Largest Works Project in Pennsylvania Nearing Completion

EXPANSION WILL PERMIT DOUBLING ATTENDANCE

Payrolls to Workmen on Site Will Exceed \$1,000,000 at End of Period

The \$5,000,000 Pennsylvania State College expansion program, made possible by the financial assistance of the Public Works Administration, is rapidly nearing completion, it was announced yesterday by C. E. Strausser, engineer in charge of the Public Works Administration, in a report to G. Douglas Andrews, Associate Director of Region No. 1.

This project is the largest in Pennsylvania under the 1937-38 PWA and General State Authority program and has now reached 80 per cent completion. The last of 13 buildings will have the exterior walls finished this week. This project, in addition to 11 large and 2 small buildings, includes several miles of utility tunnels, enlargement of power house, increase in water supply and laying of new water mains. The following new buildings are included in the project: Library, Liberal Arts, Educational, Electrical Engineering, Mineral Industries, Service, Chemistry and Physics, Agricultural Science, Forestry, Agricultural Engineering, Poultry and two pump houses.

The expansion of Pennsylvania State College will permit doubling the student body and results in an educational institution of the highest standard.

This project to date consists of 15 major contracts, was started February 3, 1928, and has had an average employment of workmen at the site of more than 1100 men each week. In addition to the men employed at the site this project has given work to many thousands of workmen in the mines, heavy industry, railroads, etc., throughout the state and nation. Payrolls to the men at the site have exceeded \$750,000.00 to date and will exceed \$1,000,000.00 before the project is completed.

Seven buildings are now ready for interior finish and will be ready to turn over to the College in about 45 days. The balance of the buildings will be ready for turning over before the contract completion date of June 30, 1929.

The completion of this project will result in an educational institution which represents an investment of over \$15,000,000 exclusive of operating costs, State owned, and an institution in which each citizen of the Commonwealth can take considerable pride.

PWA engineer Strausser expressed his appreciation to the College, Municipal Authorities, General State Authority Personnel, Architects, State and Federal Employment Offices, the various labor organizations and contractors and workmen for their excellent co-operation in every respect, to place so many men at work at short notice and in the quality of work being done.

The architects are Hunter & Caldwell, of Altoona.

The 15 principal contractors are: Fieldland, Inc. general on tunnels; William M. Clark Co. piping; Elliott & Co. turbo generators; Brandon-Reed Co. water supply; Herre Bros. power lines; McCloskey & Co. general on buildings; Daniel J. Keating Co. heating; Herre Bros. plumbing; H. B. Frazer, electrical; Dravo Corporation, power plant equipment; Bresnan & Farnwood, Cero Steel Products Corp., Hamilton Mfg. Co., and Oliver C. Steel Mfg. Co., equipment contractors.

During the past 3 three years, Public Works Administration Engineer, C. E. Strausser, has had charge of the following projects for the government—representing in excess of \$10,000,000.00 in construction: Pennsylvania State College, 13 buildings and utilities; cell block at Pennsylvania Industrial School at Huntingdon; cell block at Rockview Penitentiary; three schools at Lewisport; high school at Yeagerstown; high school at Burnham; high school at Hollidaysburg; school at Howard; gymnasium at Spring Mills; school at Blair and Millifield.

New Arena To Seat Over 7,000

Amphitheatre at Farm Show Will Be Available Jan. 20

Pennsylvania's new farm show arena will be available for this year's stock and agricultural exhibition during the week of January 16, according to a statement issued in Harrisburg.

A fundamental feature of this massive amphitheatre is its roof of poured gypsum. The expanse is greater than any similar construction attempted before on unsupported arches, and the engineering problems threatened for a time to delay occupancy for this year's farm show. The announcement that the building will be in readiness will please the hundreds of thousands interested in Pennsylvania's annual demonstration.

The outside dimensions of the new farm show arena are 240 ft. by 348 ft. with a wing 48 ft. by 122 ft. It covers a ground area of 91,000 square feet, and will cost more than a million dollars exclusive of administrative and architectural expenses. The central feature is the arena floor which is 120 feet wide and 240 feet long, the ends being circumscribed by sweeping semi-circular arcs with 60 ft. radii. It is enclosed by a 5 ft. wall, at the top of which 19 tiers of seats ascend at an easy backward angle. The permanent seats in these tiers total 7,639 and from them at evenly spaced distances thirty-six vomitories lead to the first concourse level, and thence by eight stairways and six ramps to the street level exits.

Logan Grange Hold Meeting

Oyster Supper and Joint Installation Held on Friday Evening

An oyster supper served by Logan Grange at their hall in Pleasant Gap was enjoyed by 150 patrons on Friday evening, January 6th.

Following the supper an open meeting was held at which time Pearl Biddle installed Geraldine Rhodes as Juvenile Matron, and the following Juvenile officers for 1929: Master, Junior McDonnell; Overseer, Lois Moyer; Lecturer, Eleanor Brooks; Steward, Linn Cori; Asst. Steward, William Samsel; Chaplain, Mary Miller; Treasurer, Phyllis Jodan; Secretary, Phil Jodan; Gatekeeper, Eddie Summers; Ceres, Grace Brooks; Pomona, Mary Krape; Flora, Pauline Wilmer; Lady Asst., Pauline Biddle; Matron, Mrs. Robert Rhodes.

Next in order was the installation of subordinate officers for 1929, performed by Pomona Deputy Cecil Irvin and staff, of Washington Grange, as follows: Master, L. E. Biddle; Overseer, Clarence Grove; Lecturer, Joseph Owens; Chaplain, Mary Benson; Steward, Boyd Cori; Asst. Steward, Howard Cori; Treasurer, William Benford; Secretary, Carrie Owens; Gatekeeper, George Jodan; Ceres, Lizzie Grove; Flora, Beatrice Jodan; Lady Asst. Steward, Dorothy Brooks; Ex. Comms., Forest Benford and Robert Rhodes; Financial Comms., Andrew Rockey; Past, Lannie Jodan; Per. Agent, Myrl Weaver; Fire Ins. Agent, A. C. Grove.

Interesting talks were given by Cecil Irvin and Alice Cori, of Washington Grange; Mr. and Mrs. Glenn Wasson, of Victor Grange, and L. E. Biddle, Malcolm Muser, Joseph Owens and Clarence Grove, of Logan Grange.

The newlyweds, Mr. and Mrs. Harold Conder, were congratulated by all present.

Secrets of the Jungle.
Brian O'Brien, renowned explorer, tells of weird mysteries, savage sorcery and terrifying tragedies in the wilds of Africa. Don't miss the January 22nd installment of this story in The American Weekly, the magazine distributed with the Baltimore Sunday American. On sale at all newsstands.

town; municipal building at Lewisport; school at Eratton township; armory at Lewisport and Huntingdon; State Highway garages at Lewisport and Bellefonte; sewage disposal plant at Williamsburg and at Bellefonte; County Home at Williamsburg and at Bellefonte; a school at Boalsburg, and other projects not listed.

When questioned about his plans, Congressman VanZandt explained that the need for such a hospital in central Pennsylvania is clearly indicated when one considers that the combined beds of the two present general institutions also only take care of 1,045 veterans at one time.

"In the entire state there are 390,000 World War and Spanish-American war veterans who may at any time need brief but careful hospitalization as a result of their service for their country. With the large waiting lists at both present hospitals already there can be no doubt of the need for such an institution," he said.

Mr. VanZandt, in speaking of the two veterans' hospitals in the state, was referring to the general medical institution for the treatment of transient cases. The veterans' hospital at Coatesville would no longer come under this classification, being used largely for the treatment of permanent disability cases.

Congressman VanZandt also introduced a resolution in Congress to amend the railway retirement act to make retirement at 65 years of age compulsory and optional at 60 upon completion of 30 years of service.

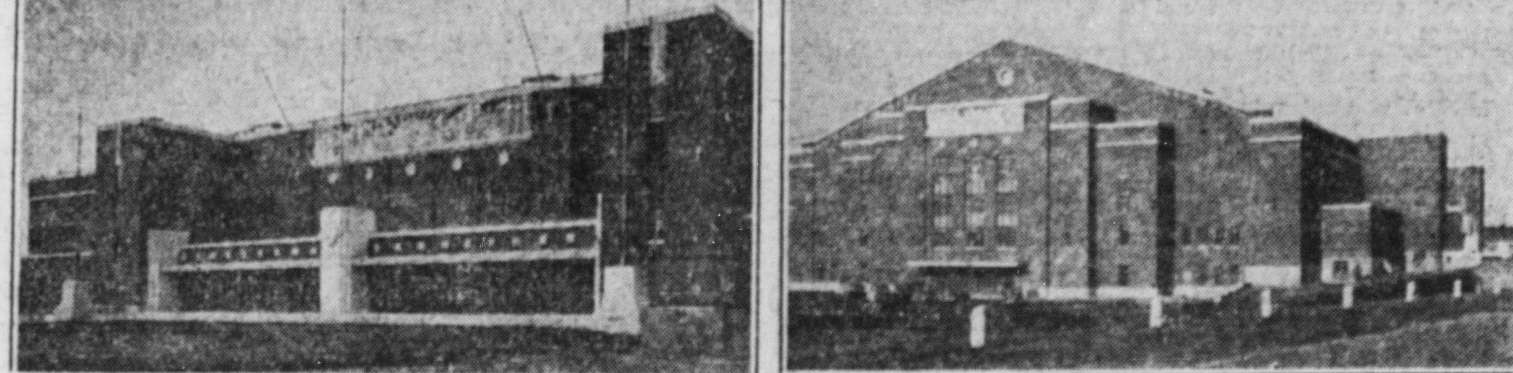

Another bill he introduced would grant retirement credit for the full period of enlistment to all men who left work to serve during the World War.

Van Zandt Asks Vets' Hospital

New Congressman Also Proposes Changes in R. R. Retirement

Acting on the movement started last year for the erection of a veterans' hospital either in Centre, Clearfield or Blair counties, James E. VanZandt, newly elected congressman, on Monday introduced a bill in Congress providing for the construction of the hospital. An appropriation of \$2,500,000 will be necessary for the construction of the new institution.

Congressman VanZandt explained that there are more than 100,000 veterans of the World and Spanish-American Wars living in central Pennsylvania, and that it is necessary at present for them to use either the hospital at Aspinwall, near Pittsburgh, or the Philadelphia naval hospital.

"Considering that Aspinwall has only 505 beds and the Philadelphia naval hospital only 540 beds, and that all are filled at present with long waiting lists, the need for another hospital in this section of the State is certainly not far-fetched," Congressman VanZandt said. His bill calls for a 500-bed hospital.

The 23rd representative pointed out as advantages of his constituent counties the high altitude, the fine climate, and the accessibility by railroad and highway from all parts of the state.

The bill is expected to be referred to the World War veterans' committee in Congress. Should it be passed, the task of selecting a site will be left to the veterans' administration.

When questioned about his plans, Congressman VanZandt explained that the need for such a hospital in central Pennsylvania is clearly indicated when one considers that the combined beds of the two present general institutions also only take care of 1,045 veterans at one time.

"In the entire state there are 390,000 World War and Spanish-American war veterans who may at any time need brief but careful hospitalization as a result of their service for their country. With the large waiting lists at both present hospitals already there can be no doubt of the need for such an institution," he said.

Mr. VanZandt, in speaking of the two veterans' hospitals in the state, was referring to the general medical institution for the treatment of transient cases. The veterans' hospital at Coatesville would no longer come under this classification, being used largely for the treatment of permanent disability cases.

Congressman VanZandt also introduced a resolution in Congress to amend the railway retirement act to make retirement at 65 years of age compulsory and optional at 60 upon completion of 30 years of service.

Passion Play Film To Be Shown Here

Famous Religious Drama Will Be Shown in Bellefonte Methodist Church

An unusual opportunity to see the new and beautiful motion picture film of the "Life of Christ" and the "Passion Play" will be given on Sunday evening at 7:30 in the Bellefonte Methodist church, at which time the famous religious drama will be shown. The play depicts the story of Jesus, from the Nativity to the Ascension, which is based upon and patterned after the world-famous Freiburg and Oberammergau "Passion Plays" of Europe, the Holy Land, and Egypt, at a tremendous cost. It is being brought here by the National Bureau for Religious and Educational Films, and is being shown as part of the pastor's program to present the Gospel in Art and Drama during the coming season.

A complete and very appropriate musical score will be played throughout the entire film, on special sound equipment, reproducing some of the world's choicest orchestral, organ and choral music by famous composers, blending in with the magnificent scenes which portray in authentic and historic fashions the life, crucifixion and ascension of Jesus. This film has been exhibited in more than one thousand leading churches in the United States and Canada, having been seen by more than one million people. It is highly recommended by the leading clergymen of the country.

This will be a real service of worship. A very spiritual and reverent atmosphere is produced and maintained throughout the entire program, and leaves the audience in a meditative, prayerful, and heart-searching mood, provoking thought concerning the reality of the Christian principles in their daily lives.

The people of Bellefonte and vicinity are cordially invited to attend. No tickets are required for admission. Children should be accompanied by adults. A free-will offering will be taken to defray the expenses.

PLEASANT GAP SPORTSMEN'S TO FORM JUNIOR CLUB

At the regular meeting, January 2nd, of the Pleasant Gap Sportsmen's Club plans were adopted for a Junior Sportsmen's Club for boys between the ages of 10 and 14 years. They also decided on a trip to Green's Valley, which was made last Saturday afternoon for the purpose of building game feeders and shelters.

All boys within the age limit were invited to take part in the trip and about 50 showed their interest in sports of this type by attending.

The club has planned another trip to the woods for this coming Saturday and all boys residing in Pleasant Gap and vicinity are urged to take part. The place of meeting will be at Melroy's Shoppe.

Every time a creditor hears that debtor has gotten hold of a few dollars he wonders why he doesn't get his money.

Rotary Hosts To Football Squad

Leo Houck, Penn State Coach, Speaks on Need of Fair Play in Athletics

Members of the Bellefonte High school 1933 varsity football squad, their coach, managers, cheerleaders and drum majors of the school band were guests of the Bellefonte Rotary Club at a dinner Monday night at the Brockerhoff Hotel.

The invocation was offered by the Rev. William C. Thompson, Group singing throughout the evening was led by Cecil A. Walker, with Mrs. Earl K. Stock as the piano accompanist.

Former Judge E. Ward Fleming, president of the club, welcomed the guests and reminded the football players that even though they did not win many games during the past season, they were still victorious in the field of sportsmanship.

Henry A. Brockerhoff, chairman of the program committee, was introduced after emphasizing the value of football in developing character and sportsmanship presented the speakers. R. J. Kenard, president of the State College Rotary Club spoke briefly. Dr. LeRoy Locke and Rev. Thompson, introduced as former college football players, spoke briefly in comparing football of their day with the present-day game.

Leo Houck, boxing coach at Penn State for 17 years, also stressed the importance of sportsmanship in all branches of athletics. Mr. Houck, who in addition to his boxing work coaches the freshman baseball team, cited number of instances where the spirit of fair play was exhibited by members of Penn State boxing teams. He too, recalled the old days of football, when only meagre equipment was available.

Curtis White, of Axemann, has been farming many years and has seen many fresh eggs, but one he found in a nest last week shows indications of being the result of a hen's New Year's resolution.

The egg weighed 8 ounces, or three times more than the average double-yolk egg. Upon opening the perfectly-formed specimen, he found a white and a yolk, together with another complete egg of average size. The egg measured 6 1/2 inches around its smaller diameter and its greatest circumference was 8 1/2 inches.

White attributes the freak to chicanery in the chicken coop.

LOGAN DRAMA CLUB HOLDS MONTHLY MEETING

The Logan Drama Club held its regular monthly meeting Monday, January 9th, in the Pleasant Gap Grange Hall. Mrs. Ward Krape, president of the club, presided. Thirty-nine persons were present, all of whom received a useful gift.

The evening was passed in dancing and playing bingo for small prizes. Choice refreshments, consisting of ice cream, sponge cake, pretzel sticks and coffee, were served by the Krape family.

No monthly play was presented at this meeting as it was found impossible to practice over the holidays. This part of the program will be resumed at the next regular meeting when a play entitled "The Light at the Crossroads" will be given, under the direction of Mrs. Linnie Jodan.

Youth Accused Of Taking Car

Arrested After Automobile is Damaged to the Extent of \$100

Raymond Albright, 20, of Osceola Mills, is being held on charges of operating an automobile without the owner's consent and damaging it to the extent of \$100 in an accident Saturday night at Chester Hill.

State police report that Albright took a machine owned by Andy Litva, Jr., of Morrisdale, as it was parked in front of a grill. The car was wrecked to the extent of \$100 when the driver lost control, the car smashing into a telephone pole and then rolling over. No one was injured. The accident occurred on the Osceola-Philipsburg road near Laura street.

Three cars were involved in another accident in that territory, motor police reported. The accident happened in Morrisdale at 8 o'clock Saturday night and involved cars driven by Steve Secora, 29, Grassfield; Joe Hziadash, 26, Morrisdale, and Harry L. Watts, 28, of Munster.

Secora was traveling west on route 33 when his car and a machine driven by Hziadash, who was traveling in the opposite direction, side-swiped. Waita who was traveling behind Secora crashed into the rear of Secora's vehicle.

Damage to Secora's car was estimated at \$30; to Hziadash car at \$50, while Waita's machine was damaged to the extent of \$10.

NEW YEAR EGG SETS RECORD FOR SIZE

The egg weighed 8 ounces, or three times more than the average double-yolk egg. Upon opening the perfectly-formed specimen, he found a white and a yolk, together with another complete egg of average size. The egg measured 6 1/2 inches around its smaller diameter and its greatest circumference was 8 1/2 inches.

THREE MEMBERS OF FAMILY FETED ON ANNIVERSARIES

Close relatives of Mrs. Clayton Korman, Mrs. Clay Johnstonbaugh and Miss Margaret Korman gathered at the Clayton Korman home near Bellefonte Sunday for a birthday dinner in honor of the three birthdays.

Those present were: Mr. and Mrs. Clayton Korman and children, Savilla, Margaret and Ralph, of near Bellefonte; Forrest Young, of Red Bank; Mr. and Mrs. Clay Johnstonbaugh and children, Gladys, Grace, Betty and Marceline, of near Fillmore; Mr. and Mrs. Charles Walters, of near Jacksonville; Mr. and Mrs. O. A. Johnson, Mr. and Mrs. Clarence Johnson and son Dale, all of State College; Mr. and Mrs. Earl Harper and children, Pauline and Dean, and Ada Harper, of near Pine Grove Mills.

The anniversaries will be held at the Clay Johnstonbaugh home, near Fillmore, next year.

Bellefonte A. M. E. Church Seeks To Cancel \$350.00 Indebtedness

The St. Paul's A. M. E. church of Bellefonte, has been able by rigid economy and careful business management during the last quarter of 1928 (October 1 to December 31) to carry on its work effectively within the bounds of its monthly income. The Trustee Board of the church has announced that this policy of operating within the limits of the budget will be strictly adhered to under the present administration.

In addition, the sum of \$79.50 has been paid on outstanding debts within this same period of time. \$62.50 of this amount was provided out of the appropriation of the Community Welfare Federation. The Welfare Federation had made appropriations previously in the sum of \$150.00.

Nevertheless, \$350.00 in outstanding debts remains to be paid. The reason is obviously clear. Extensive repairing of the church building in the spring of 1928, including interior renovation of the parsonage building, was done at a cost of \$562.50. Out of this grand total, \$350.00 remains unpaid.

The Trustee Board has obtained approval of the church to put forth a special effort in raising money to pay as much of the indebtedness as possible. William Thompson, of 102 E. Lamb St., a leader in the upholstery business in our community, has been unanimously chosen as chairman of the Debt Clearance Committee. The other members of this committee are as follows: Ar-

thur R. Foreman, who is also engaged in the upholstery business in the community; George S. Mosley, Harvey A. Stewart, Br. Thomas Trammel, Simon B. Foreman, Harry old Pendleton, Mrs. Clara Fowler, Mrs. Carrie M. Thomas, Mrs. Mary W. Green; and Archie E. Brown, Edgar J. Clark, W. L. Robinson, the last three residents of State College.

Mr. Thompson, who is chairman of the St. Paul's church Debt Clearance Committee, has announced plans for a big bazaar to be held for three days during the first week of February. This bazaar will be conducted in the form of a "Village Store" in the best location that it is possible to obtain near the center of the business district.

Gifts of every description will be on sale at the A. M. E. church "Village Store." These will include furniture of all kinds (both new and old), including antiques; also household utensils, dry goods, groceries, fruits, vegetables and bakery goods.

Everyone will want to help to make this special debt clearance effort a big success by making at least one useful gift to the A. M. E. church Village Store Committee. Please call William Thompson, 102 East Lamb street, phone 362-M; Arthur R. Foreman, 23 St. Paul's street, phone 409-M, or Mrs. Carrie M. Thomas, 4 Penn street, phone 191-F, and someone from the church will be glad to call for your gift.

Two Men Hurt In Slide From Hay Truck

Claude Sutton and William Schwab, both of Williamsport, were on their way to the French Settlement, Nippesee Valley, Monday morning to deliver a load of hay and help with work on a farm. The road they traveled was very narrow and was filled with ruts as a result of recent storms. The load slid off the trucks, and as the men had nothing to grasp by which to hold on, they went with it over the embankment. Sutton landed head-first

on a rock and his scalp was badly lacerated. Schwab escaped with a knee injury. The embankment over which the men were thrown is said to be 30 feet deep.
