur Pryor. Soloist, Robert Isle.

6. Overture, "Ananacron"—Luigi Cherubini.

7. "Prelude" to the Third Act "Lohengrin"—Richard Wagner.

8. Xylophone Solo, "Zigeunerweisen" (Gypsy Airs)—Pablo de Sarasate. Soloist, Charles Owen.

Marine Band to Give Fine Program

OLIVER ZINSMEISTER Xylophone Soloist

ROBERT ISELE Trombone Soloist

Preliminary reports of ticket sales for the two concerts to be given in Centre County Saturday, September 24, by the United States Marine Band, indicate capacity audiences at both performances. It was revealed yesterday.

The concerts are scheduled to be held at 4 p. m. on the high school athletic field at State College, and at 8 p. m. at the Community Athletic Field, Bellefonte. The band is being brought here under the auspices of the Howard Band. In the event of rain the State College program will be presented in the high school auditorium, and the evening performance in the pavilion at Heck Park.

The Marine Band is equipped with instruments valued at \$10,000 and carries 54 trucks when on tour. The eight soloists carried by the band, will appear in the concert here.

3. Cornet Solo, "Showers of Gold"—Herbert Clarke. Soloist, Winfred Kemp.

4. "Rhapsody in Rhumba"—David Bennett.

State Approves Set-up For High School

(Continued from page one)

One of the new laws enacted to regulate school practices throughout the state provides that during the school year 1938-1939, the age for the compulsory attendance of pupils in the State's schools is to be increased from 16 years to 17 years. Next year, 1939-1940, the compulsory age limit is to be raised to 18 years. Increasing the number of years children must attend the public schools, calls for additional school facilities, more teachers, larger buildings.

Next year, under the School Code, school districts having no high schools will be required to pay transportation costs for all pupils sent to the high schools of other districts. At the present time, the districts are required only to pay tuition for such students.

Transportation must be provided for every high school pupil who lives more than two miles from the school. (This distance is measured from the school to the main road nearest the pupil's residence. If the pupil resides for five miles off the main road he will have to provide his own transportation to the bus stop.)

The modern trend in school systems throughout the country is for larger schools where both teachers and pupils will have greater advantages. High schools cannot possibly offer up many courses or a complete instruction as can the larger units. This is the purpose State educators hope to achieve through consolidation.

Under the present system proposed by Prof. Rogers and approved by the Department of Public Instruction, Centre county will have ten administration centers, with a central high school in nine of them, and two central high schools in the tenth.

In the following lists of districts the name of the district appears in the left column, the present number of schools in the middle column, and the present total number of pupils in the right column.

DISTRICT NO. 1 High School Center at Phillipsburg

Table with 3 columns: District Name, Schools, Pupils. Includes Phillipsburg Borough (1 school, 1951 pupils), Spring Twp (1 school, 84 pupils), Rush Township (1 school, 631 pupils). Total: 9 schools, 1766 pupils.

DISTRICT NO. 2 High School Center at Snow Shoe

Table with 3 columns: District Name, Schools, Pupils. Includes Snow Shoe Boro. (1 school, 289 pupils), Snow Shoe Twp. (5 schools, 527 pupils), Burnside Twp. (3 schools, 80 pupils). Total: 9 schools, 896 pupils.

DISTRICT NO. 3 High School Center at Port Matilda

Table with 3 columns: District Name, Schools, Pupils. Includes Worth Twp. (1 school, 245 pupils), Taylor Twp. (4 schools, 113 pupils), Halfmoon Twp. (1 school, 93 pupils), Huston Twp. (4 schools, 103 pupils). Total: 10 schools, 554 pupils.

DISTRICT NO. 4 High School Center at Bellefonte

Table with 3 columns: District Name, Schools, Pupils. Includes Bellefonte (1 school, 1356 pupils), Spring Twp. (8 schools, 821 pupils), Benger Twp. (9 schools, 206 pupils), Miesburg Boro. (1 school, 110 pupils), Boggs Twp. (3 schools, 355 pupils), Unionville Boro. (2 schools, 51 pupils), Union Twp. (6 schools, 141 pupils). Total: 30 schools, 3040 pupils.

DISTRICT NO. 5 High School Center at Howard

Table with 3 columns: District Name, Schools, Pupils. Includes Howard Boro. (1 school, 245 pupils), Howard Twp. (4 schools, 129 pupils), Liberty Twp. (3 schools, 314 pupils), Curtin Twp. (4 schools, 140 pupils). Total: 12 schools, 828 pupils.

DISTRICT NO. 6 High School Centers at State College and Boalsburg—Junior High at Pine Grove Mills

Table with 3 columns: District Name, Schools, Pupils. Includes State College Boro. (1 school, 1143 pupils), Ferguson Twp. (1 school, 382 pupils), Harris Twp. (1 school, 199 pupils), College Twp. (7 schools, 249 pupils), Patton Twp. (4 schools, 131 pupils). Total: 14 schools, 2104 pupils.

DISTRICT NO. 7 High School Center at Centre Hall

Table with 3 columns: District Name, Schools, Pupils. Includes Centre Hall Boro. (1 school, 238 pupils), Potter Twp. (7 schools, 336 pupils). Total: 8 schools, 574 pupils.

DISTRICT NO. 8 High School Center at East Penn's Valley—Joint High School, Millheim

Table with 3 columns: District Name, Schools, Pupils. Includes E. P. V. High (1 school, 135 pupils), Millheim Boro. (1 school, 96 pupils), Penn Twp. (1 school, 137 pupils), Haines Twp. (3 schools, 175 pupils), Miles Twp. (2 schools, 185 pupils). Total: 8 schools, 728 pupils.

DISTRICT NO. 9 High School Center at Gregg Twp.

Table with 3 columns: District Name, Schools, Pupils. Includes Vocational School, Spring Mills (1 school, 353 pupils), Gregg Twp. (7 schools, 353 pupils). Total: 10 schools, 410 pupils.

DISTRICT NO. 10 High School at Hubersburg

Table with 3 columns: District Name, Schools, Pupils. Includes Walker Twp. (6 schools, 285 pupils), Marion Twp. (4 schools, 125 pupils). Total: 10 schools, 410 pupils.

Pleasant Gap Native Wedding Anniversary

(Continued from page one)

the Methodist Episcopal church at Belvidere.

Mr. Noll at that time was employed by the Straub Printing company, of Freeport. Six years later, in 1919, he joined the Journal-Standard staff as linotype operator, which position he has since held.

About every two years Mr. and Mrs. Noll motor to Pennsylvania where they visit Mr. Noll's mother, a brother and a sister. His mother, Mrs. H. C. Noll, who is now 82 years of age, and his sister, Mrs. George C. Miller, reside at Bellefonte, and the brother, Edward M. Noll, resides at Pleasant Gap.

Shows How To Cut Motor Upkeep

Local Station To Inaugurate Lubrication Service Pointing to Saving Millions Yearly

Motorists of Bellefonte and vicinity who are interested in eliminating repair bills and prolonging the useful life of their cars are to have an opportunity to see how proper lubrication has made it possible to run ordinary stock cars 100,000 miles with practically no wear. On Thursday, Friday and Saturday of this week, S. H. Poorman garage here will inaugurate an automobile lubrication service tested by The Atlantic Refining Company at Toms River, N. J., where six low-priced stock cars were driven 100,000 miles each, and at the conclusion of the run were found to be in practically new-car condition.

"Reduction of motor upkeep costs is a matter of dollar-and-cents interest to every owner of a car," says S. H. Poorman. "The basic importance of the new lubrication service, however, is most graphically demonstrated by the estimate of engineers who have stated that the Toms River tests have pointed the way to a reduction of upkeep costs for motorists in the United States amounting to at least \$50,000,000 annually."

A special representative of The Atlantic Refining Company will be at the station three days this week-end to demonstrate the 100,000 mile lubrication service and inaugurate it locally. Cars brought to the station on these days will be lubricated under the supervision of the Atlantic representative. Motorists will be able to make their own tests of the service and the high film-strength oil which made the 100,000 mile record possible.

In explaining the results of the Toms River tests, Mr. Poorman attributes them to three factors: (1) Lubrication in accordance with manufacturers' specifications; (2) Regularity of lubrication; and (3) Use of a motor oil that has been film strengthened to stand 15,000 pounds pressure per square inch. This film strengthened oil—three times stronger than average—is a result of more than four years of research and is widely recognized as a development of major importance in the automotive field.

The testing of the lubrication service to be inaugurated at the S. H. Poorman station involved driving the six low-priced stock cars 24 hours a day, at an average speed of 40 miles an hour, for six days a week over a period of five months. The 100,000 miles which each car was driven is equivalent to ten years of average driving. The cars used Atlantic White Flash Gasoline, Atlantic Motor Oil and received regular Atlantic lubrication. At the end of test the wear on the cars was practically negligible.

Average maximum cylinder wear was seven ten-thousandths of an inch—half—and in some instances was too small to measure. The cars required no repair to any lubricated motor part during the entire 100,000 miles. No carbon had to be removed from cylinders; piston rings were within original manufacturing tolerances; compression was a little better than when the cars were new; and acceleration was within half a second of new car performance.

SEES TROUBLE AHEAD

With the building programs and planning for the future our neighboring school districts, with the aid of our representatives at Harrisburg, are carrying on, one naturally wonders what will happen to our schools and especially to our local Miles Township High school. The question will solve itself before long and one of these days the citizens of Miles township will awaken to find their high school gone.

The pupils of Miles township are not only poorly housed, but have the poorest heating and ventilating system of any pupils in Centre county.

REBERSBURG CITIZEN.

IT'S A FACT

Mrs. F. P. Geary, Superintendent, Centre County Hospital, Bellefonte, Centre County, Pa.

Without hospital accident wards, the plight of Pennsylvania's motorists, and thousands of out-of-state motorists, would be tragic indeed. These modern dispensaries are a great humanitarian institution.

Never closed, they perform an invaluable service to the public. Their value to every citizen of the State is emphasized over holiday periods such as the Labor Day weekend.

Then thousands of injured motorists are treated immediately after accidents in these merciful, efficient hospital departments, where the service performed is available, either free or at very small cost.

That hundreds of lives were saved last week in hospital accident wards probably will not be disputed by anyone. Prompt treatment of the injured doubtless will prevent many deaths or permanent injuries.

Hospitals are the best form of insurance a motorist can have. They could save millions of dollars if they closed their accident wards at night. But they can never happen so long as there are accidents, with sudden calls and urgent need for the ambulance, the X-ray and laboratory staff to come on the run.

All this is a far cry from early hospital history. It is true that death and injury did not stalk the highways then, but it is also true that hospitals have more than kept pace with progress in transportation.

Cakes

When removing the cake from the oven, if the bottom of the cake tin is chilled quickly by placing it for a few minutes on a folded cloth saturated with cold water, the cake will turn out without sticking to the tin. Of course, one should pass a knife around the edges of the cake as usual.

BETTERS to the Editor

A STALWART SPEAKS HIS MIND

Lock Haven, Pa. Sept. 5th 1938

Editor Centre Democrat, Bellefonte, Pa.

Dear Sir:—I have voted the Democratic ticket for nearly 60 years, and at present I do not take a Democratic organ. The publications I get are the "Pennsylvania Grange News," "The National Grange Monthly" and the "Rural New Yorker." Now these so-called non-political issues are continually lambasting the present Administration. Whenever resolutions have been passed by a Grange, or a farm organization, which casts reflection on the Roosevelt administration, or an article is written, or an address made by an anti-New Dealer, these papers give it in bold headlines, and of course back it up with the same fear-inspiring bull-hoo that we see daily in our most ultra Republican periodicals, whose chief aim now is to annihilate Roosevelt and if possible, crucify our excellent Governor.

I know I am an old timer near 79, and perhaps somewhat sensitive, yet I like fair play. I do not believe that there is a man in hell today for being a Democrat, but in my long experience of years, I am impressed with the thought that an enormous number of self-righteous Pharisaical Republicans, who firmly believe that they had the Divine Right to rule, ever and all the time, have had their wings severely clipped, on their way to the Glory Land; for the records of 1932, 1934 and 1936 would indicate, that they have been wandering in the Wilderness of despair and dissolution, and the Lord of Hosts was on our side.

Now I am enclosing a member of the "Long Green" and will ask you to send to my address for it next the next six months. The Centre Democrat. The Democrats have a great leader and we have no apologies to offer, nor alibis to prove. Let us stand by our guns! Let the band play! I humbly remain in the loyal faith of our Fathers.

G. H. H.
