Announce Date 1939 Crop Loans

Service Available to Farmers Whose Requirements Are Limited

Applications for emergency crop and feed loans for 1939 will be received at Bellefonte on Tuesday, March 21, at 9 a. m., at the Post Office building, County Agent's office, by Louis E. Schucker, Field Supervisor of the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

The loans will be made, as in the past, only to farmers whose cash requirements are small and who cannot obtain credit from any other source. The money loaned will be limited to the farmer's immediate and actual cash needs for growing his 1939 crops or for the purchase of feed for livestock.

Farmers who can obtain the funds they need from an individual, production credit association, bank, or other concern are not eligible for crop and feed loans from the Emergency Crop and Feed Loan Section of the Farm Credit Administration.

The loans will not be made to standard rehabilitation clients whose current needs are provided for by the Farm Security Administration, formerly known as the Resettlement Administration.

As in the past, farmers who obtain emergency crop and feed loans will give as security a first lien on the crop financed, or a first lien on the livestock to be fed if the money borrowed is to be used to produce or purchase feed for livestock.

Where loans are made to tenants, the landlords, or farmers having an interest in the crops financed or the livestock to be fed, are required to waive their claims in favor of a lien to the Governor of the Farm Credit Administration until the loan is repaid.

Checks in payment of approved loans will be mailed from the Regional Emergency Crop and Feed Loan Office at Baltimore, Maryland.

This subject is of vital interest to the general public of this area as well as elsewhere, and everyone is urged to attend. Information of an important type can be acquired best from those who have made a study of the problem discussed.

Stock Named To State Committee

Chosen as One of Eight Schoolmen to Evaluate Senior High at Hollidaysburg

In a recent communication from Wilbur R. Lecron, Advisor in Secondary Education for the Commonwealth, E. K. Stock, Supervising Principal of Bellefonte schools, was informed of his selection on a committee of six to eight schoolmen of state-wide reputation which will make an evaluation of the senior high school at Hollidaysburg, April 12 to 15.

Each year the Department of Public Instruction in conjunction with the Cooperative Study of Secondary School Standards, Washington, D. C., evaluates several secondary schools in the state. Hollidaysburg high school is one of the few schools to be evaluated during the academic year 1938-39.

Dr. Lecron's letter read, in part, as follows: "This committee will consist of six to eight schoolmen who are growing reputations in education and who are interested in having this type of evaluation used throughout the schools of Pennsylvania."

The fact that Professor Stock has been selected as a member of this very important committee is evidence of his growing reputation as a prominent educator in the central part of the state.

The evaluative criteria which this committee uses as a basis for its study is issued from the office of the Cooperative Study of Secondary School Standards, Washington, D. C.

Legionnaires Have Sheriff in Dog-House

(Continued from page one)

ing and on arriving in Bellefonte they notified the Sheriff, Turnkey Merrill Showers and the Sheriff's son, Jay, drove out to the site, which is a short distance below the Fish Hatchery, but all they could find on the siding was "Mickey's" hat.

They returned to Bellefonte (it was around 10 o'clock by this time) and Legion members heard about the missing man. The war veteran organized a searching party, and armed with flashlights, began a thorough search of the stream banks, from the Central Pennsylvania Gas Plant to the Fish Hatchery. A keen March wind defied the warmest of clothing, and the searchers were soon chilled to the bone but they kept at their task until 'way past midnight.

Meanwhile Turnkey Showers, Sheriff Keeler and two of his sons had gone back to the site, and upon nearing the road leading to the "Mickey" hatless, walking out to the road. They got him in the car, and came to Bellefonte where he was taken to his home to recover from his outing.

Then, it seems, the Sheriff's office dropped the whole matter. The lost was found. Maybe they didn't know the Legionnaires had organized a searching party, but at any rate, the searchers didn't discover they'd been on a wild goose chase until the small hours of the morning when they returned for food and a brief rest.

That's why "Mickey" nor the Sheriff are in very good graces with some Legionnaires.
