## SCOUT DIRECTOR SPEAKS AT ROTARY MEETING

The Girl Scout movement is a bridge leading youth from the dependence of childhood to the independence of adult life," declared Mrs. Robert Sibley of Washington, D. C., itinerant Girl Scout director for region No. 3. In addressing members of the Bellefonte Rotary Club Monday noon.

Mrs. Sibley was introduced by Bellefonte's Girl Scout Commissioner, Mrs. Jean Walker, who stated that in five years Girl Scouting has grown here from one troop to eight troops and three Brownie packs, numbering 200 Scouts. Mrs. Walker added that the Girl Scouts may lose their present meeting rooms in the Bush Arcade in the near future. She asks anyone knowing of a place in which the troops might meet to get in touch with her or Mrs. M. Ward Fleming.

Mrs. Sibley reviewed the growth of the Girl Scout movement from the day it was started by Daisy Gordon Lowe, March 12, 1912. Girl Scouting, she said, aims to make girls healthy, teach them a knowledge of home preparation, first-aid, cooking, and to be fair and square in their relations with others. Girl Scouting supplies the basic needs of youth which are friends of their own age, older companionship outside of family, adventure, recognition, ideals to aim at, opportunity for service and self-expression, satisfactory relations with

boys and vocational training. Scouting is planned for the average girl and supplements the things she learns in church, school and home.

## Fire School Is Voted By Logans

Fred Love Named Drill Master of Marching Unit; Buy Chairs for Reading Room

The first step in the establishment of a school to train Logan Fire Company members in modern fire-fighting practices was taken at a regular meeting Tuesday night, when the company unanimously voted in favor of such a school. The Logan Chief and his assistants were placed in charge of the school, and the purpose of classes will be to familiarize every member of the company with the equipment and with its use, together with procedures in connecting pumps and hose lines. The motion calling for the founding of the school was made by Arthur Boob. The meeting was conducted by Earl Custer, president of the company.

Purchase of four new chairs for the reading room at a total cost of \$62.92 was authorized by the more than 50 members present. The new chairs will be of modern, stainless steel construction, of a type recommended by Herman Hazel and Herbert Auman who comprise a committee named to obtain prices on chairs.

Fred Love was chosen as drill master of the Logans' marching unit, taking the post made vacant several months ago by the death of John Smith. He will be assisted by Arthur Boob as first lieutenant and Philip Saylor as 2nd lieutenant.

Alexander Morrison, treasurer of the company, read a financial report, while Charles Schaeffer, secretary, read a letter from the Firemen's Relief Association assuring the company that payment of an arrearage will be made before September 1.

## Townsend Meeting

A Townsend meeting will be held in the Court House, Friday, March 24 at 7:30 p. m. Everyone is welcome.

We can't help but suspect that the unemployment problem would be more than half-solved if the farm problem was disposed of.

## YOUTH IN HOSPITAL AFTER ACCIDENT ON HIGHWAY

Donald Warwick, 15, Coalport, suffered a concussion of the brain and facial lacerations Monday afternoon ten yards north of Coalport when he was struck by a car operated by Thomas Groom, 25, Coalport.

He was rushed to the Phillipsburg State Hospital for treatment where his condition is reported to be much improved.

Warwick was walking along the left hand side of the highway with several friends when the car approached from the opposite direction. He is said to have stepped into the side of the car as it passed the spot where the boys were walking. He was knocked off his feet onto the side of the road by the impact.

## 26 FEET ADDED TO HEIGHT OF FIRE TOWER

The Coffin Rock fire tower, located near State Camp, about ten miles south of Renovo, has just been increased in height by twenty-six feet, making the total height now eighty-six feet. The higher tower affords a much more extensive view, thus adding to the effectiveness of observers in detecting forest fires as well as giving visitors a more interesting panorama.

District Forester Hogsland announces that the Tazewell and Wagon towers will be placed on duty this week and other towers in the Sprout District manned as rapidly as forest and weather conditions warrant.

The public is cordially invited to visit these towers and are assured of a hearty welcome by the towermen.

## Gets Part in Famous Play

Harry Davenport, formerly of Canton, now of Hollywood, will have the part of the doctor in the coming production of "Gone With the Wind." He is remembered by theatergoers of other days for his parts in "Thank You," and "Three Wise Frogs." He makes frequent appearances in pictures.

## Number of Bills Given Assembly

One Would Abolish Indeterminate Sentences in Criminal Cases

A bill to abolish indeterminate court sentences in criminal cases is before the House with the backing of Rep. Frank S. Moser, R-Northumberland.

It would allow a court to suspend a sentence and discharge a prisoner from custody, place the defendant on probation for a definite period of time, or impose fines or other special penalties in addition to the sentence.

It also would grant courts the right to designate the penitentiary, county jail or work house to which a prisoner should be sent, but would not interfere with the right of the Department of Welfare to transfer penal inmates.

Other bills would: Make it a misdemeanor for any person to limit the age of applicants for employment to 45 years or to dismiss or reject employes for the sole reason that they were 45 (J. J. Olanio, Northumberland); Authorize all courts to provide installment methods of paying fines (J. J. Olanio, Northumberland); Reduce from 15 to 14 years the age limit under which certain children engaged in farm work or domestic service may be exempt from compulsory school attendance (Harbeson, Mifflin);

Appropriate \$40,000 from the motor fund for rebuilding of county bridges destroyed by fire or flood (Pike, Snyder); Make it mandatory for counties, municipalities, school and institution districts to install a system for collection of taxes in quarterly installments (Preston, Lawrence); Establish June 1 to May 31 as a uniform fiscal year for counties, other than Philadelphia and Allegheny, and county institution districts, and provide uniform tax auditing and financial reporting (Preston)

## Montandon Loss Station

Montandon this week became a non-agency station on the Pennsylvania Railroad. All agency service will be provided from Lewisburg. Passenger trains will stop at the station, but passengers leaving the train will have to purchase their tickets on the train. Freight will be unloaded, but if the consignee is not on hand, the company will stand no risk for loss or damage, and shippers of freight must take consignments to Lewisburg. The station has been in service for more than 60 years.
