Falls 6 Stories; Lives Michael Babyak, 14-months-old, fell from the sixth story window of his parent's apartment in New York to the concrete courtyard below and sustained only abrasions of the scalp and the right wrist. He owes his life to a net work of clotheslines that were strung across the area way through which he fell. He bounded off every one of the lines, the last of which was only a few feet from the ground. It is pleasant enough to spend money, especially if it comes from somebody else. The price of peace in 1938 was Czechoslovakia; what it will be in 1939 nobody knows.

MILESBURG

I have heard man compared to trees. The comparison is perfect but for one thing. In the Autumn of our life our hair turns gray, just as the leaves of the trees turn. But in the spring time the trees regain their youthful appearance, while we do not. Every town has their bully who tries to lick every one he meets, especially the smaller guy. But when he meets the right one, like the egg and the coffee that settles him. 'Tis easy to make a promise and just as easy to break it. Visitors Sunday at the home of Mrs. Besse Alexander and Mrs. Amanda Ward were Mrs. C. F. Tate, Mrs. Eva Dawson and granddaughter, Marie Chandler and Mrs. Blanche Poorman, of Bellefonte. A chicken dinner with all the trimmings was served to which all did justice. Sunday evening Mrs. Sarah Sand and daughter Beulah called at the Alexander home. Mr. and Mrs. R. L. McDowell and family visited with the former's mother at Woodland Sunday. She having been ill for some time with a heart condition. Among our mighty hunters on Monday was Dallas Alexander and Malcolm Hall, Mr. and Mrs. Roy Bryan, and Mr. Clay Hall of Osceola. The Misses Jennie and Annie Adams returned during the past week from a pleasant visit at Watsonskey.

Bauer returned home Saturday from Williamsport where she spent several weeks in the hospital having undergone an operation. Jodan and the Crumleys, of Millburg, motored to Indiana last week. They expect to return some time this week. Mrs. Helene Margarek gave a Halloween party to the children of her near neighborhood last week one evening. Madelon Noll and cousin Tommy Gruber, of New Jersey visited from Friday night until Sunday with the former's parents, Mr. and Mrs. Gilbert Noll while Mrs. Pauline Gruber and mother-in-law, who accompanied them spent the time with the former's mother in Bellefonte. Mrs. George Margarek Sr. was a guest of Mrs. Ailsa at her home at State College one day recently and during that time they called upon Dr. Puppa who owns a wonderful collection of books, many of them being quite old and unique. As Mrs. Margarek's hobby is books, it was an especially enjoyable call for her. Mrs. and Mrs. Woodrow Beery of Pleasant Gap and friends of Green Lane visited the Derr over the weekend. The Clyde and Roy Adams, the William Tuckers and Mr. Derr and guests were among those from our town who attended the State-Syracuse football game at State College Saturday. The Woman's Club held its regular meeting Tuesday evening in the school house. During the business session a number of things were brought up and discussed among them being X-mas plans which are as yet undecided, a number of the members contributed toward the purchasing of fifty plates to be given to the club and they passed a resolution asking the Commissioners to give aid to the County Library in Bellefonte. The entertainment feature was a talk on and moving pictures of the ill fated "Last Raft". Mr. Tomkin of Tyrone who sponsored the trip last March and Prof. Edwards who helped take the pictures, and Prof. Durk who furnished the projector were in charge. These pictures beside telling their own story of life on a raft show how lumber was taken to market in former days, and the great advance that has been made in the line of industry. It was very interesting to watch from the scenic point too as many of the scenes were beautiful. We did not realize just how rough our old Susquehanna was in normal times. It may be of interest to note that more power is generated between Harrisburg and Tidewater than at Niagara Falls. The kindness of this gentleman was much appreciated by the club ladies as well as the guests who were present. One of our most aged citizens Mr. Jerry Gill who is nearing the age of eighty-six walked from his home to the Post Office and Melroy's Tuesday afternoon and when congratulated upon his fine condition after reaching his destination he informed us he had taken a large tree trunk out of the ground before he started on his pleasure jaunt. He is to be congratulated upon his health and strength which we hope he may enjoy for many years yet. The aged father of Ray Melroy, a former pastor of this place, but who has lived in White Haven for a number of years, is still critically ill and little hope is held for his recovery. Mrs. Melroy is also in very poor health. We are glad to note that last week Mr. Richard Westwell received recognition of five years of loyal and faithful service as a Radio operator at our local airport by being promoted to Senior Radio operator with an increase of salary to accompany the honor and working hours day time only. We wish for much success and pleasure in his new position. Hunters who were successful in bringing home game the first day of the season included the following: George Hill, 4 rabbits, 2 squirrels, 1 ringneck; Clark Hill, 4 rabbits, 2 squirrels; Fred Rouse, 4 rabbits; Don Hazel, rabbits; Hunter Myers, 4 rabbits; and Don Myers, 1 ringneck.

DON GINGERY

To Men and Women Over 60

(This statement is published at the request of hundreds of Members of the Townsend Clubs in the 23rd Congressional District who realize that they must look to President Roosevelt and his supporters of progressive social and humane legislation to secure enactment of an adequate old age pension.)

You are asked to look at Don Gingery's record on Old Age Pensions, and to consider PERFORMANCE versus PROMISES. You will find that Don Gingery's public record discloses: That he has consistently worked for a pension of from \$50 to \$70 a month for every man and woman reaching 60—based upon right, payable in U. S. currency—rather than script—payable each and every month, in a DEFINITE amount. That he has kept every promise made in 1934 and again in 1936, to support the President and the Democratic platform. That he was one of the first to sign the petition to bring the Townsend bill (HR1199) out of Committee for open debate and consideration in Congress. That because of his convictions that the Townsend Plan was entitled to a fair hearing, he was appointed a Member of the Steering Committee to secure sufficient signers to bring the bill (HR1199) out of Committee. That he voted AGAINST the appropriation of \$50,000 to investigate Dr. Townsend. You are asked to consider the fact that his opponent promises to do, if elected, ONLY WHAT DON GINGERY HAS ALREADY DONE; he promises to "sign the petition to bring the Townsend bill before Congress for consideration." He promises that—NOTHING MORE. You will find that Don Gingery's public record shows that he has worked for all labor, social and humane legislation, that he has consistently kept his promise to follow the lead of President Roosevelt in his program to provide security for ALL of the American people. YOU ARE ASKED TO WEIGH DON GINGERY'S PERFORMANCE AGAINST HIS OPPONENT'S PROMISES — AND REGISTER YOUR DECISION ON NOVEMBER 8th.
