INTERNATIONAL CHAMPION

The ideal market hog, as selected by the judges at the recent "International Live Stock Exposition," was this pure-bred Berkshire exhibited by the Pennsylvania State College. He sold to Swift & Co. for 65 cents per pound.

At the world's greatest fat stock show, Chicago's "International," the Berkshire breed again reigned supreme according to word recently received by W. P. Ribbel, Spring Mills, Berkshire breeder.

In addition to winning the Grand Champion individual barrow over all breeds, ages and weights on the above 300 pound specimen, the Pennsylvania State College also exhibited two of the three weight division championships with their Berks. In the Sweepstakes Ten Carcass class, the College again won with Berks. In the Carload show, the grand champion award went to South Side Stock Farm, Rockbridge, Illinois on their load of 10 carcasses, sired by a Berkshire.

In this carload show, 7 out of the 9 prize winning loads were either pure-bred Berk, grade Berk, or crosses sired by a Berk. Critics agreed that it was one of the finest showings of high class market hogs which has been seen at this great show. These winnings culminate a year which has seen the Berkshire breed dominate the market hog shows throughout the country, including the National Grand Champion pen of three barrows, and the Michigan Grand Champion, Grade Berk, won all championships at Iowa State Fair, while crosses sired by a Berkshire won champion pen at Wisconsin, champion truckload at Ohio, and both firsts and champion ton litter in Indiana.

Mr. Ribbel points out that these winnings justify the tremendous swing to the Berkshire breed in recent years, which saw five times as many Berkshires recorded in 1938 as were placed on record in 1934, just four years ago. He says that farmers everywhere are beginning to appreciate the added profit which comes from producing the type of hog which will top the market, and that these winnings are proof that the Berkshire will do the job.

John S. Walker Named Auditor

(Continued from page one) Councilman, without recompense, he should be given first consideration.

With a total tax duplicate of \$25,748.93, and with only \$17,276.79 turned in by Tax Collector O. A. Klime to date, Council found itself faced with a shortage of funds to meet current expenses. Payment of a bill for \$860 due the Centre Oil & Gas Company, and for one for \$150 due Burgess Hardman P. Harris was postponed until such time as the Tax Collector has replenished the borough treasury. Similarly, a \$300 appropriation made early last year for the Machine Gun Troop, Bellefonte, and which has not been paid to date, was withheld pending the receipt of taxes.

Council approved a recommendation by the Water Committee for the purchase of a table, a filing cabinet and a typewriter shelf, at a total cost of \$75.25 for use in the Water department building at the Big Spring. Added facilities are needed, it was reported, because of increasing clerical work resulting from the operation of the proposed sewage disposal plant.

Sidney Wellar, representative of a local Union, appeared in Council to ask reconsideration of fines imposed upon four members of the Union by Burgess Harris. The matter was referred to the Fire and Police Committee and the Burgess.

E. J. Teaman, reporting for the Town Improvement Committee, declared that a survey of local electrical dealers revealed that dental offices, electric motors, electric signs and oil burners are the chief sources of radio interference locally.

Council discussed the problem of fast and reckless driving in the Borough, and instructed the secretary to write a letter to the State Motor Police and the Burgess asking them to enforce traffic rules.

Plans for a home to be erected by Clyde Stewart on East Linn street were approved upon recommendation of acting Fire Marshal Philip Sebor.

Upon recommendation of Councilman Cherry, Council authorized the purchase of two hand fire extinguishers for the Logan Fire Company to replace worn out equipment. The new extinguishers will carry foam as the fire fighting liquid, instead of the usual acid liquid. Foamite is effective in fighting gasoline fires, and each of the Logan trucks will be fitted with one of the new extinguishers.

lows: vice president, H. E. Yeger; treasurer, Alexander Morrison; secretary, Charles Schaeffer; 1st assistant chief, Arthur Boob; 2nd assistant chief, Phillip Gross; 3rd assistant chief, Ambrose Smead; 4th assistant chief, Fred Blair; trustee, Herman Hazel; member of board of control, Homer P. Barnes; delegate to State Convention at Erie in October, Phillip Saylor; alternate, William Sayer; delegate to District Convention at Houtsdale in August, Fred Blair, alternate, Fred Love. The election brought only one new face into the Logan administration unit, for all but Fred Blair served in the same posts last year.

Undine officers for the coming year: Mignot and Gillen are: vice president, Harold D. Cowher, who was president last year; treasurer, Russell Bezer; recording secretary, Albert Knisely; 1st assistant chief, Joseph DeLallo; 2nd assistant chief, Charles Saxton; 3rd assistant chief, Edward Kustanbauer; 4th assistant chief, Luther Smith; trustees, John Gillett, James Carpeneto and Frank Sloan; board of control, Ralph Eyer. Delegates to the State and District Conventions are to be chosen later. Retiring members of the board of control are Phillip Mignot, William Lambert and John Widmann.

Spring St.; Helen Klingler, Bellefonte; Mrs. Charles Coble, N. Penn St.

Thousands Get Lists Friday morning when the results of Thursday night's drawing were posted in the windows of the Wolf Furniture Store, many persons began the tedious and cold job of copying the winning numbers. At 10 o'clock a. m. The Centre Democrat began distribution of printed lists, and at the close of business Saturday night more than 2,000 copies had been given to persons calling at this office. Since nearly all the copies were taken out one by one there was almost a steady stream of callers during the two days.

Retail Division officials expressed deep satisfaction that the prizes are so well distributed throughout the Bellefonte trading area. Practically every town and community in a radius of fifteen miles of Bellefonte is represented among the prize winners.

Last night \$391 of the \$600 fund had been claimed and paid out to 56 persons, leaving a balance of \$209 to be distributed among the 50 prize winners who haven't claimed their awards to date. All told there are 106 winning numbers. A Chamber of Commerce officials report that the total amount collected from the sale of tickets to merchants was \$923.75, less refunds of \$22.50, or a net total of \$901.25. Expenses of the \$600 cash fund campaign money, including the prize money, was \$315.00, leaving a profit of \$586.25 for the Retail Division treasury.

Other offenses and the number of persons jailed for them during the year were: forgery, 9; escaping Rockview penitentiary, 8; fraud, 6; bad checks, 6; surety of the peace, 6; violation of game laws, 6; violation of liquor laws, 5; armed robbery, 3; parole violations, selling without license, malicious mischief, vagrancy, assisting prison break and pointing firearms, 2 each; and one each for the following crimes: false pretense, impersonating an officer, begging, violation of school laws, violation of dog laws, ball withdrawn, running away from home, robbery, making false statements on a legal document, arson, fugitive from justice, and escaping from a lock-up.

As the new year started Sheriff Keeler had 30 hold-over prisoners whose sentences had not expired. All in all, the Sheriff will tell you, Centre County's department is getting better, and he offers records to prove it.

"In 1938 we had a total of only 454 prisoners," the Sheriff declared with pride. "The year before that," he added, "the total was 436."

BLOSSOMS FROM BULBS

BRIGHTEN WINTER HOMES

Growing blooms from bulbs is an excellent way to brighten the home during winter months. A. O. Rasmussen, extension specialist in ornamental horticulture at the Pennsylvania State College, said recently.

Narcissus, common daffodil, hyacinth, tulip, and lily of the valley, are the bulbs easiest to grow indoors. To get a succession of blooms throughout the winter until Easter, he suggests starting new bulbs every two weeks.

Daffodils can be grown in the house in pots of soil. Most bulbs require a dark, cool place and from six to 12 weeks to develop good roots. Narcissus can be grown in pots of sand, soil or bulb fibre. Paper-white narcissus will grow in a shallow bowl of pebbles with just enough water to cover the roots. They require from four to six weeks in cool semi-darkness.

According to Rasmussen, the change from the cool, dark place where the bulbs develop roots to the warmer, lighter place where they are to bloom, should be gradual. This practice will encourage better flowering.

Now that Congress has reassembled let's be just and admit that it is a great institution, deserving more praise than it gets.

Veterans Hold Annual Dinner

(Continued from page 1)

Auxiliary, a guest at the banquet during an official visit to the local Auxiliary, spoke interestingly of the work being carried on by the women's unit—particularly in the veterans' hospitals throughout the state. Mrs. Aaron Leitzel, president of the local Auxiliary, was in charge of the women's program. Mrs. Edward Miller, president of the American Legion Auxiliary, was among the speakers.

During the evening music was provided by Mrs. Howard Casper, who sang "My Buddy," and by Father Bernard McGuire who sang, "Mother Machree." Leo Boden, past commander of the V. P. W., opened the program and introduced the toastmaster, and the Rev. Samuel H. Sayre pronounced the invocation.

1,700,000,000 Calls

Last year, the people of Pennsylvania asked us to put through 1,700,000,000 Bell telephone calls!

That was a big order. To fill it required men and women, telephones and trucks, machines and money.

Sixteen thousand men and women! Experienced people with an average of 12 years in telephone work. Led by men and women who have learned and earned their jobs by serving in the ranks, these people have an annual payroll of about \$29,500,000.

Telephones? Yes—1,225,000 of them—all connected with each other and connectable with 34,000,000 other telephones all over the world.

Trucks? About 1,550 motor vehicles. Driven by careful drivers. More than 600 Bell drivers in Pennsylvania have over 100,000 miles of safe driving to their credit.

Machines and money. Almost \$325,000,000 invested in telephone plant in Pennsylvania. Where does the money come from? Nearly three quarters of a million people have invested part of their savings in Bell System securities. Right here in Pennsylvania there are 58,000 people who own stock of the American Telephone and Telegraph Company. And some 12,000 Pennsylvanians own Bell Telephone bonds. Household Scrapbook

Serached Mahogany Before polishing mahogany furniture has been scratched render deeply, fill in the scratches with tincture of iodine. Then apply the wax or polish and the scratches will be practically invisible.

Dandruff Remover

An effective dandruff remover can be made by mixing lard with the yolk of an egg and rubbing well into the scalp. Allow this to stay on overnight, then wash thoroughly in the morning.

Shiny Serge Suit

Try sponging the shiny spots on serge suits with hot vinegar and then ammonia, and you will be surprised at the results.

Stained Stockings

The stains on light-colored stockings, so often made from dark shoes, can be removed by adding a tablespoon of borax to the water in which they are washed. Put the borax into the suds and let the stockings soak for an hour before washing in the usual way. Rinse well.

Beating Eggs

The task of beating eggs will be accomplished in a much shorter time if a pinch of salt is added to them.

Laundring

Do not rub the very dirty towels, collars and neckbands over the washboard by hand. Spread them on the board, lather well, and scrub with a small stiff brush. It will do the work better and save wear on the fingers and the material.

Shoe Laces

If the metal tops of a shoe string come off, dip them in musleige. This will stiffen the ends and make it easy to put them through the eyelets.

Melting Chocolate

Chocolate should not be melted directly over a fire, as it is quite easy to burn. Melt it in the oven or over a pan of hot water.

Cut Flowers

Cut flowers will keep quite a bit longer if the water in which they are placed is salted.

First Phillipsburg Hospital Baby

Mr. and Mrs. John F. White, of Morrisdale, became the parents of the first child to be born at the Phillipsburg State Hospital for the new year. The girl was born one hour and ten minutes after the New Year started. Mrs. White was the former Miss Margaret Greenland, of Hawk Run.
